**ROLE OF COLOR DUPLEX SONOGRAPHY IN THE
DIAGNOSIS OF DEEP VENOUS THROMBOSIS OF THE
LOWER LIMBS**

THESIS

*In Partial Fulfillment for The Requirement of (M.Sc)
Degree In Radio- Diagnosis*

By

Yasser Ali Zein El- Abdeen Semaary

M.B.B.Ch.

Cairo University

Supervisors

Prof. Dr. Aadel M. Al-Wakeel

Prof. of Radio diagnosis

Faculty of Medicine

Menofya University

*Prof. Dr. Mohamed
Ramadan El-Kholy*

Ass. Prof. Of Radio diagnosis

Faculty of Medicine

Menofya University

Dr. Hala Hafez

Ass. Prof. of Radio diagnosis

Faculty of Medicine

Menofya University

1999

To My Family

ACKNOWLEDGEMENT

First, and foremost. Thanks are due to God, the most beneficial and merciful.

With the completion of this work, I feel it is my duty to acknowledge the efforts of all my professors and colleagues, without whose assistance, the achievement of this thesis would not have been possible.

I sincerely wish to express my gratitude and deep appreciation to Prof. Dr. Aadel M. Al- Wakeel , professor. of Radiodiagnosis , faculty of medicine , Menofyia university . for his valuable supervision continuous guidance and encouragement.

I also wish to express my gratitude and heartfelt. Thanks to prof. Dr. Mohamed Ramadan El-Kholy, Ass . Professor of Radiodiagnosis , Faculty of Medicine , Menofyia University for his efforts in the supervision of this thesis and for his advice that was much appreciated.

No words can be sufficient to express my extreme appreciation and true feelings of thanks to Ass. Professor . Dr. Hala Hafez, Ass. Professor of Radio

*diagnosis , Faculty of Medicine , Menofyia University
for her most generous attitude, continuous help and
everlasting cooperation and understanding and I shall
always be proud to have worked under her direct
guidance.*

*Last, but not least, my particular thanks are to our
patients on whom this work was done and without their
help it would have never been accomplished.*

The candidate

July 1999
