Contribution of Molecular Cytogenetics in Gene Mapping of Band 22.1 on the Long Arm of Chromosome 16

Thesis

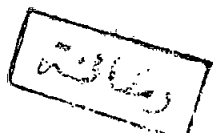

Submitted for partial fulfillment
of Master Degree in Basic Medical Sciences
(Histology)

By

Azza Abd El Moneim Attia
M.B.B.Ch., 1995

67.005

Supervised by:

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

﴿ وَقُلْ رَبِّ زِدْنِي عِلْمًا ﴾

صَلَاةُ اللَّهِ الْعَظِيمِ

[طه : ١١٤]

ACKNOWLEDGMENT

THANKS TO GOD

*I wish to express my deep gratitude and sincere appreciation to **Prof. Dr. Esmat Zaki Geith**, Professor of Histology, Faculty of Medicine, Ain Shams University, for her great support, her keen supervision, her helpful criticism and for scientific encouragement. She was also generous with her time.*

*I am particularly very grateful and appreciative for the keen supervision, guidance and endless help of **Dr. Laurence Taine**, Ph.D. of Cytogenetics, Hospital Centre of Bordeaux University, France. I also thank her for suggesting this subject for me and for helping me in the practical as well as the theoretical parts of this work.*

*I would like to thank **Dr. Michel Longy**, Dr. Of Molecular Genetics and his team, **Françoise Dorion-Bonnet**, scientific doctor, and **Philippe Rocca-Serra**, scientific doctor, Institute of Bergonié, Bordeaux, France, for supplying us with the probes, as well as **Dr. McGrogan Gaetan**, Dr. of Histopathology at the same institute, for supplying us with the slides of cancer breast, and **Dr. Jean Hugue Faufigue**, assistant of Cytogenetics, Hospital Centre of Bordeaux University, for helping me in the practical part of this work.*

*I am also grateful to all my **Professors, Colleagues and Technicians** of the Cytogenetic department, Hospital Centre of Bordeaux University.*

Last and not least, I have a special debt to my family, especially to my mother who helped me and supported me a lot.
