ACKNOWLEDGEMENTS

I express my gratitude and sincere thanks to my supervisor Prof. Dr. Abd El-Fattah Badr Mohammed Badr, professor of Genetics and Head of Botany Department, Faculty of Science, Tanta University, for suggesting the research topic in cooperation with Prof. Dr. W. Martin, and for his continuous encouragement, valuable advice and revision of the manuscript.

I am also grateful to Prof. Dr. William F. Martin, Institut für Genetik, Technische Universität-Braunschweig, Germany for keen supervision of the practical work in his laboratory, financial support, much valuable advice, critical appraisal of the work and revision of the thesis manuscript.

My deep thanks is extended also to Dr. Salwa F. Badr, Botany Department, Faculty of Science, Tanta University, for her interest and encouragement. Also I'd like to thank the staff members, and all my colleagues in Botany Department, Faculty of Science, Tanta University.

My thanks to Prof. Dr. R. Cerff, Dean of the College of Biology and Psychology and Director of Institut für Genetik TU-Braunschweig, for valuable discussions and advice, particularly during the work of enzymatic assays, and to Prof. Dr. C. Schnarrenberger, Institut für Pflanzenphysiologie und mikrobiologie, Freie Universität Berlin for supplying some procedures for the enzymatic assays. Further, my thanks to the secretary of Institut fuer Genetik; I. Mueller and T. Jets and my colleagues in the work group of Prof. Dr. W. Martin, in particular, C. Lindemann for technical help; and J. Pahnke for valuable discussions.

My gratitude and thanks to my wife for helping me during typewriting and preparation of the thesis. Finally, I'd like to express my gratitude to my parents, brothers and sisters for their interest and continuous encouragement during the course of the work.

I am greatly indebted to Tanta University, Faculty of Science and the Mission department, Ministry of higher education for granting me financial support to complete this work both in Egypt and in Germany.

CURRICULUM VITAE

NAME: Abd El-Zaher Mohamed Abasery Mustafa

DATE OF BIRTH: 15 / 10 / 1964

LOCALITY: Tanta, El-Gharbia, Egypt

NATIONALITY: Egyptian

PRIMARY SCHOOL: El-Shaheed Yahia El-Wattan (Tanta, El-Gharbia, Egypt.)

PREPARATORY SCHOOL: El-Akbat (Tanta, El-Gharbia, Egypt.)

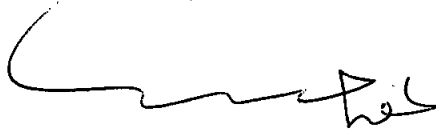

SECONDARY SCHOOL: El-Nasr (Tanta, El-Gharbia, Egypt.)

UNIVERSITY Tanta University, Faculty of Science.

DEGREES: B. Sc. (Botany Department) May-1986
(Excellent with honour)

PROFESSIONAL CAREER:

10/1986- 5/1992	Demonstrator in Botany Department, Faculty of Science, Tanta University
5/1992 until now	Assisstant Lecturer (Plant Physiology and Biochemistry) in Botany Department, Faculty of Science, Tanta University
1/1995-7/1997	Ph. D. student in the field of Molecular Biology in Institut für Genetik-Biozentrum, Technische Universität-Braunschweig, Germany
9-13/9/1996	10 th FESPP Congress, Florence, Italy "From molecular mechanisms to the plant: An integrated approach".
