IMMUNOPATHOGENESIS AND DIAGNOSIS OF CHRONIC HEPATITIS

ESSAY

Submitted for partial fulfillment of
Master Degree in:
CLINICAL PATHOLOGY

Presented by
Amal Ahmed Abbas
M.B., B.Ch

Under supervision of
Prof. Dr. Amany Ibrahim Saleh

*Professor of Clinical Pathology
Faculty of Medicine
Ain Shams University*

ACKNOWLEDGEMENT

*First and foremost, thanks are due to **ALLAH**, to whom I relate any success in achieving any work in my life.*

My words stand short of my supreme gratitude and thanks to **Prof. Dr. Amany Ibrahim Saleh**, Professor of Clinical Pathology, Faculty of Medicine, Ain Shams University, for her continuous supervision, valuable guidance, generous encouragement, help & overall her moral support and kindness that gave me and this work a lift to the scope of light.

Special thanks are due to **Assis. Prof. Dr. Randa Abd El-Wahab Reda**, Assistant Professor of Clinical Pathology, Faculty of Medicine, Ain Shams University, for dedicating so much of her precious time and effort, and for her honest and constant guidance to complete this work, words of thanks are so little for her great help in preparation of this work.

I am also profoundly grateful to **Dr. Hanaa Ahmed Amer**, Lecturer of Clinical Pathology, Faculty of Medicine, Ain Shams University, for her continuous close supervision, support, constant help and her stimulating remarks throughout this study.

Finally, I wish to thank all members of **My Family** for their continuous help, encouragement and support.

Amal A. Abbas

Part	Subject	Page
	List of tables	
	List of figures	
	List of abbreviations	
I	Introduction	1
II	Aim of The Work	3
III	Review of Literature	
	* Classification of chronic hepatitis	4
	* Chronic viral hepatitis	
	- Hepatitis B virus	6
	a) Viral structure and its protein	6
	b) Pathogenesis of chronic hepatitis B	9
	c) Factors leading to HBV persistence	15
	- Hepatitis C virus	25
	a) Structure of the virus	25
	b) Immunopathogenesis of chronic hepatitis C	30
	c) Mechanism of viral persistence	34
	d) Autoimmunity in HCV	36
	- Hepatitis D virus	38
	a) Genomic structure of the virus	39
	b) Immunopathogenesis of chronic hepatitis D	40
	c) Autoimmunity in HDV	43
	- Hepatitis G virus	45
	a) Genomic structure of HGV	45
	b) Immunopathogenesis of HGV	47
	- Other viruses causing chronic hepatitis	49
