#### TO MY GREAT FAMILY

My father and my mother and to MY BELOVED WIFE

THANKS YOU VERY MUCH

•

#### **ACKNOWLEDGEMENT**

I wish to express my deepest gratitude to **Prof. Dr. Mohamed EL-Batanouny** professor of general and vascular surgery faculty of medicine Cairo University, for kind supervision, valuable criticism, encouragement and unlimited support. He provided me with best knowledge and support without which I would not have been able to complete this work.

Sincere thanks to **Prof. Dr. Mohamed EL-Tamawy** professor of Neurology faculty of medicine Cairo university, for his great help, and remarks that contributed a lot in conducting the research to good term.

My deep thanks to **Prof. Dr. Mohamed Hosni EL-Desouky** professor of General and Vascular surgery faculty of medicine Cairo university, for his great support not only in this thesis but throughout my career, and from whom I learned how to be a surgeon. He provided me with all facilities, references and reprints that I needed during this work and he was still of great help in solving many problems that appear every now and then.

I would like to express my greatest respect to **Prof. Dr. A.Nevelsteen** professor of vascular surgery U.Z. Gasthuisberg hospital, Leuven, Belgium, for his great support and continues guidance. He provided me with a lot of advice during preparation and completion of this work.

Last but not least I would like to extend my thanks to **Dr. Mustafa Mahmoud**, assistant lecturer of general surgery for his great help and good support.

### Management of carotid artery stenosis
