Faculty of Medicine,
University of Alexandria.

ACKNOWLEDGEMENTS

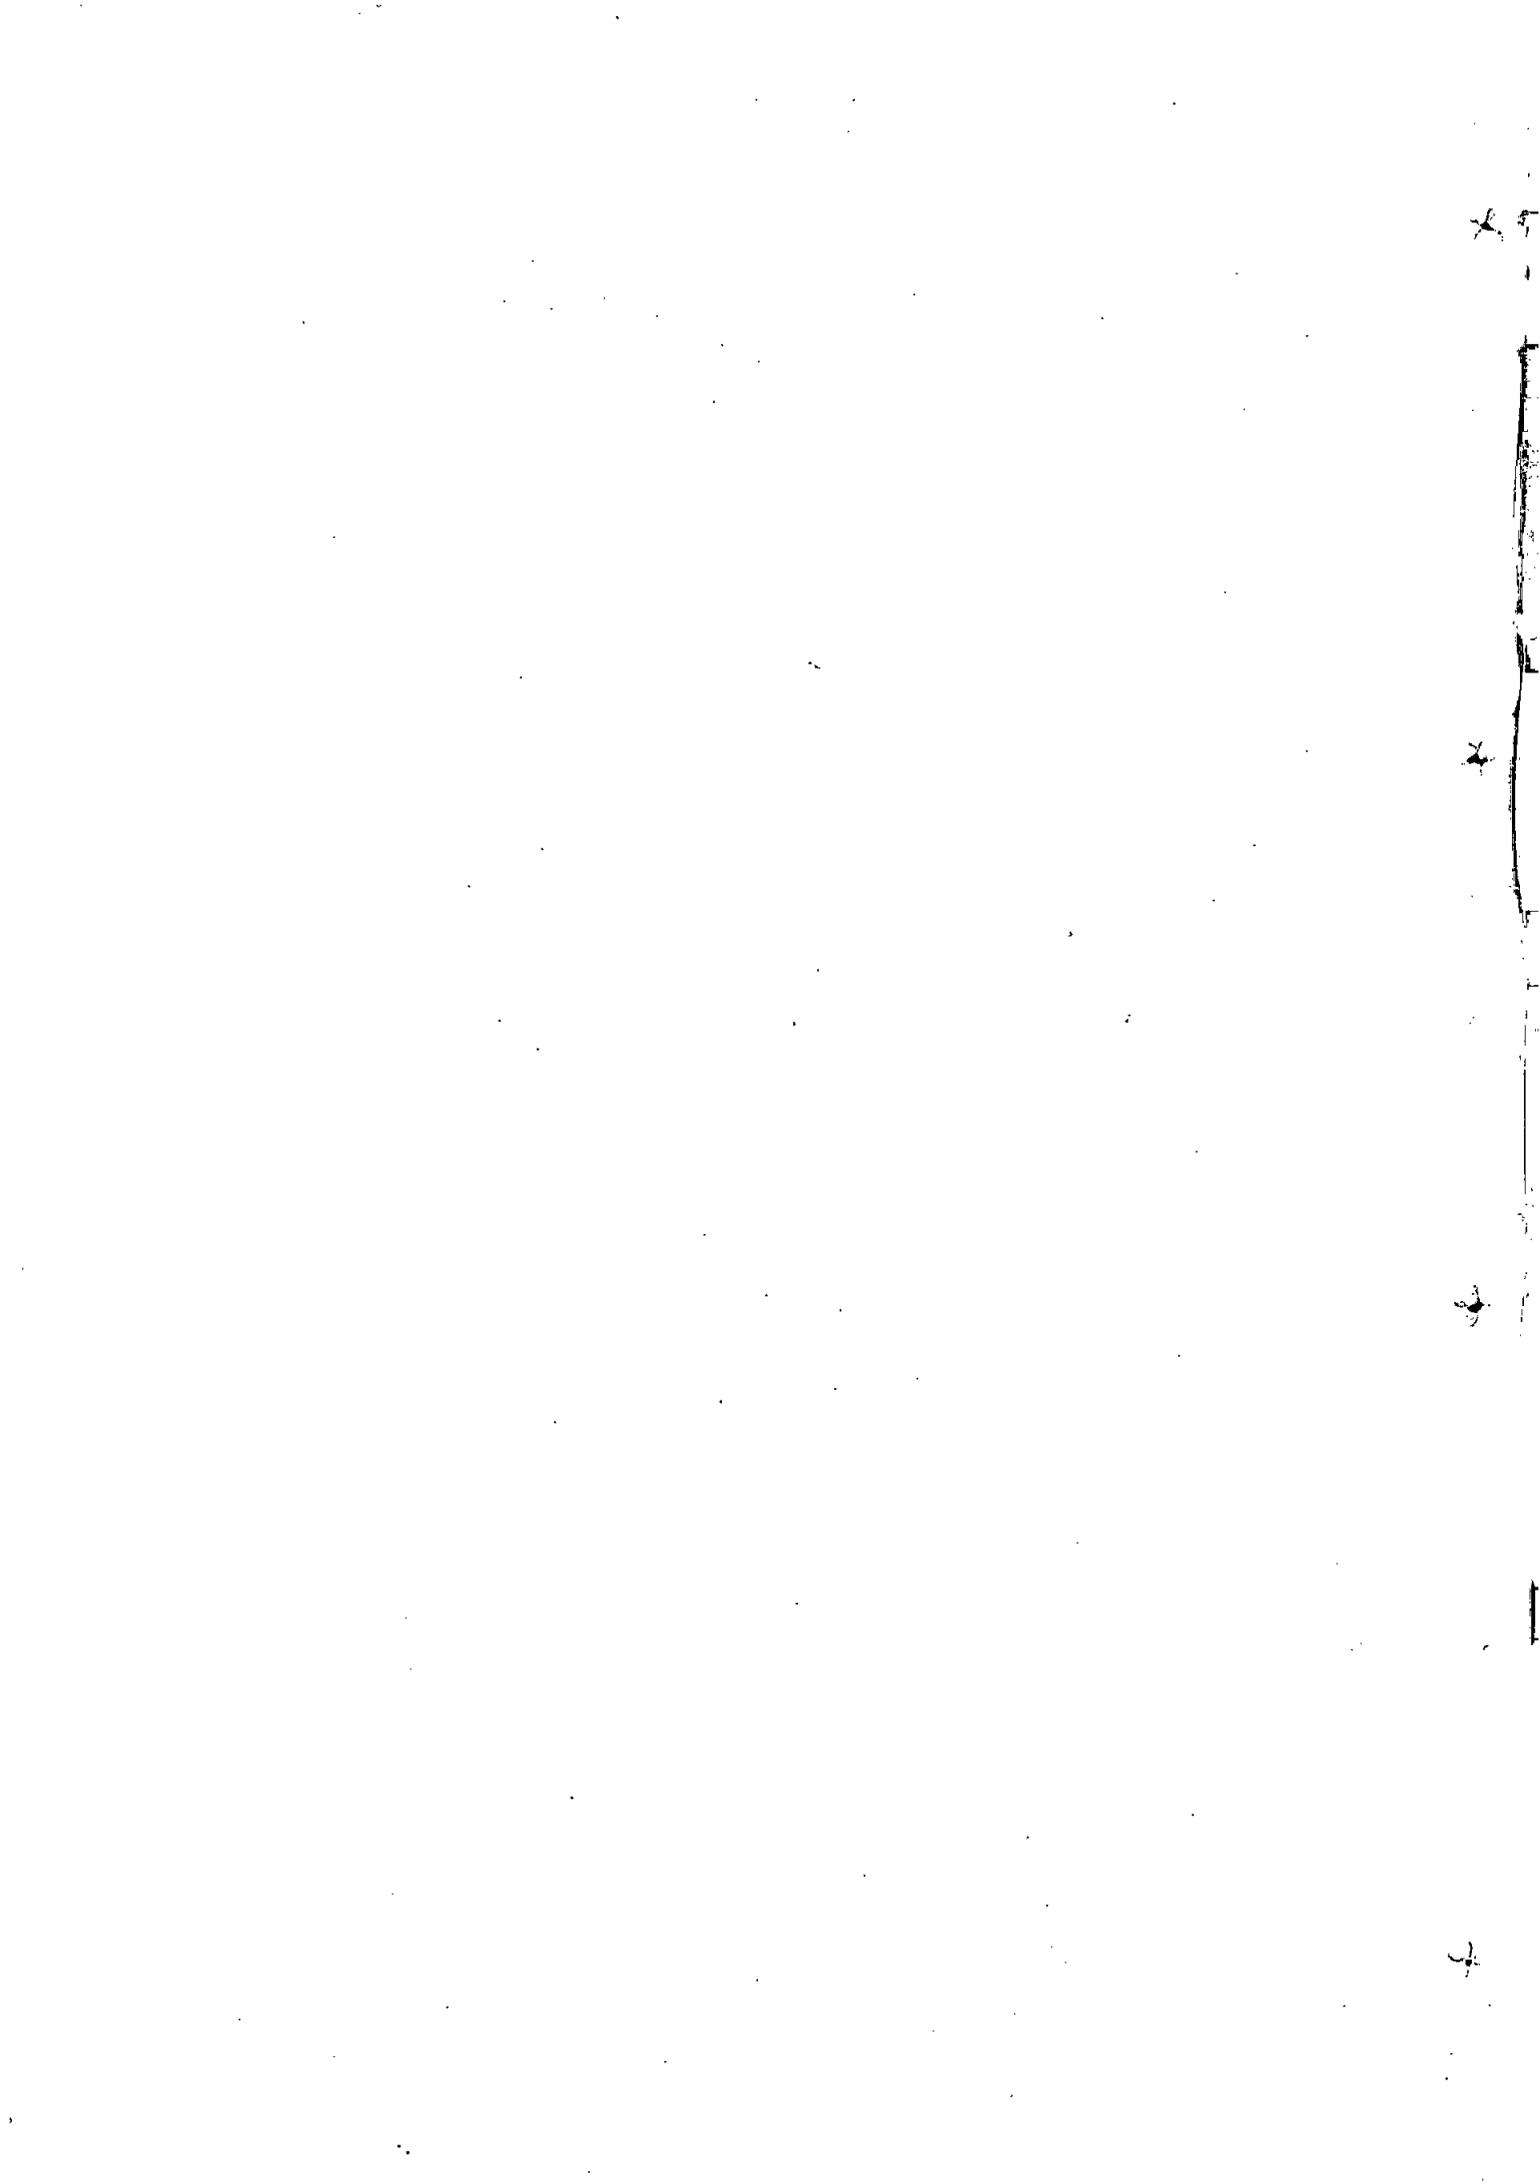

I wish to present plentiful thanks to Prof. Dr. Nabil Mohamed Abdel Rfman, Professor and Head of Neurosurgery Department, Faculty of Medicine, University of Alexandria, who spared no effort in paving the way through surpassing many problems thrown in front of this project. I am especially indebted to his valuable scientific guidance.

I would like to express my deepest gratitude and appreciation to Prof. Dr. Mohamed Kanaan Abdel Gani El-Shehfi, Professor of Neurosurgery, Faculty of Medicine, University of Alexandria, for his continuous encouraging support on both scientific and emotional levels.

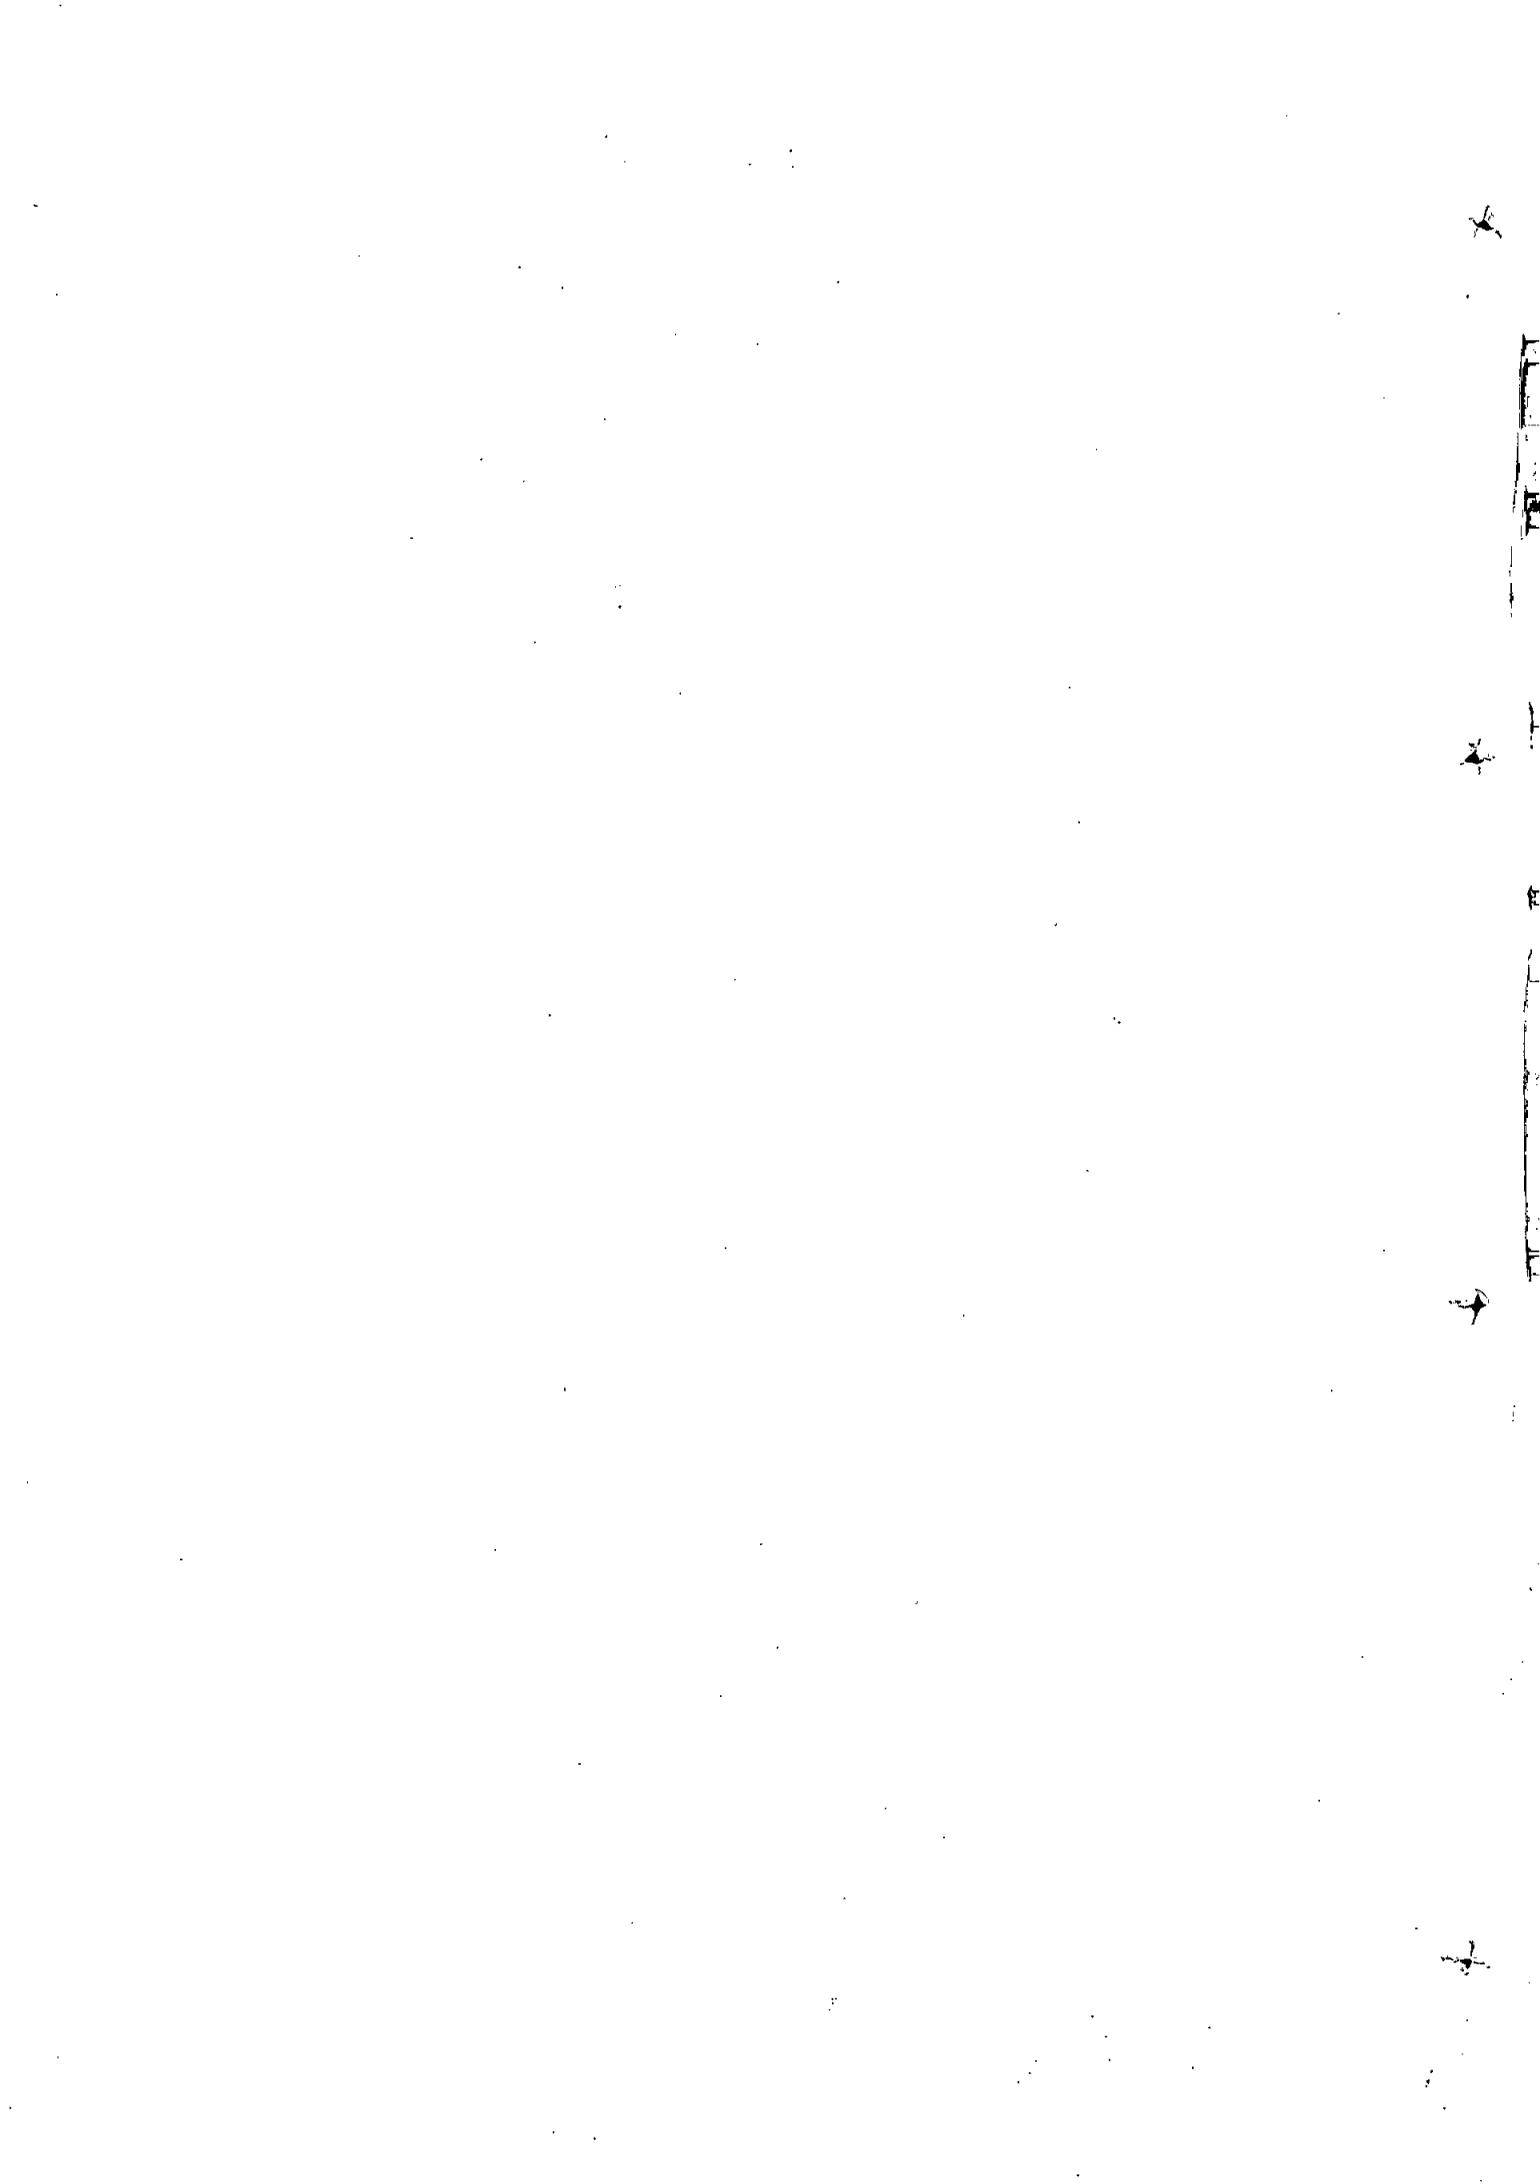

It is a great pleasure to express my deepest thankfulness to Dr. Alaa El-Din Mohamed Essa, Lecturer of Neurosurgery, Faculty of Medicine, University of Alexandria, for his supervision and guidance throughout the entire work as well as his brotherly and faithful advices.

I would like to present my appreciation to Dr. Hoda Youssef Mohamed Atta, Lecturer of Community Medicine, Faculty of Medicine, University of Alexandria, for helping in statistical analysis of this work.

Lastly, I wish to thank all staff members of Neurosurgery Department, Faculty of Medicine, University of Alexandria, for their unlimited encouragement and cooperation.

*To My Father
Whose a Man of Great Wisdom and Sympathy
And to Whom I Am Indebted to the Knowledge
of Life and Neurosurgery
And from Whom I Have Learned
the Truthfulness and Self Respect*
