ACKNOWLEDGEMENT

First and foremost, I would like to express my greatest appreciation and thankfulness to *ALLAH*, who created man and gave him the knowledge to think, believe, and worship.

I would like to express my deepest gratitude and special thanks to *Prof. Dr. Ahmed Abbass Raouf*, Chairman of Clinical Biochemistry Department, National Liver Institute, Menoufiya University, for his fatherly guidance and sincere help during the supervision of this study.

I am greatly indebt to *Prof. Dr. Mohammed Abd Al-Monem Shoaib*, Professor of Dermatology and Venereology, Faculty of Medicine, Menoufiya University, for his kind supervision and continuous encouragement.

My appreciation and thanks to *Dr. Naglaa Mohammed Ghanayem*, Ass. Professor and Head of Medical Biochemistry Department, Faculty of Medicine, Menoufiya University, for her constant advice and keen assistance.

I wish to convey my sincere appreciation and deepest gratitude to *Dr. Hala Hany El-Said*, Lecturer of Clinical Biochemistry, National Liver Institute, Menoufiya University, for her continued advice and her kind scientific supervision. Her remarks were quite valuable and of great help in the completion of this study.

My thanks are directed to my father, mother, and my family, for their tenderness, love and care.

Finally, I would like to thank all my colleagues, and every body who had shared in any way in the performance of this study.
