Acknowledgement

Acknowledgment

First of all, thanks to Allah, whose help is the main factor in accomplishing this work.

I wish to express my deep sense of gratitude to Dr. Abd Alhadi M.M. Omar, Professor of Pathology, Faculty of Medicine, Assiut University, for his sincere assistance, continuous encouragement and help during the progress of work, critical reviewing and accomplishment of this thesis.

I am very grateful to Dr. Salah El dein Shaltout, Assistant Professor of Maxillofacial & Oral Surgery, Faculty of Medicine, Assiut University, for selecting patients for biopsy, sincere advice and eminent supervision in order to present the best clinico-pathologic correlation of the results of this subject.

I appreciate the great efforts of Dr. Mohammed Galal Mostafa, Assistant Professor of Pathology, Faculty of Medicine, Assiut University, in revising the thesis and in guidance throughout the whole period of the study.

I would like to thank my colleagues in the Departments of Pathology and Maxillofacial & Oral Surgery for their sincere cooperation.

Also, I am very grateful to every person who gave me a hand during the progress of this work. *Dalia El Sers*
