Evaluation of Surgical Craniotomy Using Computed Tomography And Magnetic Resonance Imaging Stereotactic Guidance In The Resection Of Intracerebral Space-Occupying Lesions

A Thesis

Submitted for partial fulfillment for the M.D. degree
In Neurosurgery

By

Esam Abdel Rahman Elkhatib
(MB.B.Ch, M.Sc.)

SUPERVISORS

Prof. Nabil Hassan Khalil

Professor of Neurosurgery
Head of Neurosurgery Unit
Suez Canal University

Prof. Hassan Gaweesh

Professor of Neurosurgery
Al-Zagazeeg University

Prof. Lucia Zamorano

Professor of Neurosurgery and Radiation Oncology
Wayne State University
Detroit, Michigan, USA

Dr. Nader El-Sayed Negm

Lecturer of Neurosurgery
Suez Canal University

Faculty of Medicine
Suez Canal University

Acknowledgement

First of all I would like to express my thanks and gratitude to ALLAH that this work has been completed.

I would like to express my deepest thanks to **Prof. Nabil Khalil** head of the neurosurgery dept., Suez Canal university, for his guidance, helping hand and patience all through the steps of this thesis. I am greatly honored as him being one of my supervisors.

I am greatly honored to express my gratitude to **Prof. Hassan Gaweesh**, Head of Neurosurgery Dept., Al-Zagazeeg university, for his continuous support and encouragement all through this work.

I would like to thank **Dr. Nader Negm**, Lecturer of neurosurgery, Suez Canal university, for his uninterrupted support and help all through my work during this thesis.

Also, I would like to thank **Prof. Lucia Zamorano** for her help and support.

I would like to acknowledge **Prof. Fernando Diaz**, head of the neurological dept., Wayne State university, Detroit, USA for his effort during this thesis, understanding, and continuous support.

My special thanks to **Dr. Ramiro Perez De La Torre** for his help, support and care during this work.

Finally, I would also like to thank all my professors, senior staff, and all my colleagues at the neurosurgery dept., Suez Canal University for as I always find them when they are needed.
