ACKNOWLEDGMENT

I am thankful to God for all his kindness and grace, for having granted me the patience and perseverance to accomplish the present work.

I would like to express my deepest appreciation, and thanks to **Prof. Dr. Khalid Zekry**, Professor of Prosthodontics, Faculty of Oral and Dental Medicine, Cairo University, for his scientific supervision, valuable assistance and great help.

I wish also to express my sincere gratitude and thanks to **Prof. Dr. Adel Mohey El-Din EL-Khodary**, Professor of Dental Biomaterials, Faculty of Oral and Dental Medicine, Cairo University, for his considerable help, constant advice and great effort to complete this work.

I would like to extend my special thanks to **Dr. Yusr Omar Mady**, Lecturer of Prosthodontics, Faculty of Oral and Dental Medicine, Cairo University, for her active support, great effort and generous help whenever I needed her.

My thanks are also to **Prof. Dr. Tarek Salah**, Professor of Dental Biomaterials, Faculty of Oral and Dental Medicine, Ain Shams University, for making my work possible.

I am thankful to **Prof. Dr. Samir EL-Khalla**, Professor of Statistical Analysis, Mansoura University, for his assistance in the computerized statistical analysis of data.

I would like to express my gratitude and thanks to **Prof. Dr. Sayed Mostafa**, Professor of Physics, National Research Center for his valuable help in scanning electron microscopic work.

My words can never express my deep thanks to my dear husband and towards all members of my family for their patience, support and encouragement.
