ACKNOWLEDGEMENT

ACKNOWLEDGEMENT

I would like to express my deep thanks, profound gratitude and great indebtedness to ***Prof. Dr. Adel Mohamed Soliman***, Professor of poultry Diseases, Faculty of Veterinary Medicine, Assiut University, for the benefit of his extensive experience and knowledge. It goes without saying that whatever the amount of thanks I do express, it will be too little to pay back the great and generous support, indispensable advice and guidance during all steps this thesis to him.

I would like to express my immense gratitude and appreciation to my kind teacher ***Dr. Ragab Sayed Ibrahim***, Lecturer of Poultry Diseases, Faculty of Veterinary Medicine, Assiut University, for his useful and keen supervision, kind advice and constant encouragement throughout the work.

Special gratitude to ***Prof. Dr. Zenab Mohamed El-Said***, Professor and Head of Department of Bacteriology, Animal Health Research Institute, Dokki, Giza, for her guidance, advice and under whose directions this study was completed.

I would like to express my heartfelt appreciation, respectful gratitude and my great thanks that are also sent to staff members of poultry Diseases Department, Faculty of Veterinary Medicine, Assiut University, for their help and cooperation.

Finally, my great thanks to all members of Animal Health Research Institute, Minia, for their kind assistance and encouragement.
