## ACKNOWLEDGMENT

All praise be to **Allah (Al-Mighty)**, The beneficent, The Merciful, without Whose mercy and guidance this work would never have been started nor completed. I praise Him (**Al-Mighty**) as much as the heavens and earth and what is in between or behind.

I wish to express my sincere appreciation and gratitude to the spirit of the late **Prof. Dr. M.El-Said Eisa**, Prof. of Pathology, Dept. of Pathology, Fac. of Vet. Medicine, Cairo Uni., for his useful suggestion, continuous help and supervision through the first part of this work.

I would like to express my sincere gratitude and appreciation to supervisor of the present work, **Prof. Dr. Mohamed S. Marzouk**, Prof. and Head of Fish Diseases and Management Dept., Faculty of Vet. Medicine, Cairo University, for his kind care and supervision during the progress of this work.

From my deep heart, many thanks to **Prof. Dr. Adel A. Shaheen**, Prof. and Head of Fish Diseases and Management Dept., Faculty of Vet. Medicine, Zagazig University, Benha branch, for his useful suggestion, continuous help and supervision through this work.

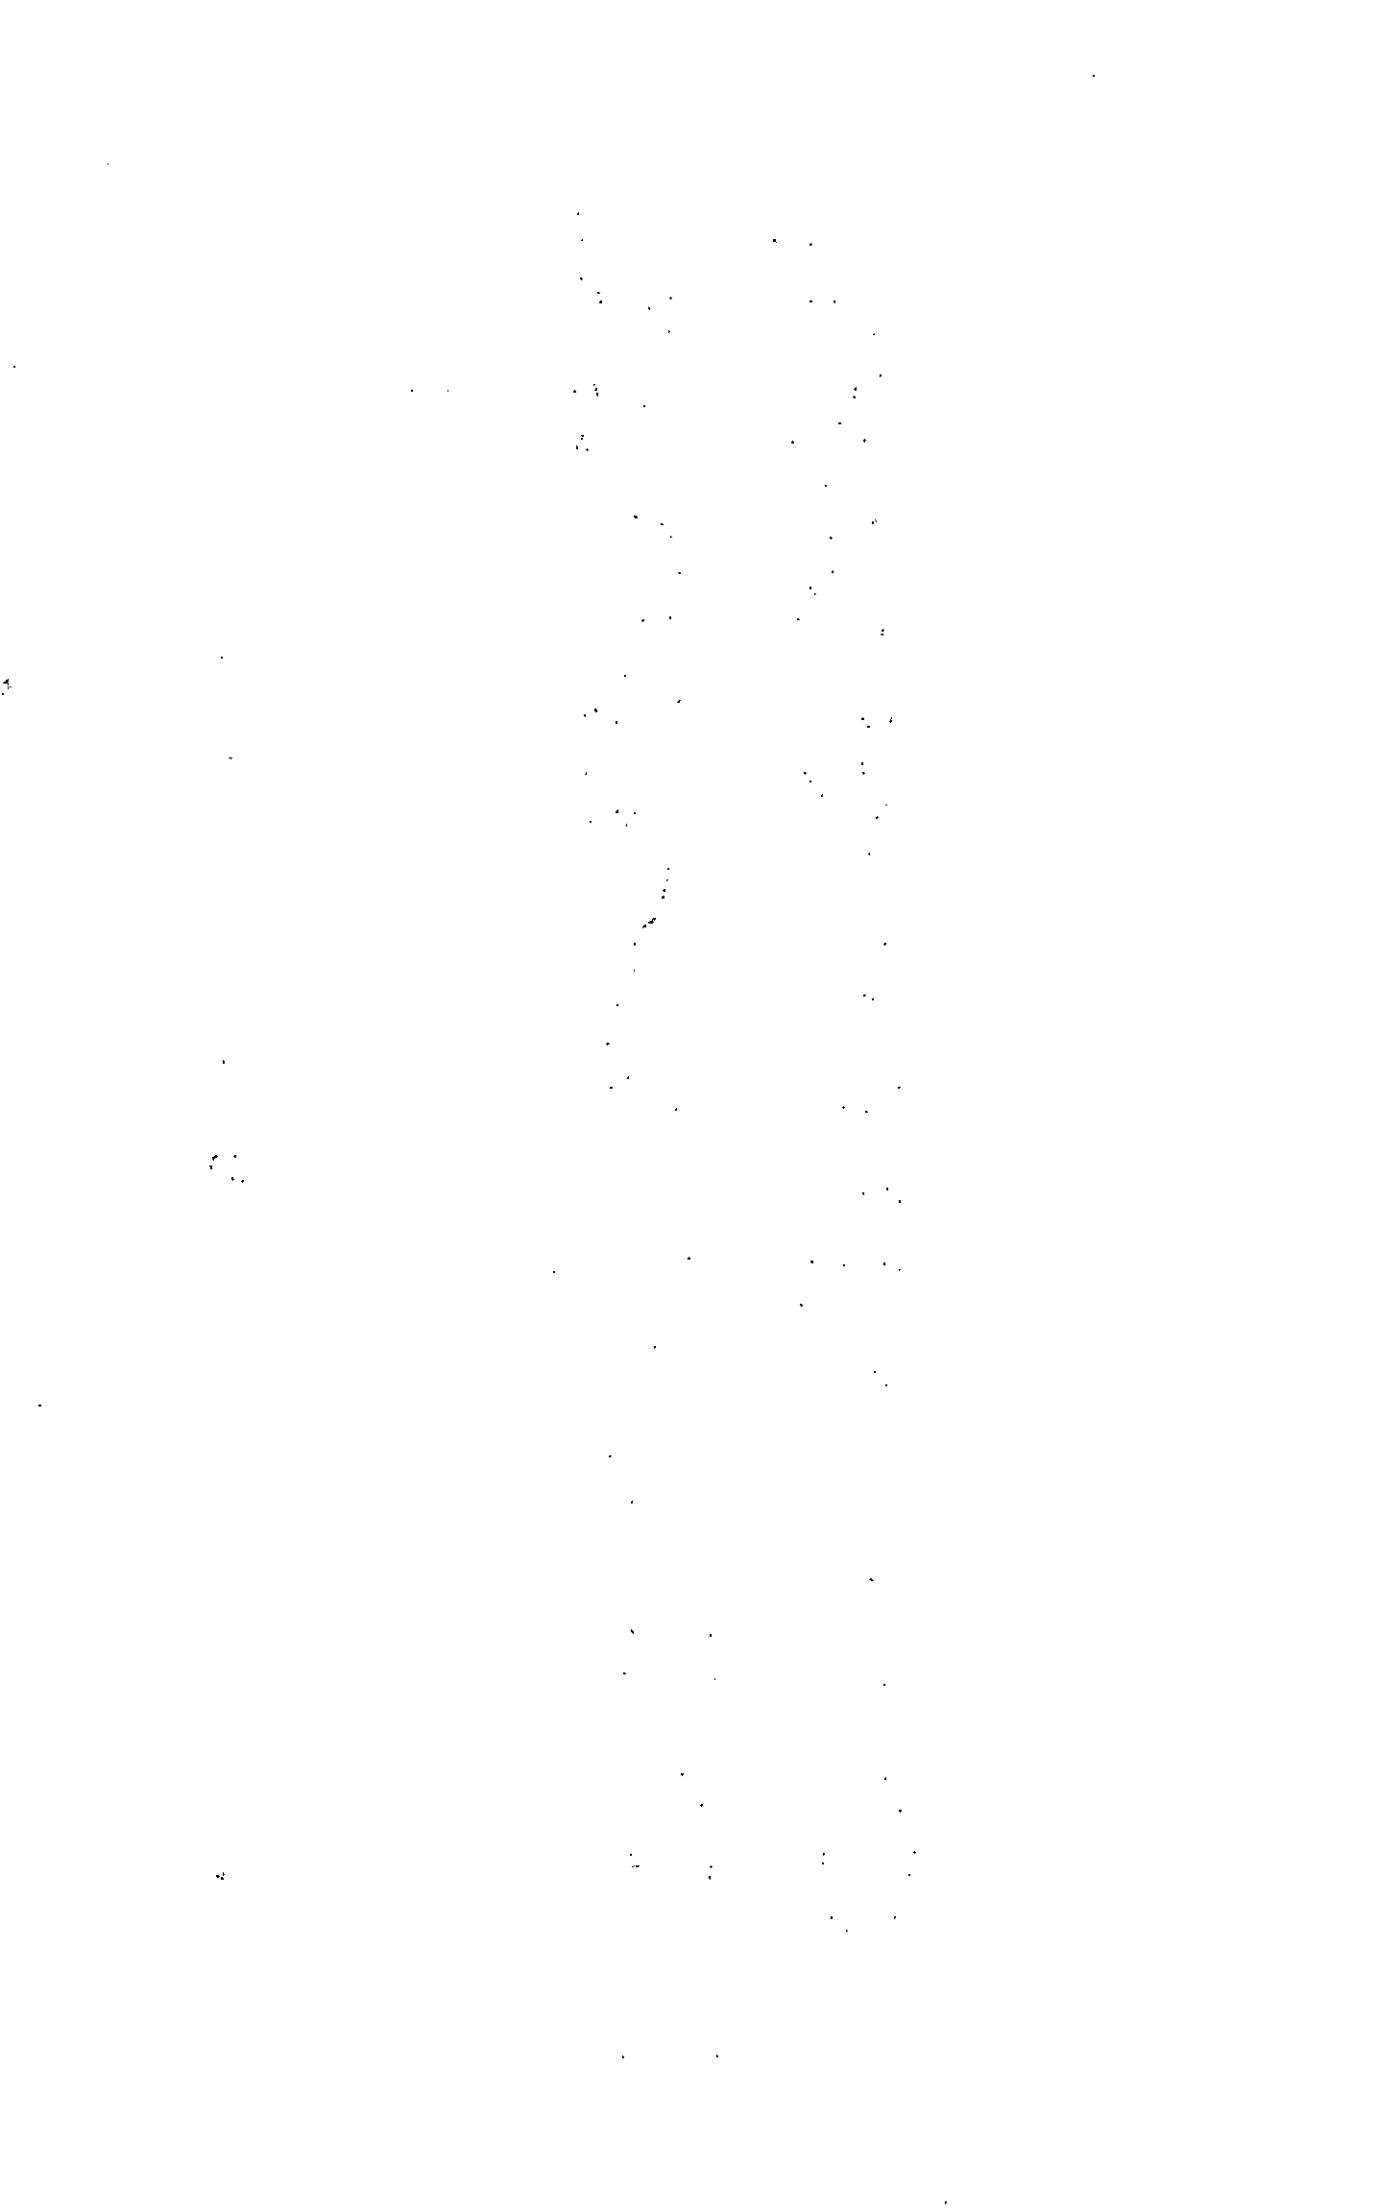

From my deep heart, many thanks to **Dr. Amani A. Abbass**, Ass. Prof. of Fish Diseases and Management, Faculty of Vet. Medicine, Zagazig University, Benha branch, for her useful suggestion, continuous help and supervision through this work.

Sincere thanks are presented to **Prof. Dr. Amal Abd El Naser**, Prof. and Head of Poultry and Rabbit Diseases, Faculty of Vet. Medicine, Zagazig University, Benha branch for her help in the provision of work facilities and continuous advice.

I wish to express my thanks and gratitude to **Prof. Dr. A. Ali**, Prof. of Pathology, Dept. of Pathology, Fac. Vet. Medicine, Zagazig Uni., for carrying out the microscopic interpretation of the hisotpathological examination.

Sincere thanks are also extended to **Dr. Ead Dink**, Colleague of Theriogenology in Veterinary Clinic, Faculty of Vet. Medicine, Zagazig University, Benha branch, for kindly help during all steps of this work.

Many thanks to all the staff members of the Department of Fish diseases and Management, Fac. Vet. Medicine, Zagazig Uni. Benha branch, for their help.

IX ARABIC SUMMARY	i

1. The first part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.

2. The second part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.

3. The third part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.

4. The fourth part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.

5. The fifth part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.

6. The sixth part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.

7. The seventh part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.

8. The eighth part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of acquiring knowledge, but also a means of developing the ability to think critically and to make sound judgments.
