Assiut University

Faculty of Science

***STUDY OF SEISMIC ACTIVITY AND ITS HAZARD IN SOUTHERN
EGYPT***

A Thesis

Submitted to the Geology Department, Faculty of Science,
Assuit University for the Award of Degree of Master of Science

In

Geology

(Geophysics – Seismic studies)

By

Ezzat Mohamed El Amin Ahmed
(B. Sc. in Geology)

Supervised By

Prof. Dr. Hamza Ahmed Ibrahim
Prof. Of Geophysics - Assiut University

Prof. Dr. Ramses Nashed Hana
Prof. of Seismology
National Research Institute of
Astronomy and Geophysics - Helwan

Dr. Raafat El-Shafei Fat-Helbary
Assoc. Prof. of Seismology
National Research Institute of
Astronomy and Geophysics – Helwan

Geology Department- Faculty of Science

APPROVAL SHEET

Name : **Ezzat Mohamed El Amin Ahmed**

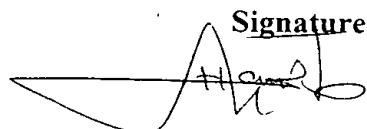

Thesis Title: **STUDY OF SEISMIC ACTIVITY AND ITS HAZARD IN SOUTHERN EGYPT**

Degree : **Master of Science**

Courses Attended **Advanced Geophysics, Special Course, Applied Mathematical Statistics, Structural Geology, Clastic Sedimentary Rocks, Advanced Hydrogeology, Practical course.**

Supervisors

Prof. Dr. Hamza Ahmed Ibrahim
Prof. of Geophysics – Assiut University

Signature

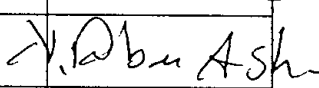

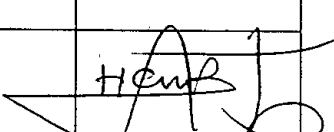

Prof. Dr. Ramses Nashed Hana
Prof. Of Seismology – National Research Institute of Astronomy and Geophysics – Helwan

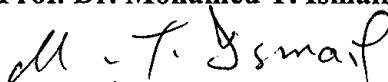

Dr. Raafat El-Shafei Fat-Helbary
Assoc. Prof. of Seismology – National Research Institute of Astronomy and Geophysics – Helwan

ACKNOWLEDGMENT

ACKNOWLEDGMENT

I bow to **Allah** thanking his majesty for his helping in preparing and producing this work and to the head of the human beings and the source of its light our Prophet **Mohamed** Prayer and Peace is upon him urged to exert efforts for seeking knowledge.

I would like to thank Prof. Dr. Hassan Hafez Mansour the head of the geology department, Assiut University and Prof. Dr. Ali Tealeb president of the National Research Institute of Astronomy and Geophysics (NRIAG) for their supporting and encouragement.

I would like to thank Prof. Dr. Hamza Ahmed Ibrahim, professor of Geophysics in Geology Department, Assuit University, for his supervision, advice, critical discussion, and offering all facilities.

I would like to thank Prof. Dr. Ramses Nashed Hana, professor of Geophysics in National Research Institute of Astronomy and Geophysics, for his supervision, and encouragement.

I would like to thank Dr. Raafat Fat-helbary, Associate professor of Geophysics in National Research Institute of Astronomy and Geophysics, for his helping, supervision, advice, critical discussion, and offering all facilities.

Gratitude and thanks are due to Dr. Mohamed El-Amin, Dr. Gaber Hassib, Dr. Haggag Mohamed, Dr. Samih Moustafa, , Dr. Yossef Taha, and Dr. Sayed Dahi, the staff members in the National Research Institute of Astronomy and Geophysics (NRIAG). Also, my gratitude is to Dr. Ahmed Hassan, Nasser Lake Development Authority for his valuable help and advises.

Finally, I would like to express my gratitude to all my colleges in Aswan Seismological Center for their cooperation and encouragement during the preparing of the Thesis. Also, I would like to express my gratitude to the staff members in seismology department, (National Research Institute of Astronomy and Geophysics) and the staff members of Geology Department, (Faculty of Science, Assuit University) for their help.
