# SPECIFIC IMMUNOGLOBULIN E IN THE IDENTIFICATION OF ALLERGENS IN ALLERGIC RHINITIS PATIENTS

#### **Thesis**

Submitted for partial fulfilment of the Master

Degree in Clinical Pathology

By
Tarek Taha H. El-Melegy
M.B.&B.Ch.

#### **Supervisors**

#### Prof. Dr. Nadia M. Abd El-Wahab

Professor of Clinical Pathology

Faculty of Medicine-Assiut University

#### Dr. Shaaban Redwan Helal

Lecturer of Clinical Pathology

Faculty of Medicine-Assiut University

#### Dr. Ahmad A. Abd El-Galeel

Lecturer of E.N.T.

Faculty of Medicine-Assiut University

Faculty of Medicine Assiut University 2001

بسم الله الرحمن الرحيم

# قالوا سبحانك لا علم لنا إلا ما علمتنا إنك أنت العليم الحكيم "

صحق الله العظيم سورة البقرة : آيـه (٣٢)

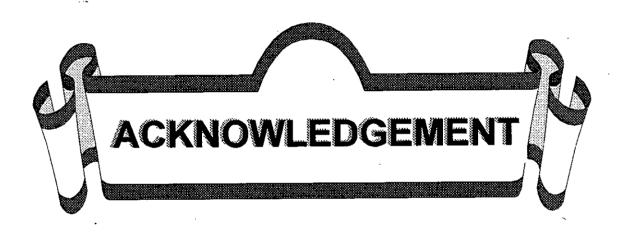

#### Dedication

To the memory of my father,

to my mother, who encouraged and helped me,

to my brothers and sister, who put up with me,

and to my future wife.

#### **ACKNOWLEDGMENT**

Thanks to our merciful **GOD** for the plentiful blessings and thanks to **GOD** once more for enabling me to prepare this thesis.

I wish to express my deepest appreciation and gratitude to **Prof. Dr.**Nadia M. Abd El-Wahab, Professor of Clinical Pathology, Faculty of Medicine, Assiut University, for her experience and effort for the development and supervision of this work. I also wish to express my respectful indebtedness for her valuable advises.

I would like to express my deep gratitude to **Dr.** Shaaban R. Helal, Lecturer of Clinical Pathology, Faculty of Medicine, Assiut University, for his valuable help and indispensable suggestions during planning and carrying out this work as well as his tolerance and patience in revising the thesis.

I wish to express my sincere thanks and appreciation to **Dr.** Ahmad A. Abd El-Galeel, Lecturer of E.N.T., Faculty of Medicine, Assiut University, for allowing the facilities for collecting the material of this study as well as for clinical supervision of the cases. I extend my thanks for his effort in revising the text.

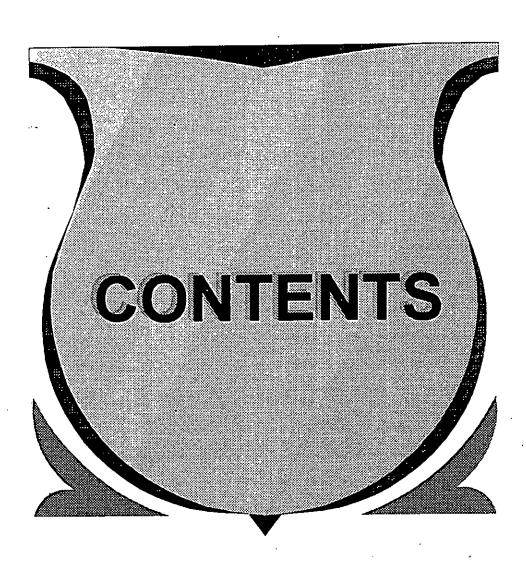

I am also indebted to **Prof. Dr. Mohammed A. El-Feky**, Professor of Microbiology and Immunology, Faculty of Medicine, Assiut University, for his experience, constructive ideas and help during the practical part.

Thanks to Dr. Alaa Shalaby for his patience in the statistical part.

Special thanks are own to all my professors and staff members of Clinical Pathology department, Faculty of Medicine, Assiut University for their continuous encouragement and support.

Finally, I would like to thank all the patients and control subjects who accepted voluntarily to participate in this work.

Jarek J. El-Melegy 2001

#### **CONTENTS**

	Page
INTRODUCTION AND AIM OF THE WORK	1
REVIEW OF LITERATURE	3
Pathogenesis of allergic rhinitis	3
Pathophysiology of allergic rhinitis	7
• Clinical presentation	18
Differential diagnosis	22
Diagnosis of allergic rhinitis	23
Treatment of allergic rhinitis	34
PATIENTS AND METHODS	38
RESULTS	43
DISCUSSION	67
SUMMARY AND CONCLUSION	76
REFERENCES	81
ADARIC SUMMARY	••

#### LIST OF TABLES

		Page
Fable I :	Age groups of allergic rhinitis patients	48
Table II :	Frequency of symptoms in allergic rhinitis patients	48
Table III :	Symptoms of allergic rhinitis	48
Table IV :	Results of controls in different allergens specific IgE	
	tests	49
Table V:	Percentage of positivity to different allergens	
	specific IgE	50
Table VI :	Frequency of positive reactions to different	
	allergens	51
Table VII:	Comparison between patients and controls regarding	
	absolute blood eosinophilic count	51
TableVIII:	Comparison between patients and controls regarding	
	inhalant allergens specific IgE	52
Table IX:	Comparison between patients and controls regarding	
	ingestant allergens specific IgE	53
Table X:		
	parients and sensitized patients in ingestant allergens	
	specific IgE	54
Table XI:	Comparison between controls, non sensitized	
	patients and sensitized patients in inhalant allergens	
	specific IgE	55
Table XII:	Relation between patients residence and absolute	
	blood eosinophilic count	56

		Page
Table XIII :	Relation between patients residence and inhalant	
	allergens specific IgE	56
Table XIV :	Relation between patients residence and ingestant	
	allergens specific IgE	57
Table XV :	Relation between the presence of associated allergic	
	diseases and absolute blood eosinophilic count	57
Table XVI :	Relation between the presence of associated allergic	
	diseases and inhalant allergens specific IgE	58
Table XVII:	Relation between the presence of associated allergic	
	diseases and ingestant allergens specific IgE	59
TableXVIII:	Relation between family history of allergic diseases	
	and absolute blood eosinophilic count	59
Table XIX :	Relation between family history of allergic diseases	
	and inhalant allergens specific IgE	60
Table XX :	Relation between family history of allergic diseases	
	and ingestant allergens specific IgE	61
Table XXI :	Relation between allergen positivity and patients	
	age	62
Table XXII:	Relation between allergen positivity and patients	
	residence	62
TableXXIII:	Relation between allergen positivity and the	
	presence of associated allergic diseases	63
