

# **Added Value of Ultrasonography in Diagnosis of Rotator Cuff Injury**

*Thesis*

*Submitted for Partial Fulfillment of  
Master Degree in **Radio diagnosis***

*Presented by*

**Rehab Abdelbaqy Ibrahim Mohammed**  
*(M.B.B.CH)*

*Supervised By*

**Prof. Dr. Mohsen Gomaa Hasan**

*Professor of Radio diagnosis  
Faculty of Medicine - Ain Shams University*

**Dr. Tarek Wahby Hemeda**

*Lecturer of Radio diagnosis  
Faculty of Medicine - Ain Shams University*

*Faculty of Medicine - Ain Shams University*

*2019*

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

# قَالَ

سُبْحَانَكَ لَا عِلْمَ لَنَا  
إِلَّا مَا عَلَّمْتَنَا إِنَّكَ أَنْتَ  
الْعَلِيمُ الْعَظِيمُ

صدق الله العظيم

سورة البقرة الآية: ٣٢

# Acknowledgments

*First and foremost, I feel always indebted to **Allah** the Most Beneficent and Merciful.*

*I wish to express my deepest thanks, gratitude and appreciation to **Prof. Dr. Mohsen Gomaa Hasan**, Professor of Radio diagnosis, Faculty of Medicine, Ain Shams University, for his meticulous supervision, kind guidance, valuable instructions and generous help.*

*Special thanks are due to **Dr. Tarek Wahby Hemeda**, Lecturer of Radio diagnosis, Faculty of Medicine, Ain Shams University, for his sincere efforts, fruitful encouragement.*

*I would like to express my hearty thanks to all my family for their support till this work was completed.*

**Rehab Abdelbaqy Ibrahim Mohammed**

# List of Contents

Title	Page No.
List of Abbreviations.....	5
List of Tables.....	7
List of Figures .....	9
Introduction .....	- 1 -
Aim of the Work .....	22
Review of Literature	
▪ Anatomy of the Shoulder Joint .....	23
▪ Pathology of Rotator Cuff Tears .....	65
▪ Technique of MRI and Ultrasound of Shoulder .....	98
▪ High Resolution Ultrasound and MRI Assessment of Painful Shoulder Joint .....	118
Patients and Methods.....	150
Results.....	154
Case Presentation.....	173
Discussion .....	187
Summary.....	193
Conclusion .....	195
References .....	196
Arabic Summary	

# List of Abbreviations

Abb.	Full term
AC.....	<i>Acromion</i>
ACJ.....	<i>Acromioclavicular joint</i>
AHD.....	<i>Acromiohumeral distance</i>
AHI.....	<i>Acromio-humeral interval</i>
AP.....	<i>Antero-posterior</i>
HAD.....	<i>Calcium hydroxyapatite deposition</i>
CHL.....	<i>Coraco-humeral ligament</i>
CL.....	<i>Clavicle</i>
Co.....	<i>Coracoid process</i>
Del.....	<i>Deltoid muscle</i>
F.....	<i>Fluid</i>
Fig.....	<i>Figure</i>
GT.....	<i>Greater Tuberosity</i>
HH.....	<i>Humeral Head</i>
IGHL.....	<i>Inferior gleno-humeral ligament</i>
InfraS.....	<i>Infraspinatus muscle</i>
INT R.....	<i>Internal rotation</i>
LHB.....	<i>Long head of biceps</i>
LS.....	<i>Longitudinal section</i>
Lt.....	<i>Left</i>
LT.....	<i>Lesser tuberosity</i>
Max.....	<i>Maximum</i>
Min.....	<i>Minimum</i>
MGHL.....	<i>Middle gleno-humeral ligament</i>

# List of Abbreviations cont...

Abb.	Full term
<i>MRI</i> .....	<i>Magnetic Resonance Imaging</i>
<i>PA</i> .....	<i>Postero-anterior</i>
<i>RC</i> .....	<i>Rotator Cuff</i>
<i>RT</i> .....	<i>Right</i>
<i>SGHL</i> .....	<i>Superior gleno-humeral ligament</i>
<i>SAIS</i> .....	<i>Subacromial Impingement Syndrome</i>
<i>SST</i> .....	<i>Supraspinatus muscle</i>
<i>SubS</i> .....	<i>Subscapularis muscle</i>
<i>Tm</i> .....	<i>Teres minor muscle</i>
<i>TS</i> .....	<i>Transverse section</i>
<i>US</i> .....	<i>Ultrasound</i>
<i>USA</i> .....	<i>United states of America</i>
