Changes in pulmonary functions and left ventricular functions after balloon mitral valvuloplasty

THESIS

Submitted For Partial Fulfillment of the Requirements of
Master Degree in Cardiology

BY

Ali Farghaly Osman Ahmed
M.B.B.Ch, Assiut University

SUPERVISED BY

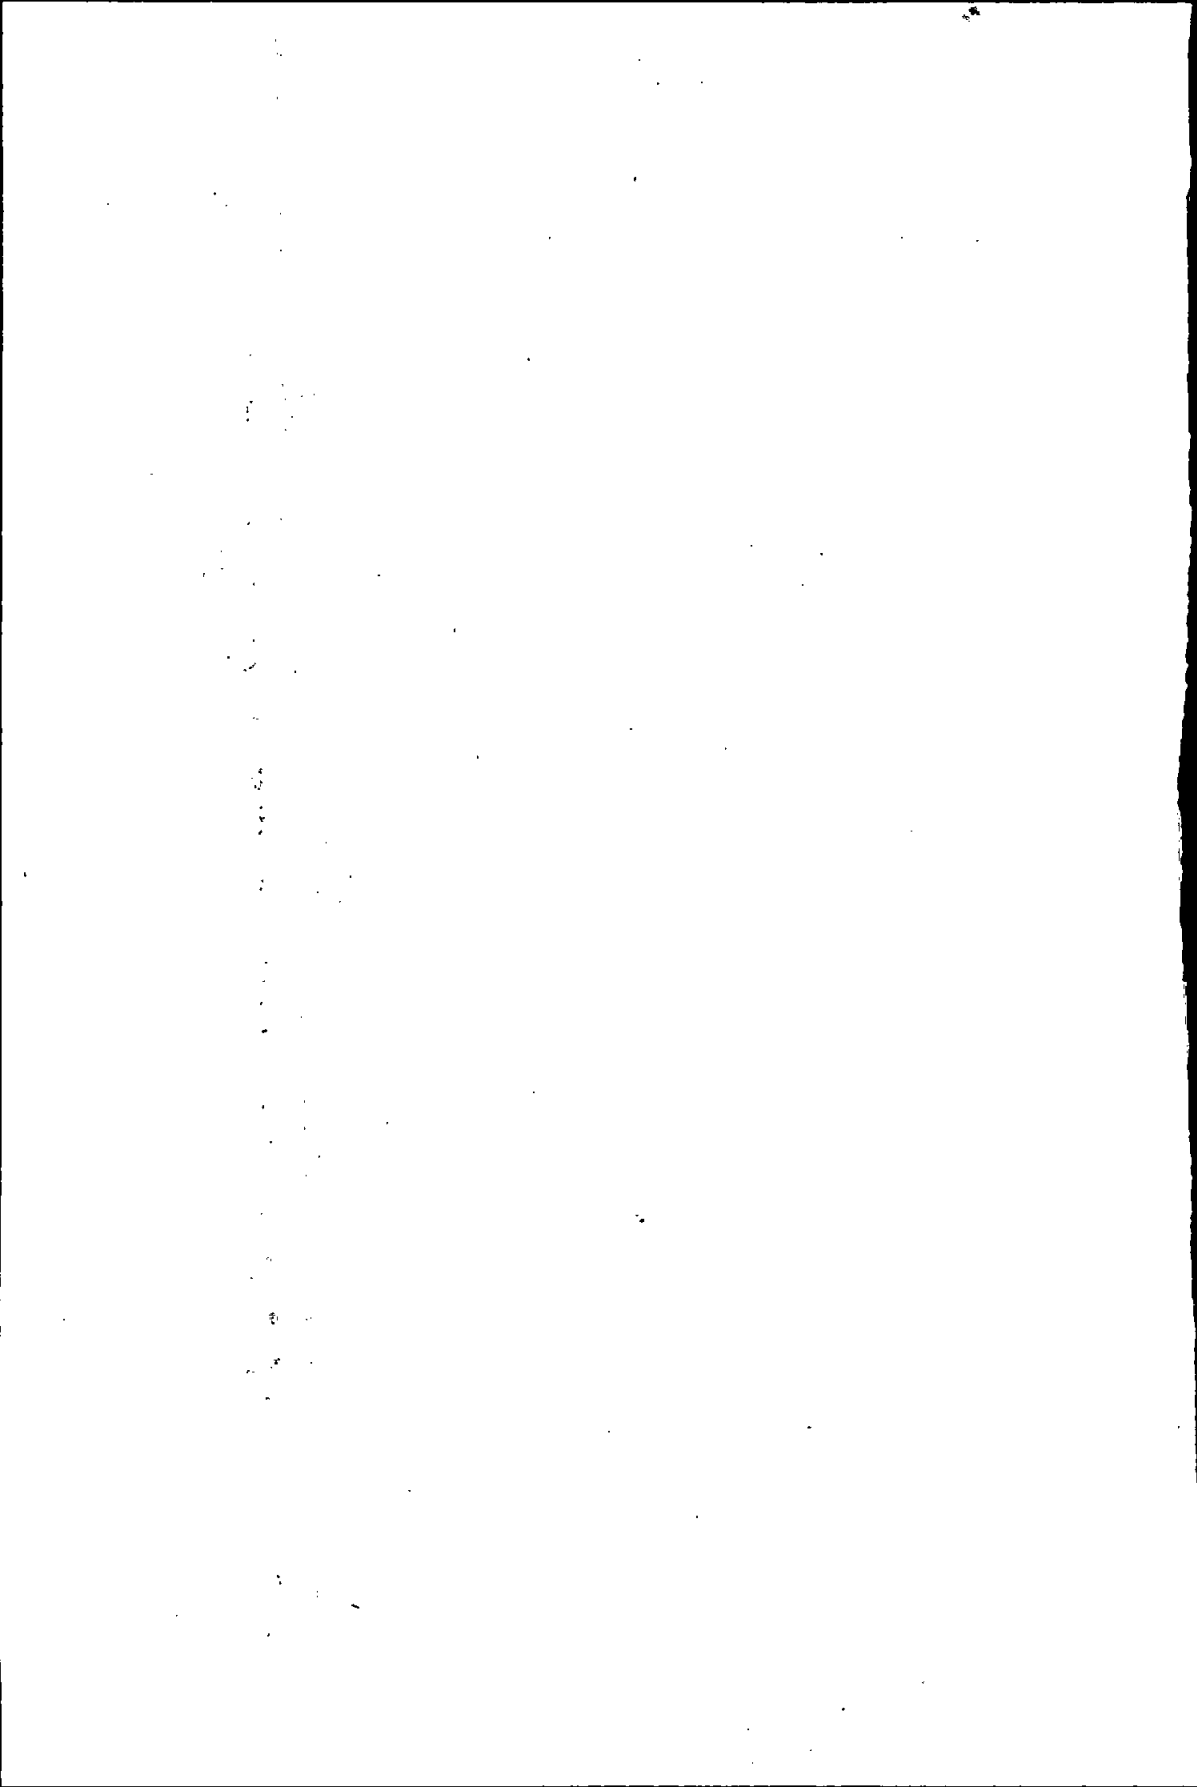

Prof. Adel M. Zaki
Professor of Cardiology
Faculty of medicine
Cairo university

ACKNOWLEDGEMENT

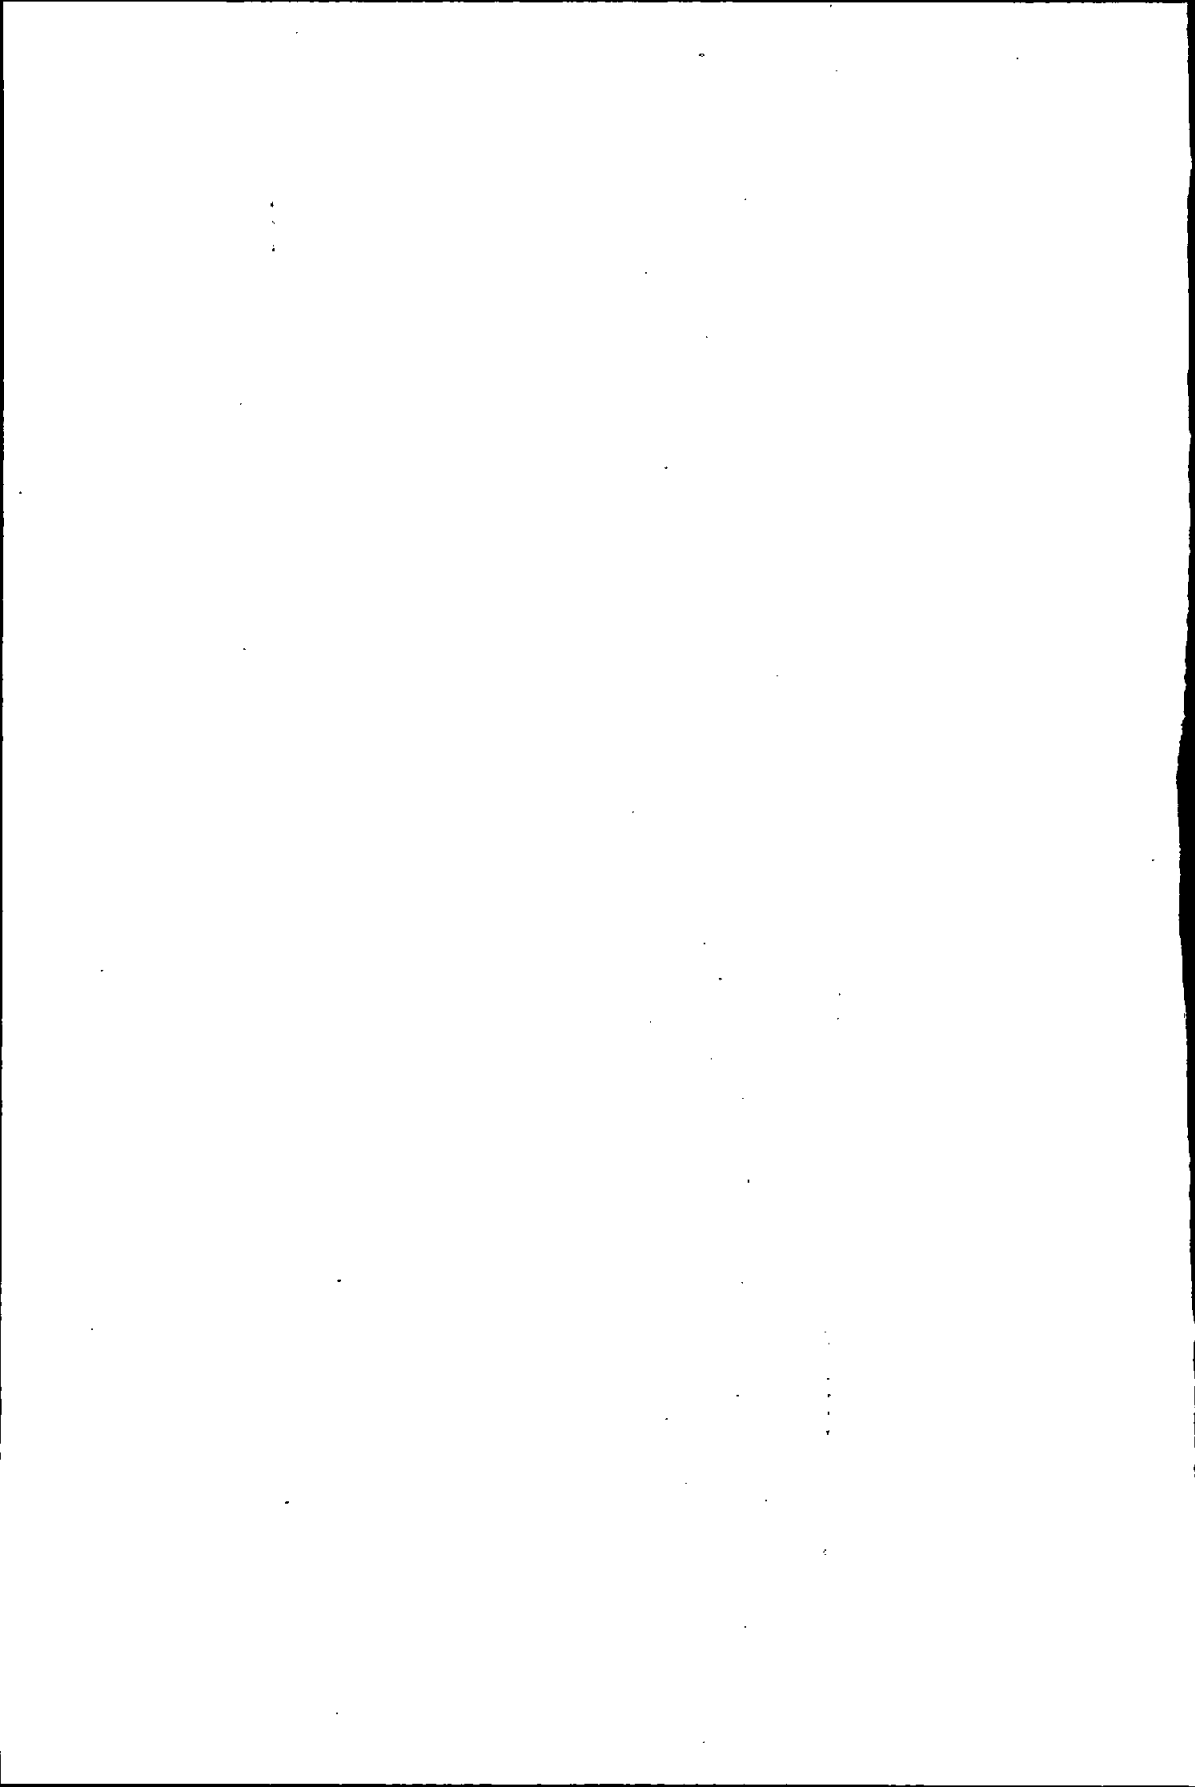

Praise to *Allah*, the Merciful, the Compassionate for all the countless gifts I have been offered. Of these gifts, those persons who were assigned to give me a precious hand so as to be able to fulfill this study. Some of them will be cordially acknowledged

I am absolutely lucky to be supervised and directed by *Prof. Dr. Adel M. Zaki*, Professor of cardiology, Faculty of medicine, Cairo university, for offering the continued expert advice and help throughout tis work.

With much appreciation, I express my indebtedness to *Prof. Dr. Yehia T. Kishk*, Professor of Cardiology, Faculty of medicine, Assiut University, for his authentic guidance and assistance, He kindly offered a lot of his precious time for revising all parts of this thesis.

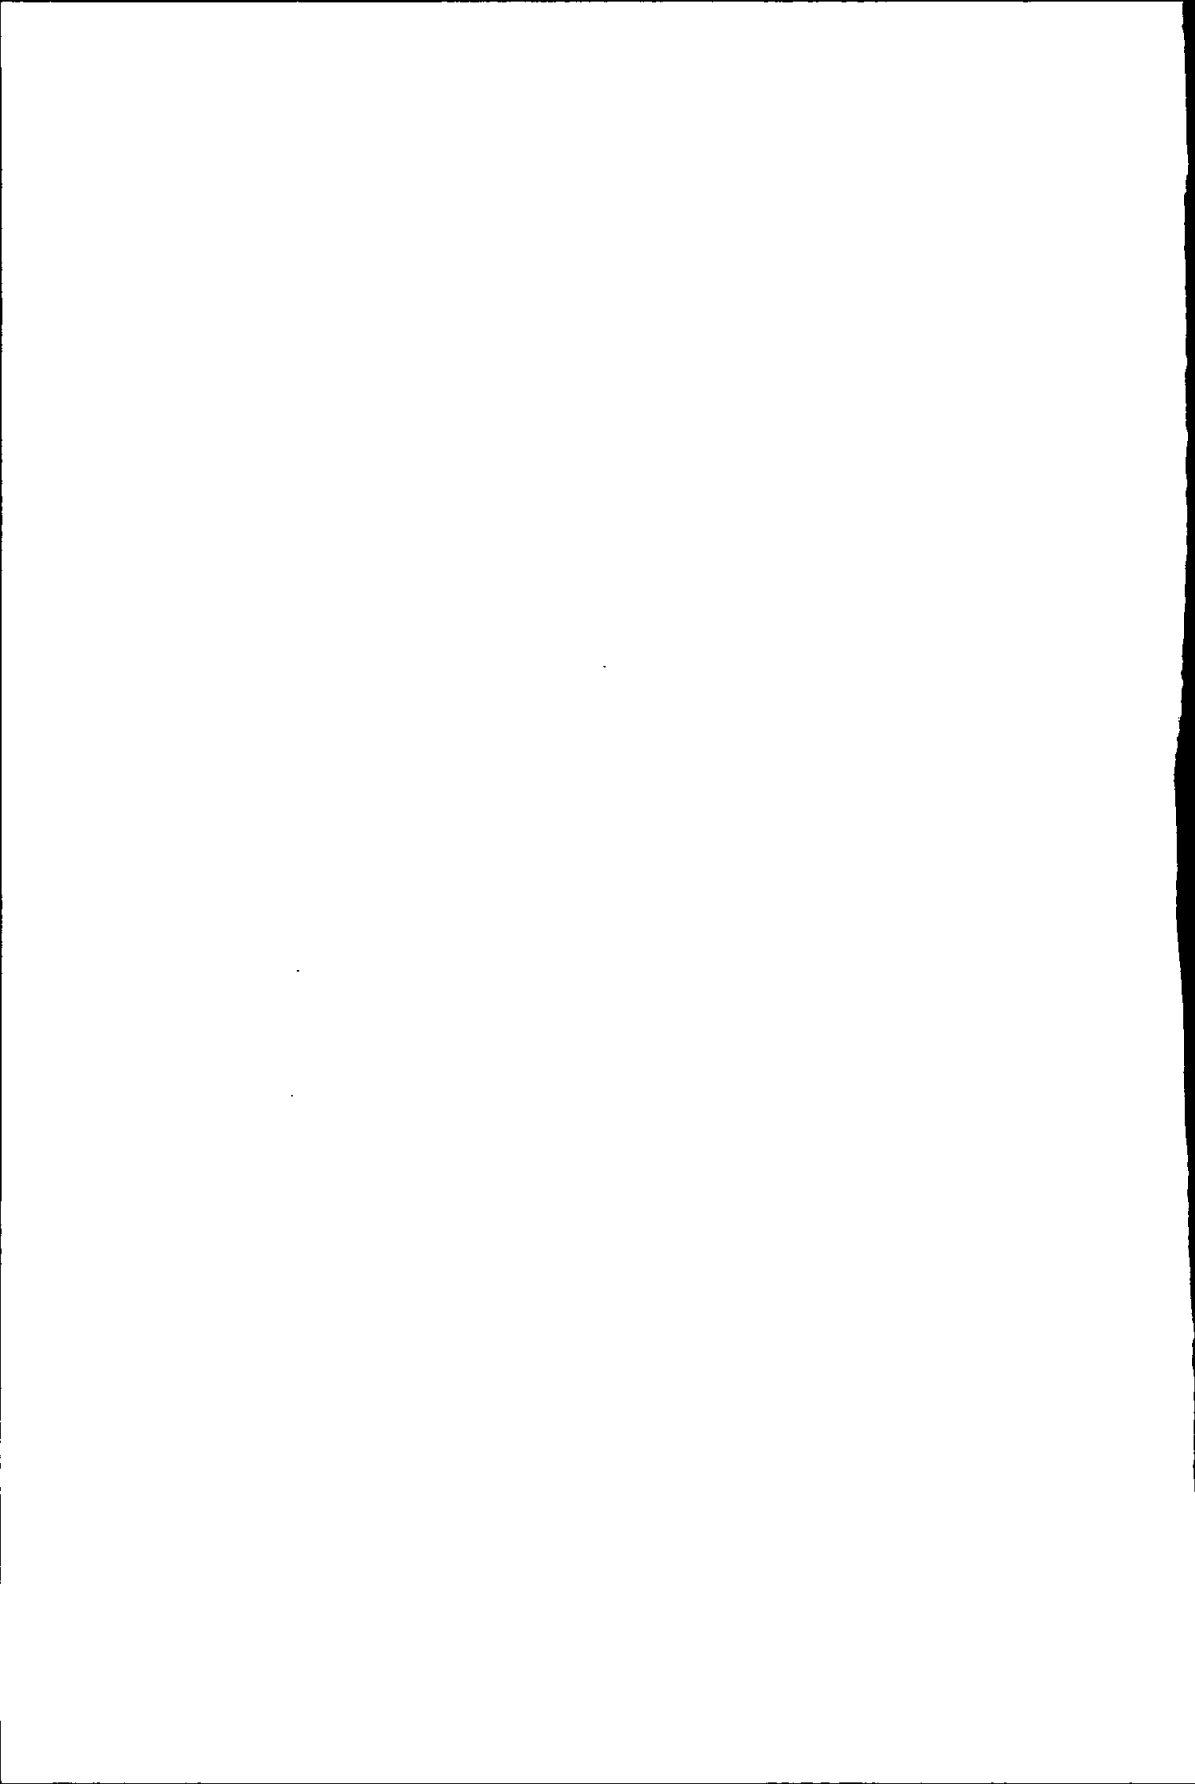

Finally I thank staff members and colleagues*of cardilology department, who were always supportive during the conduction of all steps of this work.

Ali Farghaly osman

Contents

	Page
Introduction and aim of work	1
Review of literature	4
Anatomy of the mitral valve	4
Aetiology and pathology of mitral stenosis	10
Role of echocardiography in diagnosis of mitral stenosis.	16
Role of transoesophageal echocardiography (TEE) in mitral stenosis.	22
The lung in mitral stenosis	25
Balloon mitral valvuloplasty (BMV).....	35
Historical background	35
Indications of balloon mitral valvuloplasty	39
Contraindications of balloon mitral valvuolplasty	44
Complications of balloon mitral valvuloplasty... ..	49
Patients and methods	62
Results	69
Discussion	86
Summary and Conclusions	104
Master sheet	107
