**ON CERTAIN ASPECTS OF THE BIOLOGY
AND HOST-PARASITE RELATIONSHIPS OF
FASCIOLA SPP. IN EGYPT**

A THESIS SUBMITTED FOR THE AWARD OF Ph. D. DEGREE IN
ZOOLOGY

BY
OSAMA MOHAMMAD SAYED MOSTAFA
(M. Sc.)

SUPERVISED BY

**PROF. DR. ABD AL-HAFEZ HELMY
MOHAMMAD**

EMERITUS PROFESSOR OF
PARASITOLOGY
DEPARTMENT OF ZOOLOGY
FACULTY OF SCIENCE
AIN SHAMS UNIVERSITY

DR. SHADIA HASSAN MOHAMED

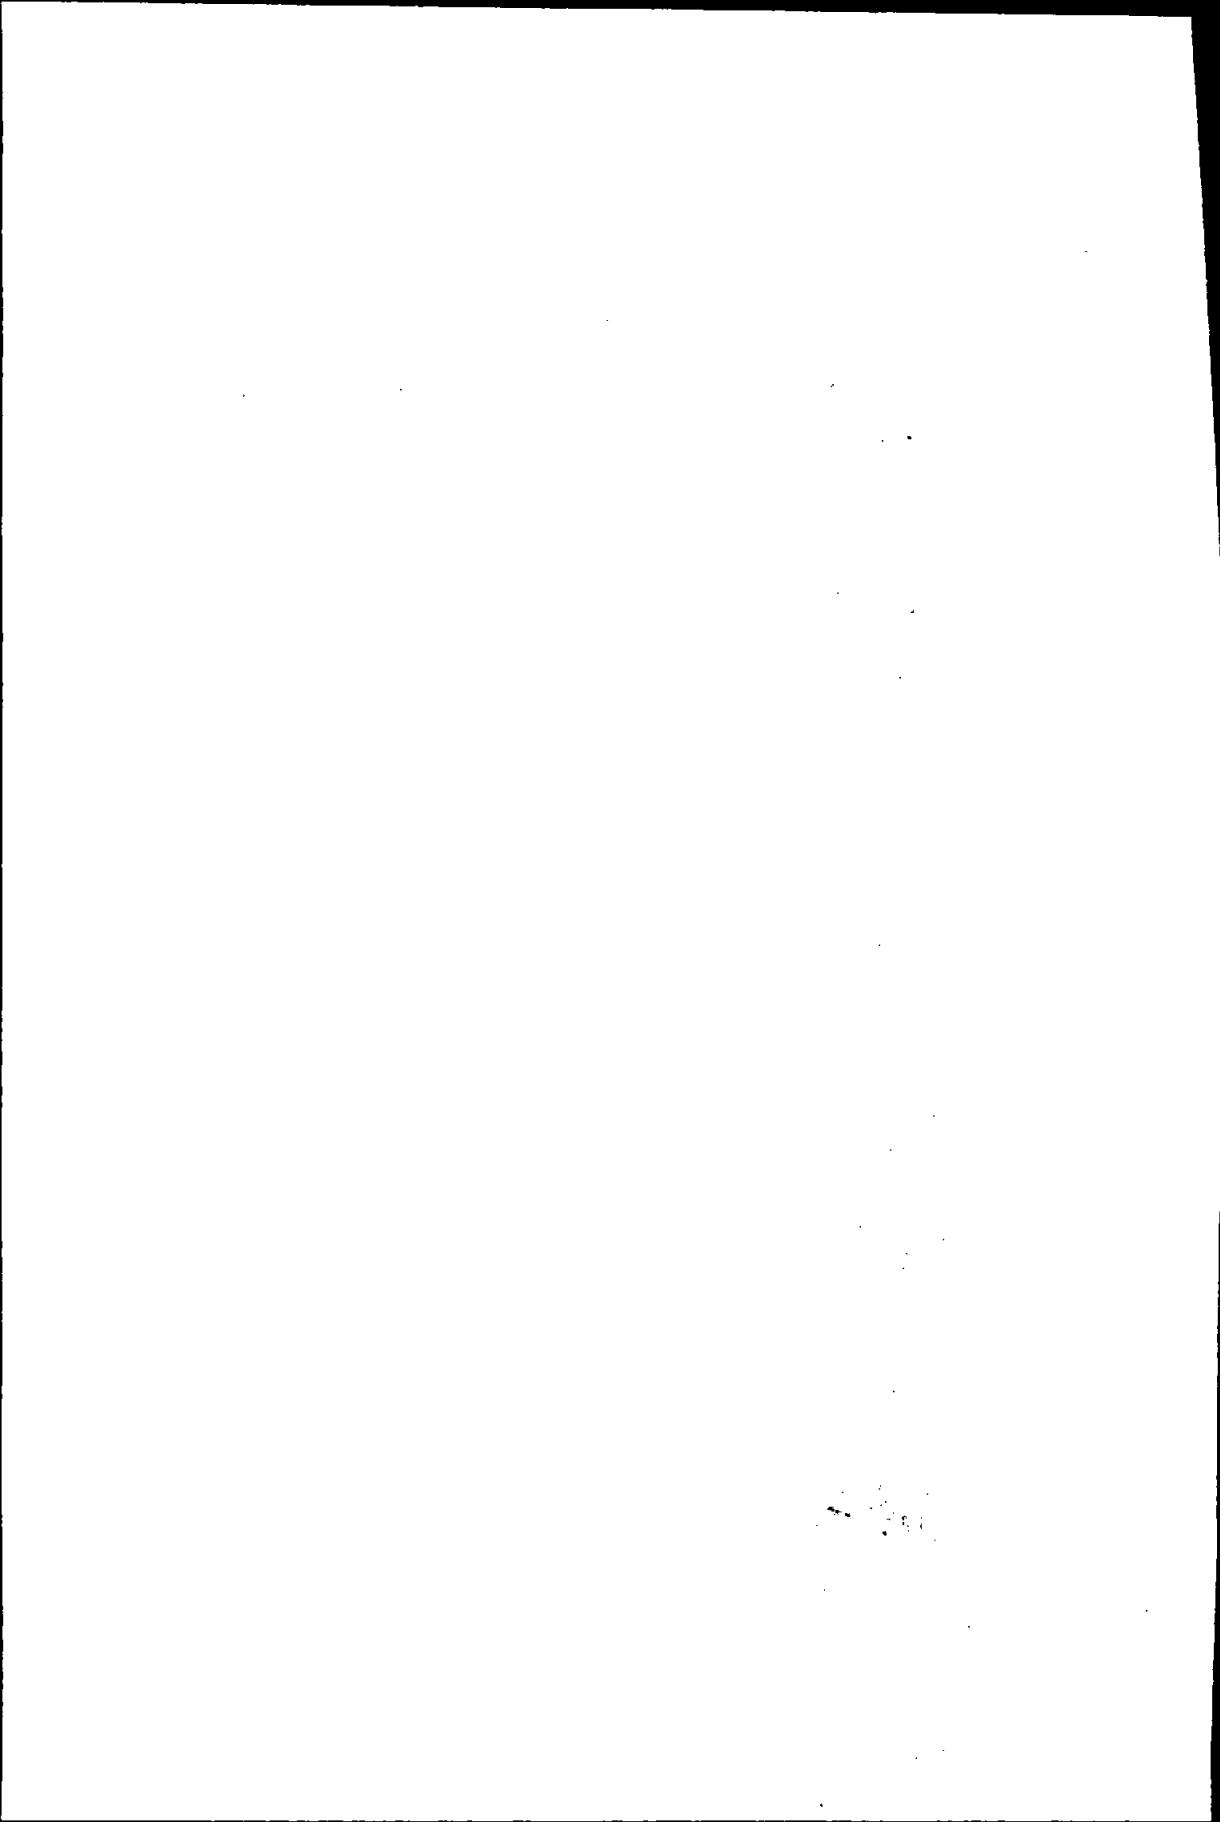

ASSISTANT PROFESSOR OF
PARASITOLOGY
DEPARTMENT OF ZOOLOGY
FACULTY OF SCIENCE
AIN SHAMS UNIVERSITY

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

I dedicate this work to my family

ACKNOWLEDGMENT

Praise and thanks are to Allah without Whose help, I would not have been able to complete this work.

I would like to express my grateful thanks and deep appreciation to Prof. Dr. Abd Al-Hafez Helmy Mohammad, Emeritus Professor of Parasitology, Zoology Department, Faculty of Science, Ain Shams University for his general supervision, valuable advice, continuous encouragement and for critical reading of the manuscript.

Grateful thanks and deep gratitude are also due to Dr. Shadia Hassan Mohamed, Assistant Professor of Parasitology, Zoology Department, Faculty of Science, Ain Shams University for her continuous and deep interest in the work, help in designing the experiments, advice during the progress of the practical work and valuable criticism of the manuscript.

I would like to thank Prof. Dr. Ameen A. Ashour, Professor of Parasitology, Zoology Department, Faculty of Science, Ain Shams University for his advice during the progress of the practical work and for his kind comments on certain parts of the draft manuscript.

Also, I would like to express my gratitude to Prof. Dr. Amr Karim, Professor of Biochemistry and Molecular Biology

and the Director of Genetic Engineering Research Services Unit (ASUGEN), Faculty of Science, Ain Shams University. He has kindly made the facilities of his laboratory available to me for certain biochemical and molecular techniques and read the draft manuscript of chapter five.

Grateful thanks are due to Prof. Dr. Abd-Allah M. Ibrahim, chairman of the Department of Zoology, Faculty of Science, Ain Shams University for his encouragement and support.

I would like to express my deepest thanks to the staff members and colleagues of the Zoology Department, Faculty of Science, Ain Shams University for their continuous support.

CONTENTS

	Pages
Acknowledgment	I
Contents	III
List of Abbreviations	V
List of tables	VII
List of figures	IX
Abstract	XIII
General Introduction	1
Aim of the work	3
 Chapter I. Materials and Methods	 4
Part1: Parasitological Techniques.	4
Part2: Histological and Scanning Electron Microscopical Techniques.	12
Part3: Molecular Techniques.	16
 Chapter II. Susceptibility of some Pulmonate Snails to the Infection with <i>Fasciola gigantica</i> and <i>Fasciola hepatica</i> from Various Mammalian Hosts	 24
- Review of literature	24
- Results	33
- Discussion	54
 Chapter III. Behaviour of <i>Fasciola gigantica</i> and <i>Fasciola hepatica</i> Miracidia Towards Some Pulmonate Snails, and their Fate in Susceptible Species	 64
- Review of literature	64
- Results	69
- Discussion	79

IV

Chapter IV. Morphological, Histological and Scanning Electron Microscopical Observations on <i>Fasciola gigantica</i> Cercariae and Metacercariae	88
- Review of literature	88
- Results	92
- Discussion	101
Chapter V. Restriction fragment length polymorphism (RFLP) analysis of mitochondrial DNA (mtDNA) of <i>Fasciola gigantica</i> and <i>F. hepatica</i> isolated from various mammalian hosts.	109
- Review of literature	109
- Results	114
- Discussion	120
Summary and Conclusions	125
References	133
Arabic Summary	167
