Acknowledgment

At first and foremost thanks to "Allah" who gave me the power to finish this work.

I find no words by which I can express my deepest thanks and gratitude to my honored professor, Professor Dr. Yehia Mohamed El-Gamal, Chairman of the Pediatrics Department and Head of the Allergy and Immunology Unit, Faculty of Medicine, Ain Shams University, for the continuous kind encouragement, support and guidance, he gave me throughout the entire work. It has been an honour and privilege to work under his generous supervision.

Also, I would like to express my deepest thanks and appreciation to Dr. Nahla Mostafa Heshmat, Assistant professor of Pediatrics, Faculty of Medicine, Ain Shams University for her great support, valuable time, careful supervision and continuous advice which helped me to overcome numerous difficulties.

I am also deeply grateful and would like to express my sincere thanks to Dr. Tahany Helmy El-Kerdany, Assistant professor of Clinical Pathology, Faculty of Medicine, Ain Shams University for her great help and continuous contributions in the practical part of this work.

To my husband for his wonderful support and understanding that enabled me to carry out this work, I express my endless thanks.

To my parents, colleagues and to every one who participated in a way or another in this work, I owe my thanks and appreciation.

Last but not least, I would like to thank my dear patients who were the corner stone of this study wishing them recovery.
