

# **The Effect of Clindamycin on the Incidence of Alveolar Osteitis in Cases of Acute Infection**

*Thesis Submitted for partial fulfillment of the requirements for master degree  
in Oral and Maxillofacial Surgery*

*By*

**Fayrouz Abd El Hameed Mohamed**

*B.D.S 2009, Ain-Shams University  
Resident of Oral and Maxillofacial Surgery Department  
Kobry El Kobba Military Hospital*

*Supervised by*

**Dr. Mohamed Diaa' Zain Elabedeen**

*Professor of Oral and Maxillofacial Surgery  
Faculty of Dentistry, Ain-Shams University*

**Dr. Marwa Abdelwahab El-Kassaby**

*Professor of Oral and Maxillofacial Surgery  
Faculty of Dentistry, Ain-Shams University*

**Dr. Raafat Youssef Riad**

*Assistant Professor of Oral and Maxillofacial Surgery  
Armed Forces Medical Academy*

**Faculty of Dentistry - Ain Shams University**

**2020**

## *Acknowledgment*

*Foremost, I want to offer this endeavour to our **GOD Almighty** for the wisdom he bestowed upon me, the strength, the peace of mind and good health in order to finish this research.*

*To my life-coach, friend, eternal awe-inspiring and supervisor **Prof. Dr. Marwa ElKassaby**. Under your guidance, I successfully overcame many difficulties and learned a lot. I owe it all to you. Many Thanks!*

*I am grateful to my forever supporting, encouraging and always enthusiastic mentor **Prof. Dr. Raafat Riad**, who have provided me through moral and professional support in my life.*

*A very special gratitude goes out to **Dr. Mohamed Diao** for his understanding, encouragement and personal attention which have provided good and smooth basis for my Master tenure.*

*I am also extremely indebted to **Dr. Mazen Attia, Dr. Marwa Taher and Dr. Rania Halim**, for their help, patience, motivation, and guidance.*

*With a special mention to my dear friends **Nehal Yousri and Hany Salah** who have, in their own ways, kept me going on my path to success, assisting me as per their abilities, in whatever manner possible and for ensuring that good times keep flowing. Thanks for all your encouragement!*

*To my beloved Mother, Father, Fadwa, Mohamed and Ali*

*I couldn't have done this without you.*

*Thank you for the love, faith and support along the way.*

## *Disclosure*

This thesis was a part of a project conducted on the different etiologies and risk factors related to Alveolar Osteitis. This project included the thesis of dear colleagues:

- Hany Salah El-Din, titled: “The effect of Chlorohexidine on the prevention of Alveolar Osteitis after surgical extraction of lower molars”.
- Ayman Omar Tawfik, titled: “Assessment of Atraumatic Extraction Technique on the Incidence of Alveolar Osteitis”.
- Ramy Hamdy El-Shater, titled: “The efficacy of hyaluronic acid in decreasing the incidence of Alveolar Osteitis following surgical extraction of mandibular molars”.

There are no financial conflicts of interest to disclose with the manufacturers of any of the materials mentioned within the contents of this study.

Discussion .....	72
Summary, Conclusion and Recommendations.....	86
Appendix .....	91
References .....	110
Arabic Summary .....	-

<b>AO</b>	Alveolar Osteitis
<b>NSAIDS</b>	Non-Steroidal Anti-Inflammatory Drugs
<b>VAS</b>	Visual Analogue Scale
<b>CHX</b>	Chlorohexidine
<b>PMC</b>	Pseudo-membranous colitis
<b>MIC</b>	The minimum inhibitory concentration

<b>Fig. No.</b>	<b>Title</b>	<b>Page</b>
1	Mechanism of fibrinolytic activity in Alveolar Osteitis .....	6
2	Lower left second molar before extraction .....	39
3	Preoperative panoramic radiograph .....	39
4	The Anesthetic Carpule.....	40
5	Tray of the surgical instruments used for extraction of molars.....	41
6	Gel foam.....	42
7	Gel foam pieces.....	42
8	Gel form of the clindamycin phosphate gel .....	42
9	Socket of lower left second molar after extraction .....	43
10	Application of clindamycin phosphate gel to gel foam pieces before insertion in the extraction socket .....	43
11	Suturing of the socket after application of the gel foam.....	43
12	Alvogyl dressing .....	46
13	Bar chart showing frequency of Alveolar Osteitis in all groups.....	51
14	Photograph showing dry socket in a lower second molar.....	52
15	Bar chart showing percentage of VAS score in all groups .....	54
16	Line chart showing values of VAS score in all groups at different observation dates .....	58
17	Bar chart showing values of VAS score in all groups at different observation dates .....	58
18	Bar chart showing values of percent change of VAS score in all groups at different interval.....	59
