Acknowledgements

The author wishes to express his deep gratitude to **Prof. Dr. Fakhry Abd El salam** ,(god bless his soul) Physics Department, Faculty of Education, Ain Shams University for his guidance and support over the work

I would like to express my thanks to **Prof. Dr/Radwan Hamouda Nada**, Head of Physics Department, Faculty of Education, Ain Shams University, for his valuable help, useful discussions and suggestions, continuous encouragement throughout this work.

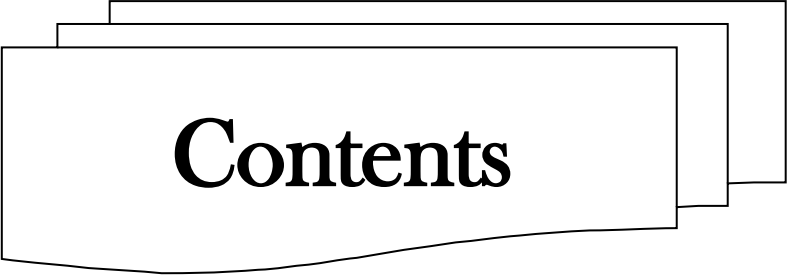

I also wish to express my deep gratitude to **Prof. Dr/ Mostafa Mohamed Mostafa**, Physics Department, Faculty of Education, Ain Shams University for his assistance and continuous supervision and encouragement.

I would like to express my thanks to **Prof. Dr / Mohsen Rady Nagy**, Physics Department, Faculty of Education, Ain Shams University, for his help and valuable discussions through the present work.

Thanks are also extended to **Dr/ Ashraf Sayed Mahmoud**, Physics Department, Faculty of Education, Ain Shams University, for his helpful guidance and valuable discussions over the work.

The author would like to thank all members and colleagues in the laboratory of "Solid State Physics" Faculty of Education, Ain Shams University.

Finally, my deep thanks to my family for their encouragement and support.
