Acknowledgment

First of all, I kneel humbly to **GOD**, thanking him for showing the right path. With his help, my efforts would have gone astray.

Wording is not enough to express my sincere respect and cordial gratitude to **Prof. Dr. Amany Taha Sroor**, Prof. of Nuclear physics, Ain Shams University, Women's College for Arts, Science and Education, for his supervision and planning the work, fruitful discussion and careful guidance and valuable discussion in order to bring out this work in its current form.

Particular gratitude and heartily thanks to **Prof. Dr. Samia El Bahi (God rest her soul)**, Prof. of Nuclear physics, Ain Shams University, Women's College for Arts, Science and Education.

I wish to express my deepest appreciation to **Prof. Dr. sayed Fahmy Hassan**, Prof. of Environmental and Radiological physics, Nuclear Materials Authority, for suggesting the topic of the study, continuous constructive discussion and assistance during the course of research.

Special thanks for **Ass. Prof. Dr. Mahmoud Ahmed Mohammed**, Geologist of U-ores, Nuclear Materials Authority, for her careful guidance throughout the accomplishment of this work and for continuous encouragement.

I wish to express my sincere thanks and gratitude to **Dr. Eman Samir Abd-El Moaty**, Lecture of Nuclear physics, Faculty of
