ACKNOWLEDGEMENT

*In the Name of Allah,
The Merciful, The Compassionate*

First of all, I am deeply thankful to **ALLAH** to the grass of whom the present work was realized.

This work was conducted under the direction of **Prof. Dr. Osama M. El-Husseiny**, Professor of Poultry Nutrition and chairman of the Department of Animal Production, Faculty of Agriculture, Cairo University. The author wishes to express his sincere appreciation to him for encouragement, counseling and critical evaluation offered throughout the course of this study.

I wish to express my deep thankful to **Prof. Dr. Adel Z.M. Soliman**, Professor of Poultry Nutrition, Department of Animal Production, Faculty of Agriculture, Cairo University, for his supervision, stimulating, guidance, instruction, assistance and revising the thesis.

I am thankful to **Dr. Mamdouh O. Abd-Elsamee**, Assistant Professor of Poultry Nutrition, Department of Animal Production, Faculty of Agriculture, Cairo University, for his encouragement and valuable advises, and his continues helps during the accomplishment of the practical part of this study.

The author also would like to thank the staff members and technicians of the same department for their co-operation and help during the laboratory work.

It gives me pleasure also to express gratitude to all the staff members at the Animal Production Islamic Company (APICO) for given me facilities and their great help and co-operation.

Finally, I am especially grateful to my beloved father, mother, brother, sisters, wife and all my friends for their helpful, patience and moral support throughout my involvement in this study.
