# Acknowledgement

I am using this opportunity to express my gratitude to everyone who supported me throughout the course of this work; they are all part of its success. I am thankful for their aspiring guidance, invaluable constructive criticism and friendly advice.

I express my warm thanks to ***Dr. Randa Kamal Abdel Raouf; Professor of Pediatrics, Ain Shams University***, for her support and endless understanding of the work.

I am wholeheartedly thankful to my supervisor and mentor ***Dr. Inas Mazen; Professor of Clinical Genetics, National Research Centre***, for her endless support not only through this work but since the first day of my career and I would never stop learning from her.

It was my greatest pleasure to be supervised by ***Dr. Mona Lotfy Essawi; Professor of Medical Molecular Genetics, National Research Centre, Internal supervisor of the study***, for her extreme patience and guidance through the work.

I am deeply indebted to ***Dr. Mona Mekkawy; Assistant Professor of Cytogenetic, National Research Centre***, for her meticulous work and continuous advice through every step of this work.

I would also like to express my gratitude to ***Dr. Heba Hassan; Researcher of Medical Molecular Genetics, National Research Centre*** for her great help with molecular genetic work up for studied patients.

I would like to express my empathy and appreciation to ***the patients*** and their families, for their cooperation and understanding.
