"Different Analytical Techniques for Water Quality Management of Qarun Lake"

A thesis submitted by
Rehab Fathy Abd El-Aal Abd El-Rahman
(M.Sc., Chemistry 2013)

For The Requirement of the Degree

Of
Doctor of Philosophy (Ph.D.)
Chemistry

to

Chemistry Department
Faculty of Science

"Different Analytical Techniques for Water Quality Management of Qarun Lake"

A Thesis Submitted to
Faculty of science
For
The Degree of Doctor of philosophy
Chemistry

By

Rehab Fathy Abd El-Aal Abd El-Rahman

(M.Sc., Chemistry, 2013)

Under supervision

Prof.Dr. Mohamed said Attia Mostafa
Professor of Analytical Chemistry- Faculty of
Science – Ain Shams University

Prof.Dr. Noha Samir Donia
Professor of Environmental Hydrological-
Institute of Environmental and Studies
Research- Ain Shams University

Prof.Dr. Mohamed El Sherif Mohamed Goher
Professor and Head of Chemistry Department -
Freshwater and Lakes Division - National Institute of
Oceanography & Fisheries

Dr. Seliem Mahmoud Madboly El Sayed
Lecturer of Analytical Chemistry- Freshwater and
Lakes Division - National institute of Oceanography
& Fisheries

2020

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

❧ Acknowledgment ❧

First of all, I am deeply thankful to Allah for all the gifts he has given to me and for everything occurred or to be occurred in my life.

*Thanks and gratefulness to **Prof. Dr. Mohamed said Attia Mostafa**, Professor of Analytical Chemistry, Faculty of Science, Ain Shams University, for his encouragement and helpful supervision.*

*I would like to express my deepest gratitude and sincere appreciation to **Prof. Dr. Mohamed El-Sherif Mohamed Goher**, Professor and Head of Chemistry Department, Freshwater and lakes Division, National Institute of Oceanography and Fisheries (NIOF) for his helpful supervision, kind help and great facilities throughout the study period; and I am lucky for his supervision.*

***Prof. Dr. Noha Samir Donia**, Professor of Environmental Hydrological-Institute of Environmental and Studies Research- Ain Shams University, for her supervision, help me in the model part during this work,*

***Dr. Selim Mahmoud Madboly El Sayed**, Lecturer of Analytical Chemistry, Freshwater and lakes Division, National Institute of Oceanography and Fisheries (NIOF), for his great help and cooperation throughout this work,*

Lastly but not least, my great thanks to my father, my mother and my husband for their tremendous help during the whole period of this work without which I would not be able to complete this thesis for their great love, support, and encouragement.

Rehab Fathy Abd El-Aal Abd El-Rahman

DEDICATION

**It is with great pride I dedicate
this work to my father,
my mother, my husband (Dr.
Mahmoud) and my kids;
Who have supported me to do this
work.**
