بسم الله الرحمن الرحيم

و إِذَا أَنْعَمْنَا عَلَى الْإِنْسَانِ أَعْرَضَ وَ نَسَّا بِجَانِبِهِ وَ إِذَا مَسَّهُ الشَّرُّ
كَانَ يُوَسِّسًا (٨٣) قُلْ كُلٌّ يَعْمَلُ عَلَى شَاكِلَتِهِ فَرَبُّكُمْ أَعْلَمُ بِمَنْ هُوَ
أَهْدَى سَبِيلًا (٨٤) وَ يَسْأَلُونَكَ عَنِ الرُّوحِ قُلِ الرُّوحُ مِنْ أَمْرِ
رَبِّي وَ مَا أُتِيْتُمْ مِنَ الْعِلْمِ إِلَّا قَلِيلًا (٨٥)

صدق الله العظيم
سورة الإسراء

B

١٤٨٥٠

ماذا لو امتدت يدٌ في البعيد

و تنفض الأمس القديم الجديد

دنيا اشياق و بقايا و عود

و نعبر الأيام طيراً شَرود

و يسكب اللحن الشَّجِّي الفريد

تفسح لي درب الحياة الوليد

و تحمل الفجر القريب البعيد

و نحن نبدي حولها أو نعيد

يسبح في روض الأمانى المديد

أغنية كالعمر لا كالخلود

ديوان اللؤلؤة في القلب
فاروق شوشة

**SOCIAL COGNITION'S ATTRIBUTIONAL STYLE OF
SCHIZOPHRENIC PATIENTS**

A thesis

**Presented to the Faculty of Nursing, University of Alexandria
In Partial Fulfillment of the Requirements for the Degree**

Of

Master of Nursing Science

In

Psychiatric Nursing and Mental Health

By

Mayar Ezzeldeen Mohamed Mahmoud Elnakeeb

August 2007

**SOCIAL COGNITION'S ATTRIBUTIONAL STYLE OF
SCHIZOPHRENIC PATIENTS**

Presented by

Mayar Ezzeldeen Mohamed Mahmoud Elnakeeb

For the Degree of

Master of Nursing Science

In

Psychiatric Nursing and Mental Health

Examiners' Committee:

Approved

Prof. Dr. Mervat Moustafa El-Gueneidy

.....

Prof. Dr. Samia Mohamed Abdel-Dayem

.....

Prof. Dr. Nelly Ahmed Mahgoub

.....

Advisors' Committee:

Prof. Dr. Samia Mohamed Abdel-Dayem

Dr. Maha Mohamed El-Sayed Gaafer

ACKNOWLEDGEMENT

I would like to thank the psychiatric patients, who participated in this study, I am so grateful without you this work would not have come out to light. I would also like to thank my professor teachers in my graduate career, your words and advices will guide me through out my life.

I also would like to express my gratitude to the members of my committee for their guidance and constructive directions. Specially, **Prof. Dr./ Samia Abdel-Dayem**, I am grateful for your efforts with me, for your persistence on finishing this study in the best possible manner, and without any delay. You give me the best living example of how to respect others, and time. Special thanks to **Dr./ Maha Gafaar**, your patience and advices were very important for making this study, you helped me to express my ideas in best possible way.

In addition, I would like to thank everyone else who helped me to produce this work. **Dr./ Dennis R. Combs**, Department of Psychology, University of Tulsa, for providing me generously with advices and references necessary for this study. **Ms/ Ghada Abou-Sheashaa**, demonstrator in the medical statistics, in the Medical Research Institute, for her valuable efforts and guidance regarding the statistical analysis of this work. **My colleagues**, in Psychiatric Nursing and Mental Health Department, Faculty of Nursing, University of Alexandria, for all their help and advices. **The Director and Staff** of El-Maamoura Hospital of psychiatric Medicine, for facilitating my work. **Engineer/ Mohamed Hamdi** for his assistance with computer work.

Last but not least, **to my FAMILY**, for providing me with support and assistance.
