**APPLICATION OF LOW PRESSURE
CASCADE IMPACTOR TO STUDY
ATMOSPHERIC AEROSOLS**

THESIS

Submitted in Partial Fulfilment
of the Requirements for the Master
Degree in Physics

TO

Physics Department
Faculty of Science
El-Minia University

BY

MONA MOUSTAFA MAHMOUD
B.Sc.

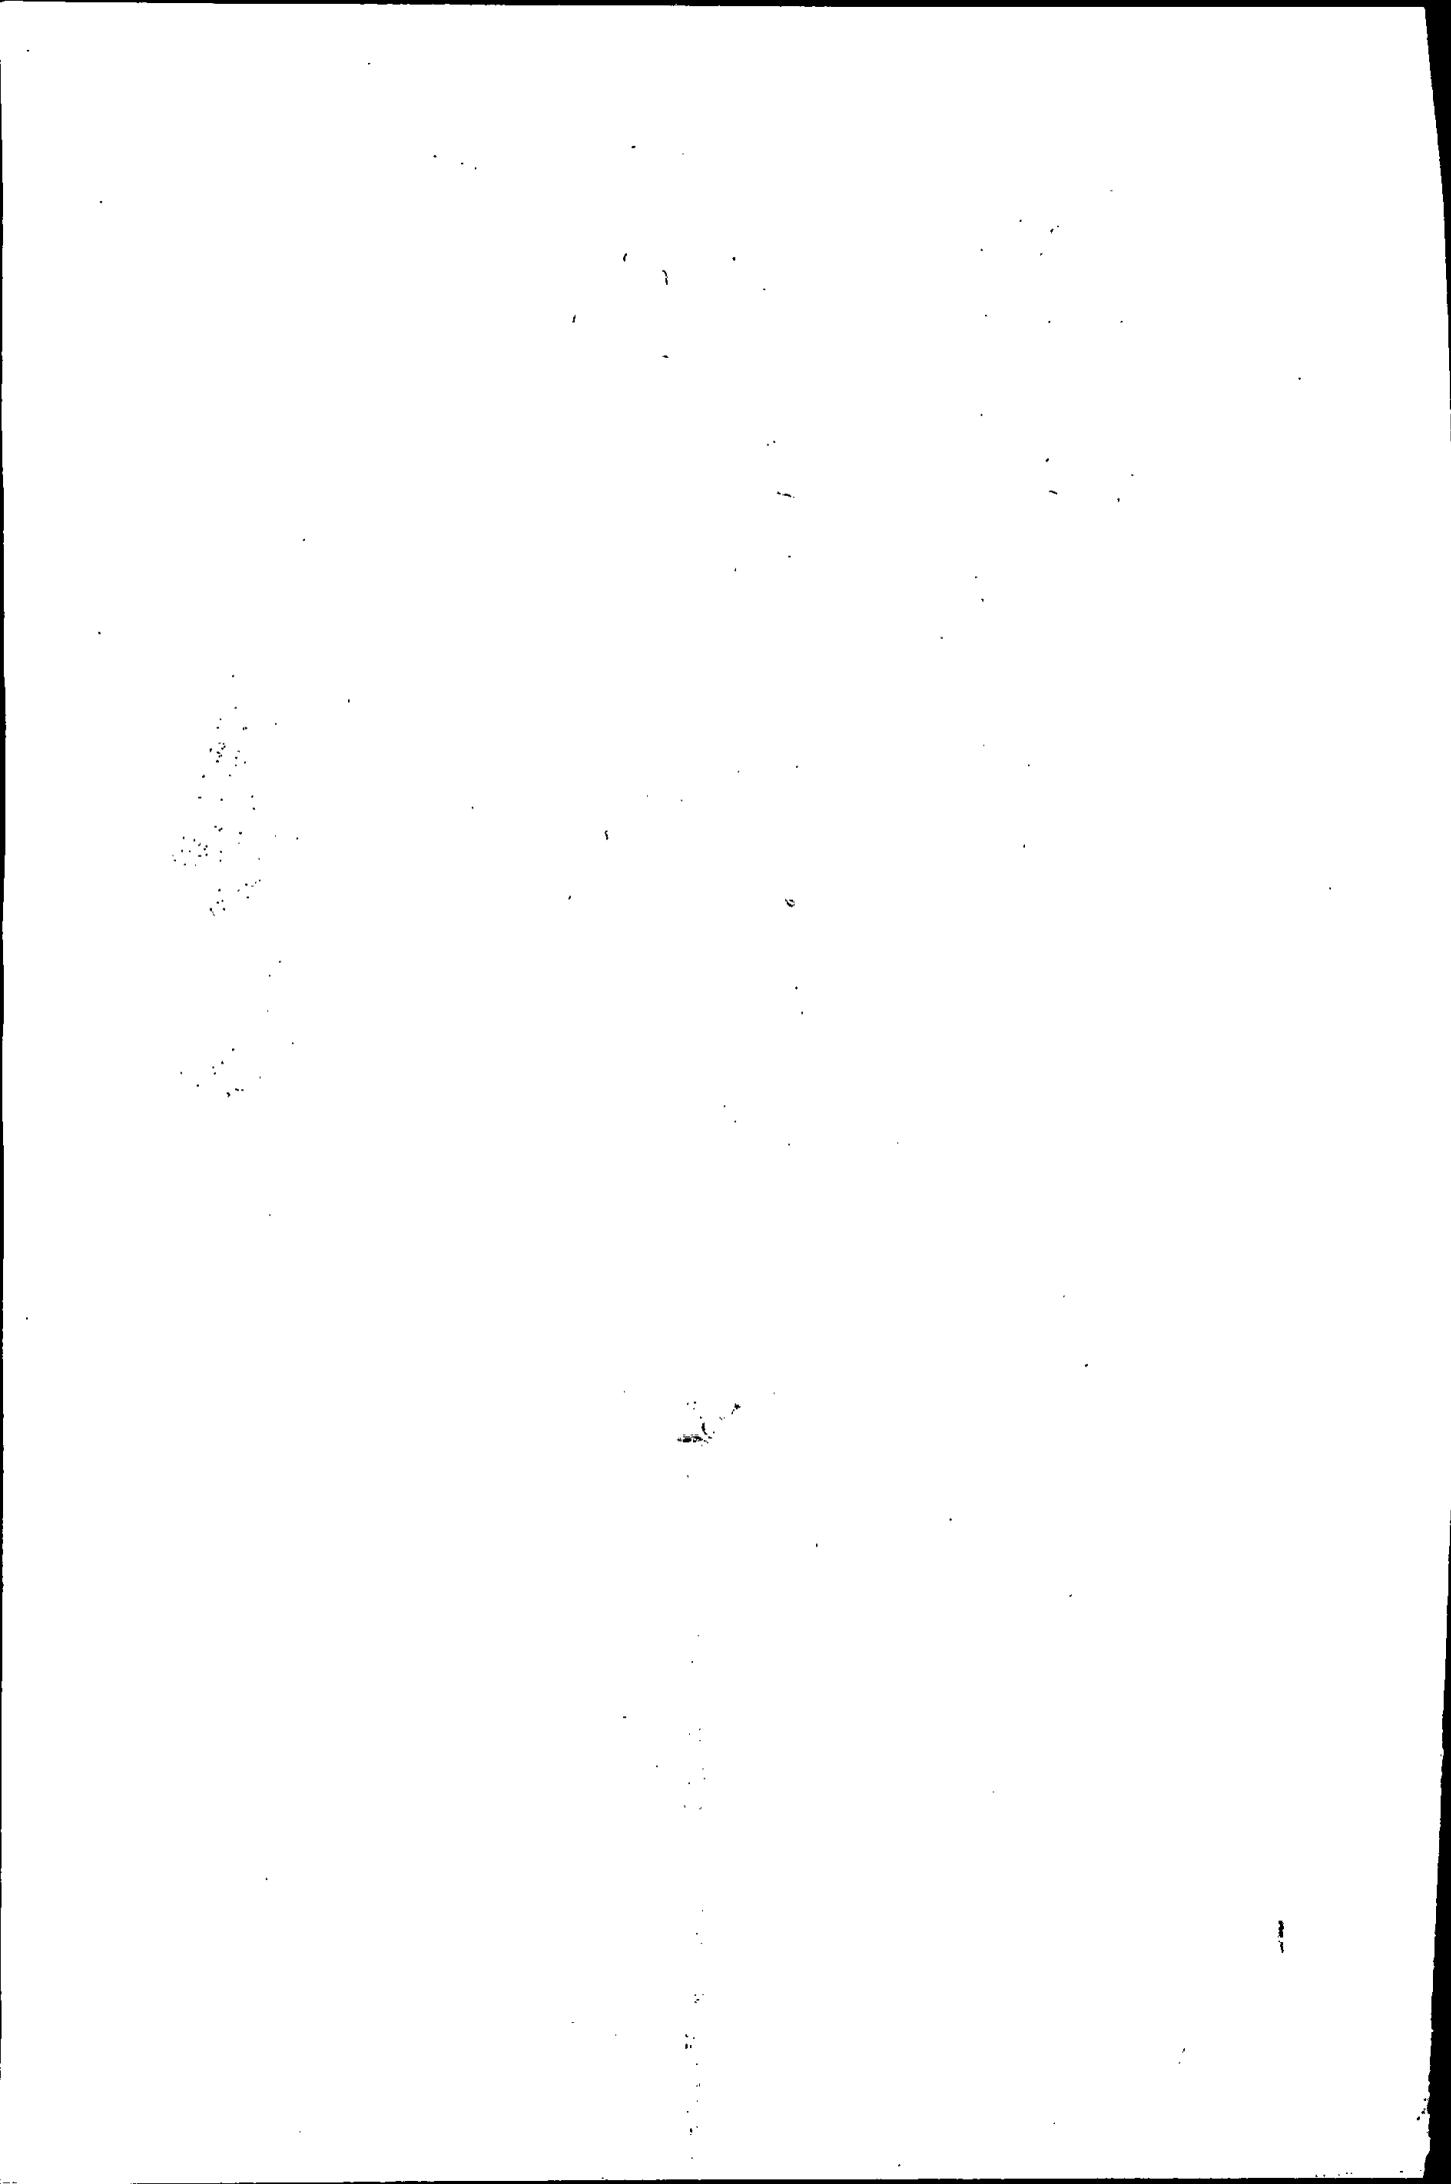

SUPERVISORS

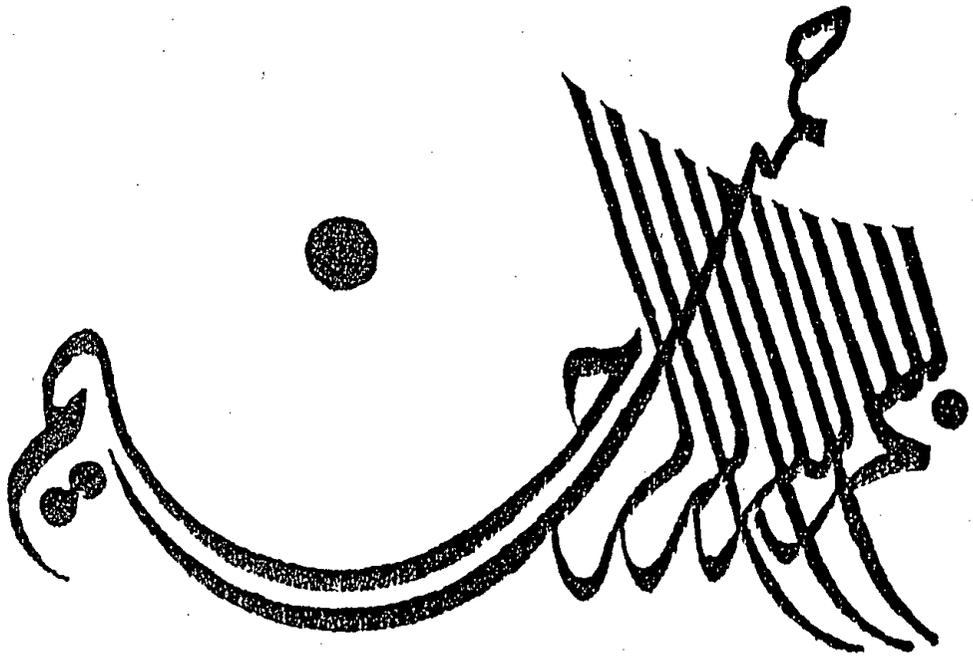

Prof. Dr. ABDEL-RAHMAN A. AHMED
Dr. AMR ABUL-HUSSEIN

EL-MINIA 1994

B

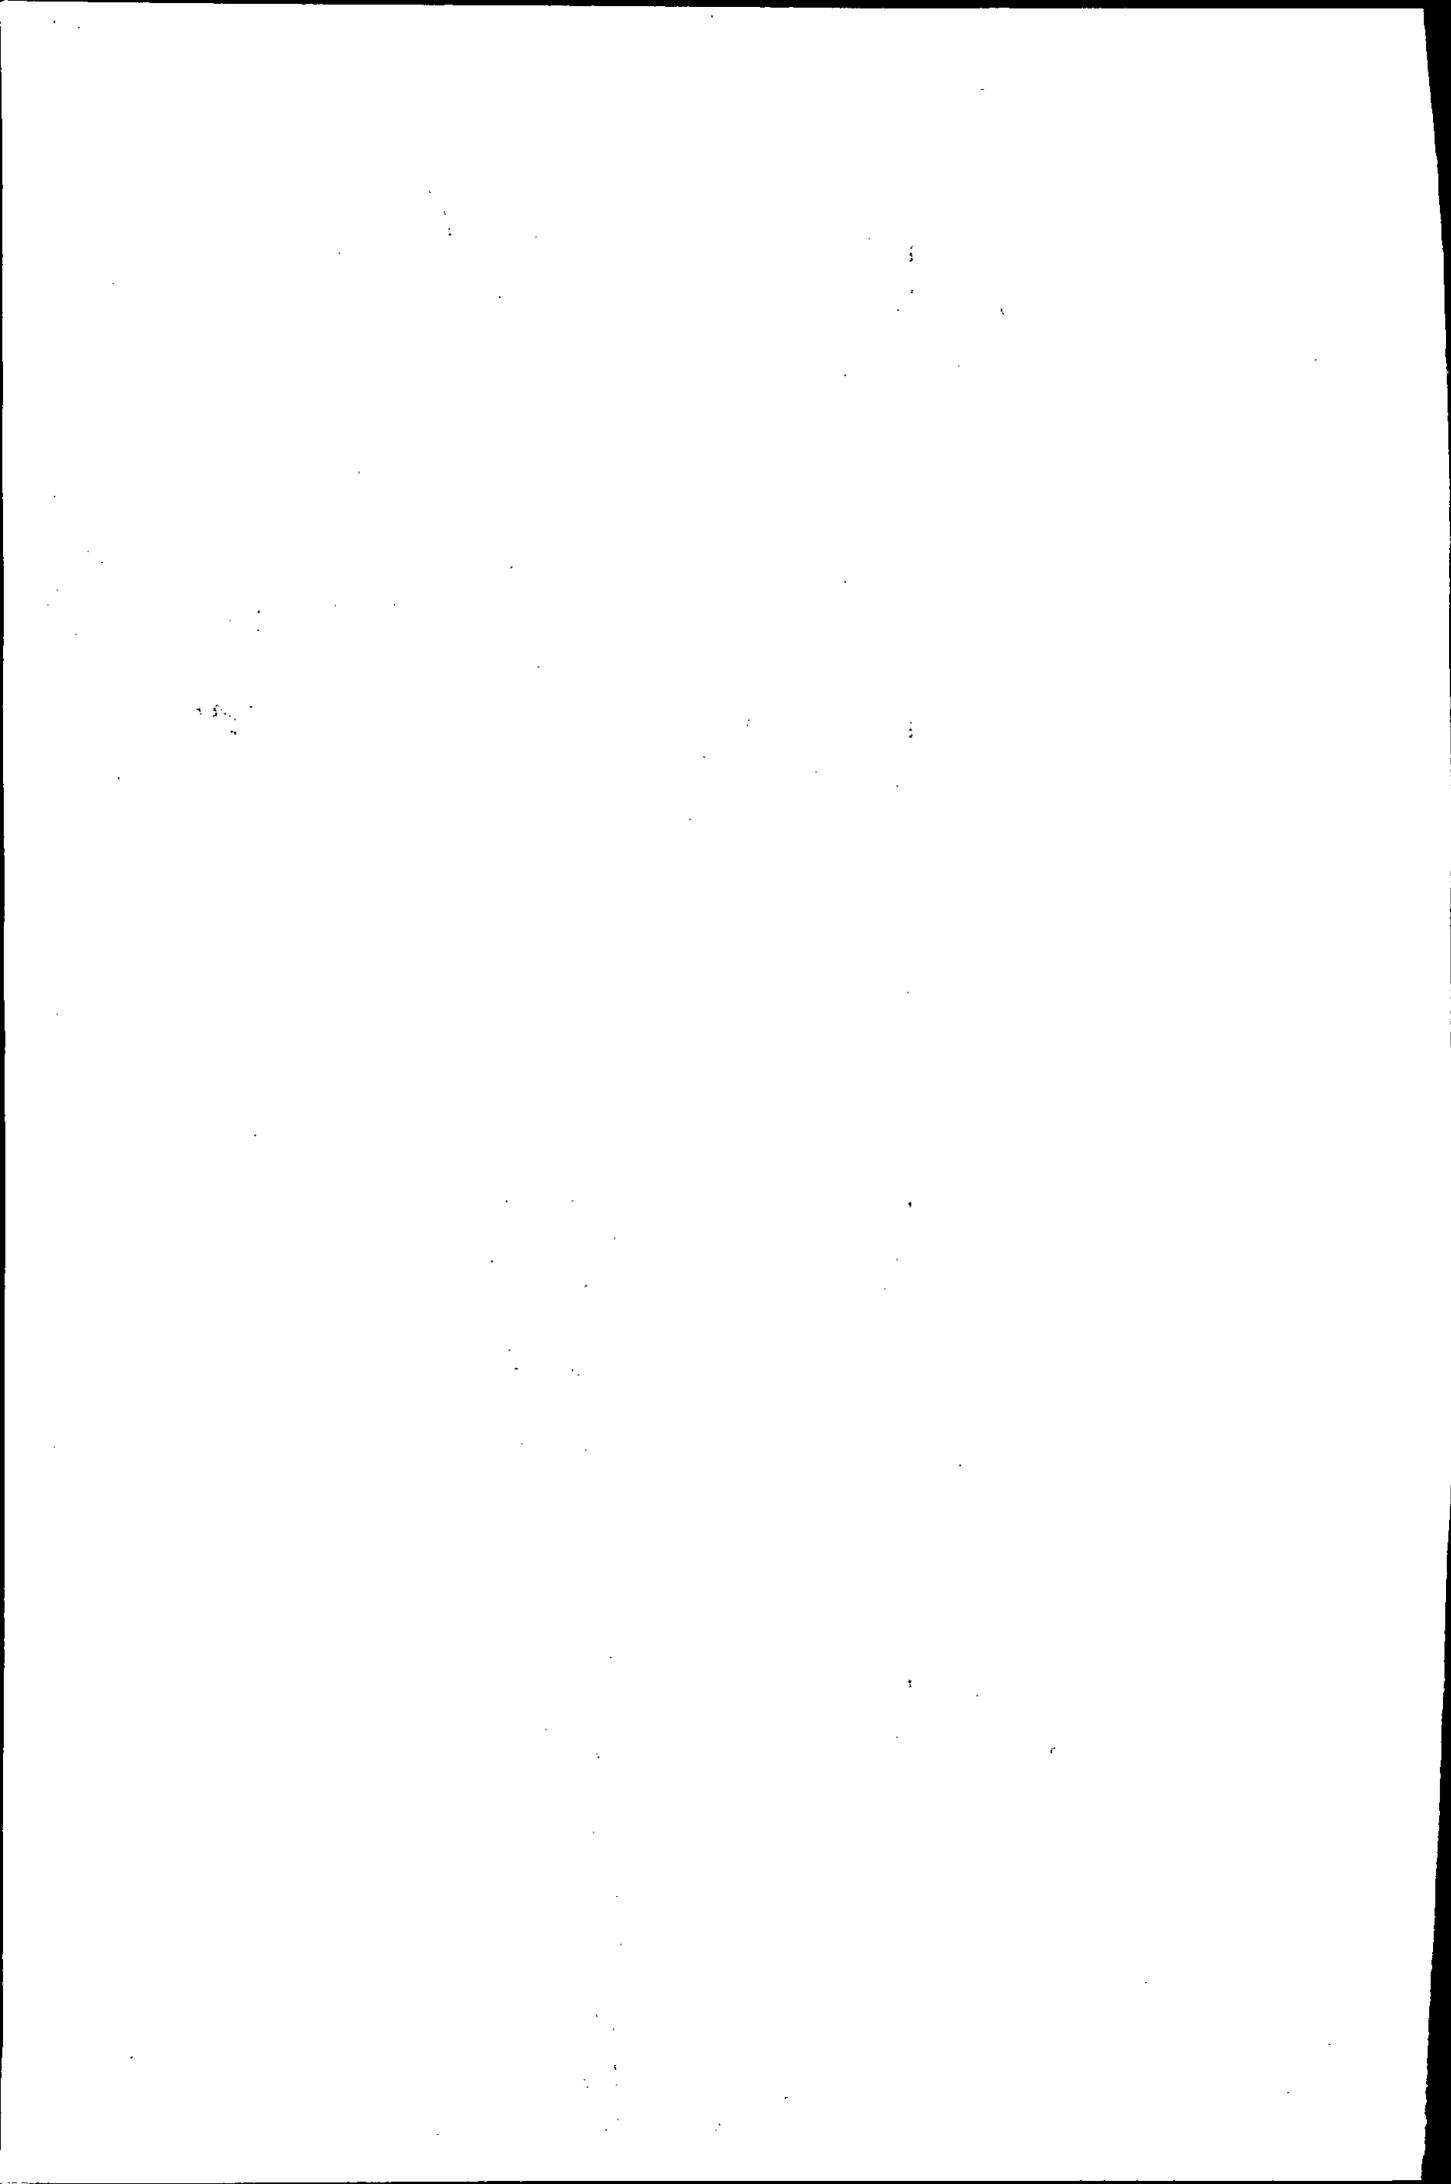

1EAV9

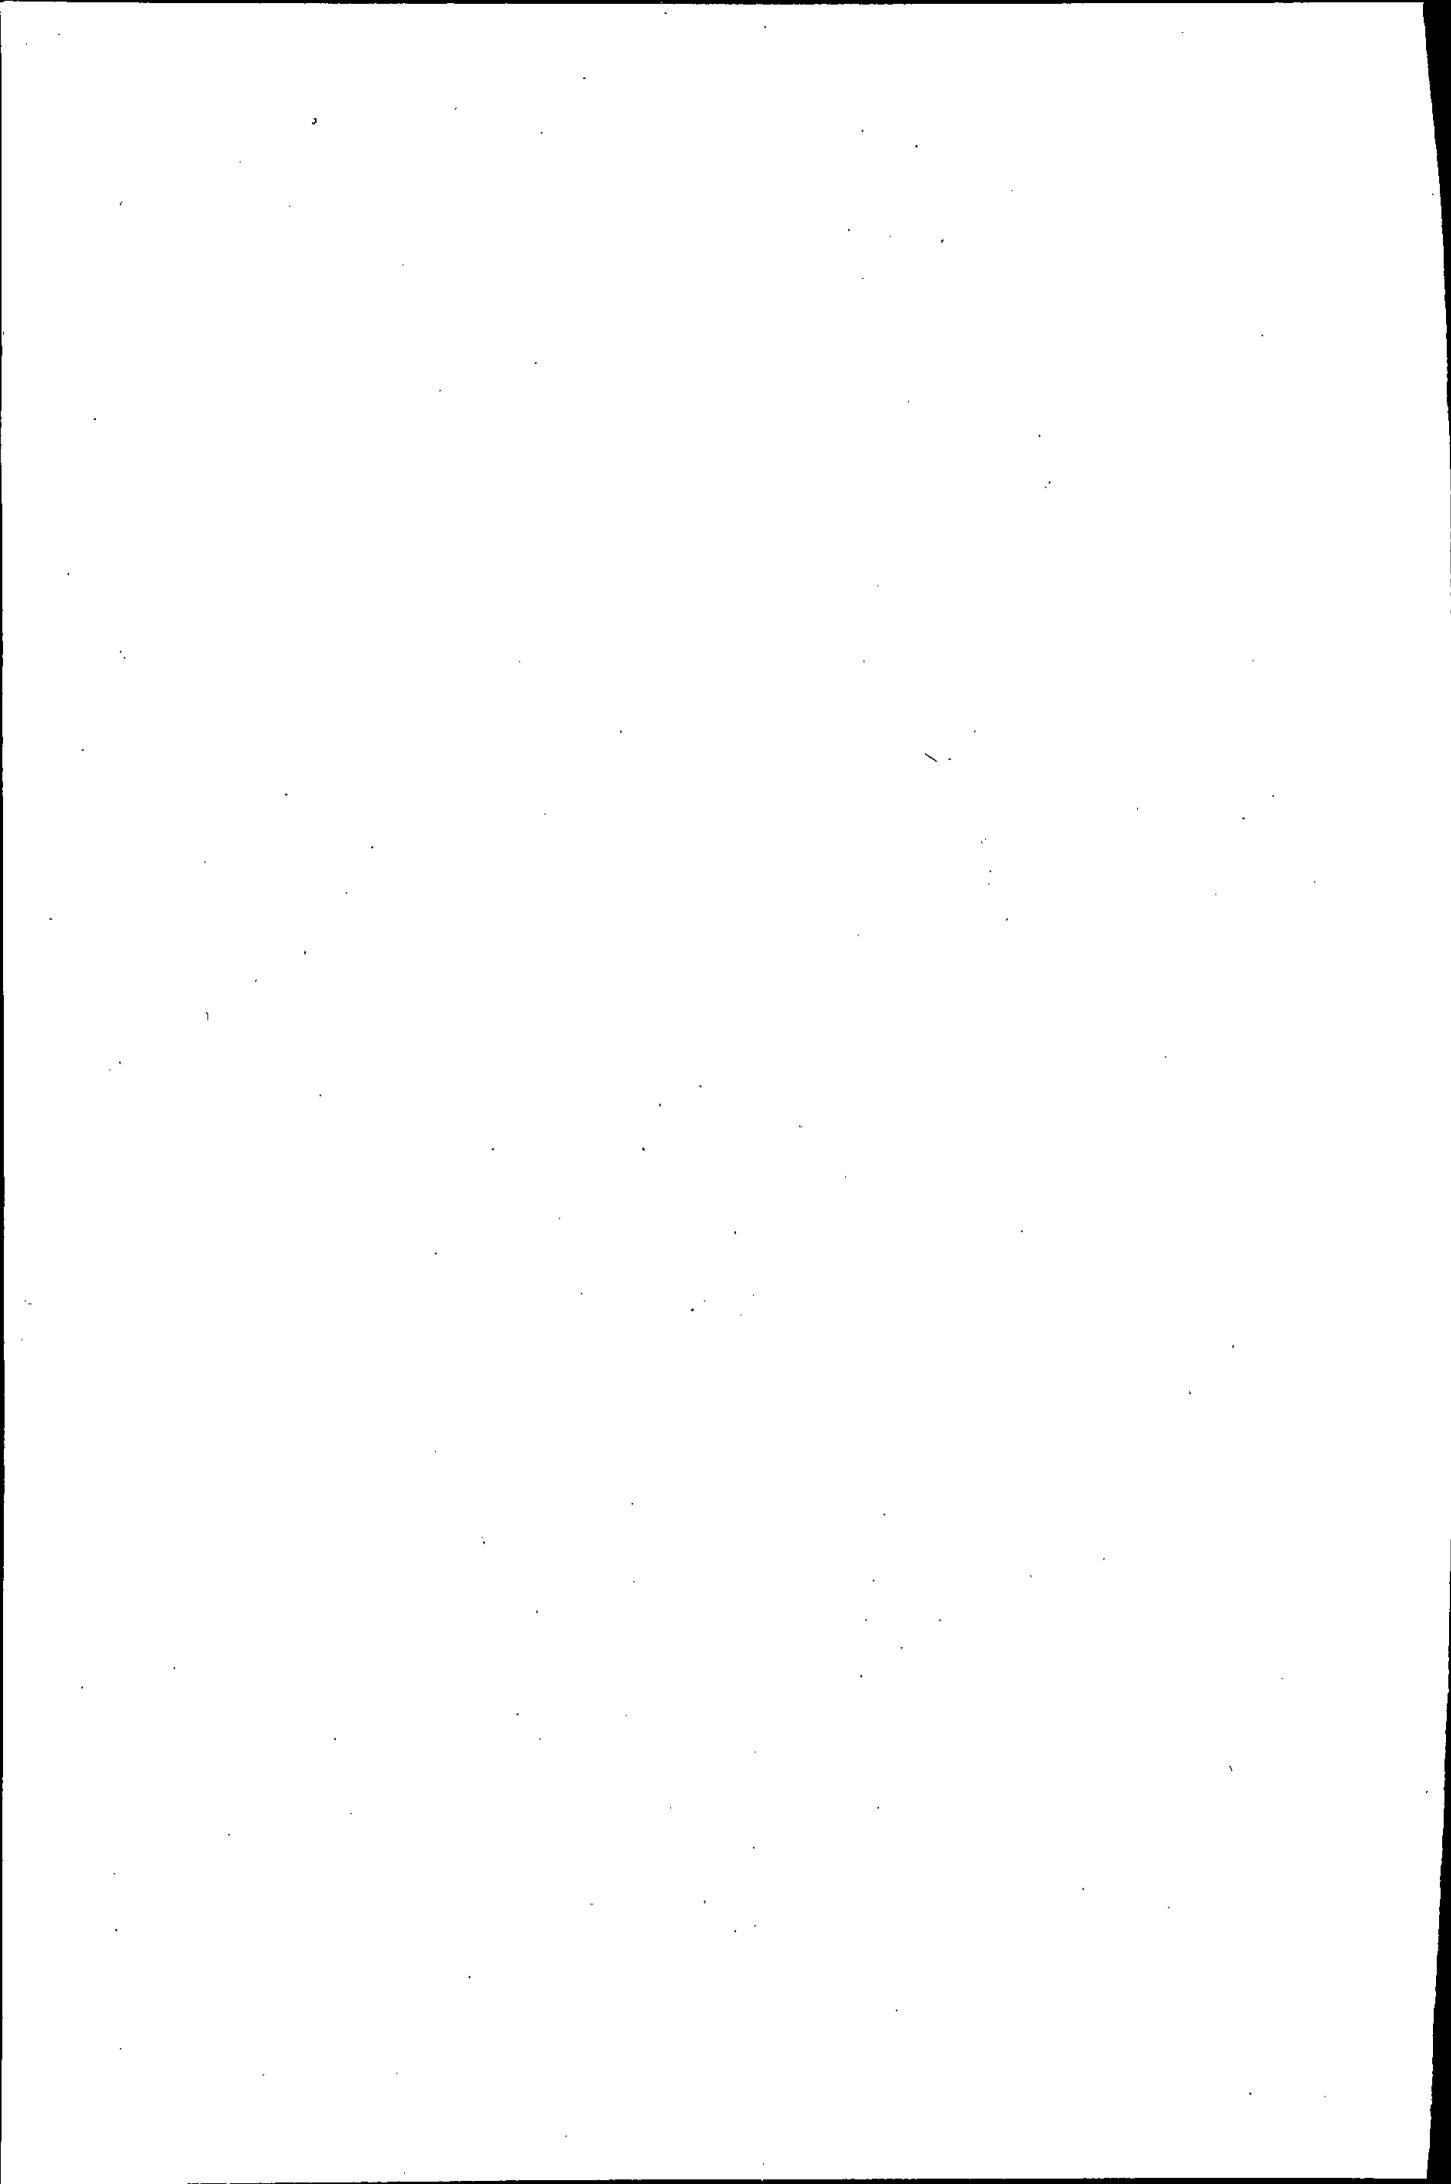

سُبْحَانَكَ يَا مَنْ لَا يَلْمُكَ أَحَدٌ وَلَا يَمُنُّ بِكَ
إِلَّا بِكَ يَا مَنْ لَا يَلْمُكَ أَحَدٌ وَلَا يَمُنُّ بِكَ

مصدقات الانجيل
(٢٢١ / البقرة)

To my parents with love and
gratitude and my lovely daughter
Hend.

ACKNOWLEDGMENTS

ACKNOWLEDGMENTS

First of all I do thank God for all gifts he gave me.

My deep thanks to Prof. Dr. Fouad Taha, Dean of Faculty of Science, EL-Minia University for his encouragement.

I wish to express my deepest gratitude to Prof. Dr. k. Abdel-Hady, Head of physics Department, Faculty of Science, EL-Minia University for his encouragement and his moral support.

I am greatly indebted to Prof. Dr. A. A. Ahmed, Physics Department, Faculty of Science, EL-Minia University for supervising this work, helpfull discussions, valuable suggestions and continuous interesting throughout this work.

I am greatly indebted to Dr. A. EL-Hussein, Physics Department, Faculty of Science, EL-Minia University for his continuous interesting in this work, providing day to day in valuable assistance and helping me by his fruitful discussions.

Finally many thanks for all members of Physics Department, Faculty of Science, EL-Minia University, who help me.

CONTENTS

CONTENTS

Page

ACKNOWLEDGEMENTS.....I

SUMMARY.....iv

CHAPTER 1. INTRODUCTION:

1.1. Atmospheric aerosol particles.....1

1.2. Radioactive aerosols.....3

1.3. Importance of atmospheric aerosols.....4

1.4. Size distribution of aerosols.....5

1.5. Particle size measurements.....10

1.6. Aim of the work.....10

CHAPTER 2. MEASURING TECHNIQUES:

2.1. Impactors.....13

2.2. Types of impactors.....14

2.3. Impactor operation.....14

2.4. Operational precautions.....17

2.4.1. High velocity effects.....17

2.4.2. Inlet losses.....18

2.4.3. Interstage losses.....18

2.4.4. Particle re-entrainment.....19

2.5. The theory of low pressure cascade impactor.....20
