صدق الله العظيم

DECLARATION

I declare that this thesis is my own work. It is being submitted for the Degree of Philosophy Doctor (Chemistry) at Ain Shams University, Egypt. It has not been submitted before for any examination or degree to other University or Institution.

Mohamed H. Ismael

Assistant Lecturer, Chemistry,

Nuclear Materials Authority,

Cairo, Egypt

ACKNOLEDGEMENTS

Firstly, my ultimate thanks are to my God "Allah" who gave me the power and success to complete this work.

I am expressing my deep and sincere gratitude to Prof. Dr. Mohamed F., El-Shahat for his guidance, encouragement and counseling of the work. My special thanks are to Prof. Dr. Omneya M., El Hussaini for her guidance and friendly supervision. My thanks also are to Dr Hesham S. Mohammed (internal supervisor) for his valuable participation.

I would like also to express my deep thanks to the helpful and useful discussions of my Colleagues at the Semi-Pilot Plant Department; especially, Assistant Professor Hanaa A., Abu Khoziem and Assistant Professor Walid M., Abdellah.

Special thanks to my Professors and Colleagues at the Nuclear Materials Authority (NMA); Research and Production Sectors, for their help and advice:

- Department of Mineralogy: The Chairman Prof. Dr. Elsayed H. Elsawey and the staff members.
- Department of Geochemical Exploration: The Chairman Prof. Dr. Mohammed G. El-Feky and the staff members.
- Department of Rock Studies: The Chairman Prof. Dr. Salah El balakssy and the staff members.
- Department of Isotopes Geology: The Chairman Prof. Dr. Tarek F. Mohammaden and the staff members.

Finally, I would like to express my deepest gratitude and thanks to all my family who supported and encouraged me for seven long years.
