TO MY WIFE

ACKNOWLEDGEMENT

The author wishes to express his sincere gratitude and indebtedness to his supervisors, Prof. Dr. Mohamed El-Said Issa, Associate Prof. Dr. Akram Mohamed Abd-El Halim Torkey and Assistant Prof. Dr. Nasser Fekery Hassan Elshafey for their consistent guidance, interest, patience and encouragement throughout the course of this study. Their valuable comments and suggestions during the research program and their efforts in reviewing the manuscript are greatly appreciated.

Thanks are also submitted to the following people who assisted this research in various ways, the staff of the Reinforced Concrete Lab and the staff of the Properties and Strength of Materials Lab at Cairo University.

Finally, the author wishes to express his deepest gratitude to his Wife and his Parents for their spiritual support and encouragement.
