Study on the various urinary protein components in lymphomas and the sensitivity of the various methods used for their detection

Thesis for the fulfillment of the requirement for the doctorate degree in clinical pathology and oncologic laboratory medicine

نفسه
2013

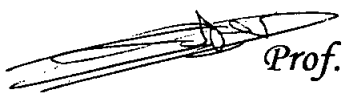

By

Dr. Nadia Hassan El-Bassuoni

Under the supervision of

Prof. Dr.

Mostafa Aboul-Enein

Professor of Clinical

Pathology Department

Cancer Institute - Cairo University

Prof. Dr.

Salwa Abdel Hamid El-Demerdash

Professor of Clinical Pathology

Cancer Institute and Head of Chemical

Pathology unit Cairo University

Prof. Dr.

Mohamed Ibrahim El-Khodary

Professor of Chemical and

Clinical Pathology

Faculty of Medicine-Cairo University

Dr.

Magdi Saber Moawad

Lecturer of the Medical

Oncology Department

Cancer Institute-Cairo University

National Cancer Institute

To My Parents

To My Husband

1. The first part of the report is a general introduction to the subject of the study.

2. The second part of the report is a detailed description of the methods used in the study.

3. The third part of the report is a discussion of the results of the study.

4. The fourth part of the report is a conclusion and a list of references.

5. The fifth part of the report is a list of appendices.

6. The sixth part of the report is a list of figures and tables.

7. The seventh part of the report is a list of abbreviations.

8. The eighth part of the report is a list of symbols.

9. The ninth part of the report is a list of footnotes.

10. The tenth part of the report is a list of references.

11. The eleventh part of the report is a list of appendices.

12. The twelfth part of the report is a list of figures and tables.

13. The thirteenth part of the report is a list of abbreviations.

14. The fourteenth part of the report is a list of symbols.

15. The fifteenth part of the report is a list of footnotes.

16. The sixteenth part of the report is a list of references.

17. The seventeenth part of the report is a list of appendices.

18. The eighteenth part of the report is a list of figures and tables.

19. The nineteenth part of the report is a list of abbreviations.

20. The twentieth part of the report is a list of symbols.

ACKNOWLEDGMENT

First of all great thanks are due to GOD. I am deeply indebted to:

*Professor **Dr. Mostafa Aboul Enein** Professor of Clinical Pathology NCI Cairo University for his continuous, extremely valuable scientific aid, sincere help and moral support throughout this work.*

*Professor **Dr. Salwa A. El-Demerdash** Professor of Clinical Pathology NCI, Cairo University for her great support, constant guidance, meticulous supervision and continuous encouragement during this work.*

*Professor **Dr. Mohamed El-Khodary** Professor of Clinical and Chemical Pathology Faculty of Medicine Cairo University for his extreme and generous help whether scientific or moral and without his sincere and continuous aid, this work would not be completed.*

*Professor **Dr. Ahmed Aboul Enein** Professor of Biochemistry Faculty of Agriculture Cairo University for his remarkable help with the practical part of this study.*

***Dr. Magdy M. Saber** Lecturer of Medical Oncology NCI Cairo University for his constant supervision and sincere help during this study.*

*Assistant Professors **Dr. Mohamed Hussein El-Baddini** and **Dr. Mahmoud H. El-Guibaly** Assistant Professors of Clinical Pathology NCI Cairo University for their effort in the practical part of this work.*

Dr. Khaled M. Aboul Enein Lecturer of Clinical Pathology NCI Cairo University for his great help during the practical part of this work.

Dr. Malake Zahran Lecturer of Cell Biology, Department of cell Biology, NRC for her continuous and sincere help throughout this thesis.

Lastly sincere thanks to Dr. Omar El-Hattab Assistant Professor Medical Biostatistics DPT NCI Cairo University for his great assistance with the statistical part of this thesis.

Table of Contents

• Introduction and Aim of work -----	1
• Review of Literature-----	3
a) Hodgkin's disease-----	3
b) Non-Hodgkin's lymphoma-----	14
c) Proteinuria-----	34
d) Microproteinuria-----	52
i) Microalbuminuria-----	52
ii) α_1 microglobulin -----	56
iii) β_2 microglobulin -----	58
iv) Retinol binding protein -----	62
v) N acetyl B glucosaminidase-----	64
vi) Bence Jones protein -----	65
vii) Alanine aminopeptidase -----	67
viii) Transthyretin -----	68
ix) 30KDa-----	68
x) 180KDa -----	69
e) Methods of estimation of proteinuria and microproteinuria	70
• Material and Methods-----	84
• Results-----	101
• Discussion -----	148
• Summary -----	164
• Conclusion -----	174
• References -----	177
• Arabic Summary -----	212

THEORY OF THE EARTH

CHAPTER I

1. The Earth is a sphere.

2. The Earth is composed of various layers.

3. The layers are the crust, mantle, and core.

4. The crust is the outermost layer.
