To whom I have loved and I will love her forever

My Mother

To whom supported me through all my life

My Father

To my small family

My sincere wife

My son Ahmed

To My brothers and my sister.

Acknowledgement

Thanks to Allah for blessing this work and guiding my efforts until it has reached its end as a little part of his generous help throughout our life.

I'm particularly indebted to my ***Prof. Dr. Mostafa Ahmed Hammam*** Prof. of Dermatology, Andrology & Sexually transmitted diseases, Faculty of Medicine, Minoufiya University, for his continuous generous supervision, help, kind guidance and encouragement throughout the whole work, without him, this work could never been completed.

I'm sincerely thankful to ***Dr. Wafaa Ahmed Zahran*** asst. Prof. of Microbiology, Faculty of Medicine, Minoufiya University, for her guidance, valuable advice, valuable suggestions, and follow up throughout the work.

My respectful thanks are for ***Dr. Alaa Hassan Maraee***, Assistant Professor of Dermatology, Andrology & Sexually transmitted diseases, Faculty of Medicine, Minoufiya University, for his valuable guidance, honest supervision, meticulous revision and constructive advice.

My best thanks, gratitude, and respect are to ***Dr. Usama Ebeid***, Lecturer of Radiodiagnosis, Minoufiya University, for his help, guidance, valuable remarks, and precious time he offered throughout this work.

I am also deeply grateful to all my professors and colleagues in the Dermatology, Andrology & Sexually transmitted diseases Department, Minoufiya University, especially ***Dr. Azza Gaber Anter***, for her help, support, and co-operation throughout my work.

Lastly, I would like to express my deep appreciation and thanks to my patients, who shared in this study and gave me such a good chance to fulfill this work.
