# **Safety of ultrasound guided endovenous management of varicose veins and how to avoid potential complications**

**Thesis**

*Submitted in Partial Fulfillment of the M.Sc.  
Degree in **Radiodiagnosis***

**By**

**Hesham Said Abdelhamid Mohamed Amer**

*M.B., B.Ch., Ain Shams University*

**Supervised by**

**Prof. Dr. Osama Mohamed Abdelhamid Hetta**

*Professor of Radiodiagnosis*

*Faculty of Medicine, Ain Shams University*

**Dr. Mostafa Mohamed Farid Mohamed Mesbah**

*Lecturer of Radiodiagnosis*

*Faculty of Medicine, Ain Shams University*

*Faculty of Medicine  
Ain Shams University*

**2022**

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

قَالَ

سَبِّحَانِكَ لَا تَعْلَمُ لَنَا  
إِلَّا مَا عَلَّمْتَنَا إِنَّكَ أَنْتَ  
الْعَلِيمُ الْعَظِيمُ

صدق الله العظيم

سورة البقرة الآية: ٣٢

# Acknowledgment

*First and foremost, I feel always indebted to **ALLAH**, the  
Most Kind and Most Merciful.*

*I'd like to express my respectful thanks and  
profound gratitude to **Prof. Dr. Osama Mohamed  
Abdelhamid Hetta**, Professor at Radiodiagnosis  
Faculty of Medicine, Ain Shams University for his keen  
guidance, kind supervision, valuable advice and  
continuous encouragement, which made possible the  
completion of this work.*

*I am also delighted to express my deepest  
gratitude and thanks to **Dr. Mostafa Mohamed  
Farid Mohamed Mesbah**, Lecturer of  
Radiodiagnosis, Faculty of Medicine, Ain Shams  
University, for his kind care, continuous supervision,  
valuable instructions, constant help and great  
assistance throughout this work.*

*I would like to express my hearty thanks to all my  
family for their support till this work was completed.*

*Last but not least my sincere thanks and  
appreciation to all patients participated in this study.*

*Hesham Said Abdelhamid Mohamed Amer*

# List of Tables

Table No.	Title	Page No.
<b>Table (1):</b>	Signs and symptoms of varicose veins .....	29
<b>Table (2):</b>	Varicose vein associations and risk factors .....	29
<b>Table (3):</b>	CEAP classification of chronic venous disorders.....	34
<b>Table (4):</b>	Treatment Options for Varicose Veins .....	38
<b>Table (5):</b>	Ultrasonographic findings that contraindicate intervention .....	41
<b>Table (6):</b>	Ultrasonographic findings that affect the endovenous procedure .....	43
<b>Table (7):</b>	Classification of endovenous heat-induced thrombus .....	48
<b>Table (8):</b>	Relative and absolute contraindications to foam sclerotherapy .....	53
<b>Table (9):</b>	Demographic data for the study group. ....	62
<b>Table (10):</b>	Clinical presentation for the study group.....	64
<b>Table (11):</b>	Duplex findings for the study group. ....	66
<b>Table (12):</b>	Treatment modality for the study group. ....	68
<b>Table (13):</b>	Laterality for the study group. ....	69
<b>Table (14):</b>	Site of the primary disease.....	70
<b>Table (15):</b>	Site of the primary disease in cases of bilateral varicose veins.....	71
<b>Table (16):</b>	Post-operative complications for the study group. ....	71

# List of Figures

Fig. No.	Title	Page No.
<b>Figure (1):</b>	(a, b) SFJ anatomy .....	6
<b>Figure (2):</b>	Posterior tibial group of medial calf perforators .....	7
<b>Figure (3):</b>	Intervalvular segment of the GSV termination with tributaries: case of a terminal reflux down to the GSV trunk .....	9
<b>Figure (4):</b>	Intervalvular segment of the GSV termination with tributaries: case of a preterminal reflux of the GSV trunk .....	10
<b>Figure (5):</b>	The lateral perforators of the foot and origin of the small saphenous vein (SS) .....	12
<b>Figure (6):</b>	Anatomical dissection (medial view of a right leg) .....	14
<b>Figure (7):</b>	The two fibular veins go up into the fibular canal (dotted line).....	15
<b>Figure (8):</b>	The levels of the leg and calf perforators (from the Atlas book of Gillot) .....	18
<b>Figure (9):</b>	Diagram of lower extremity venous anatomy .....	22
<b>Figure (10):</b>	Mechanism of valve closure .....	24
<b>Figure (11):</b>	Normal venous drainage of lower limb.....	26
<b>Figure (12):</b>	Development of varicose veins: healthy vein (1) and varicose vein (2) .....	30
<b>Figure (13):</b>	Varicose veins develop from valvular incompetence, resulting in dilation of the superficial venous system .....	31
<b>Figure (14):</b>	Right leg showing telangiectasia, C1 .....	35
<b>Figure (15):</b>	Left leg varicose veins, C2 ( <i>Heller, 2015</i> ).....	36
<b>Figure (16):</b>	A short-axis ultrasound image of the saphenous compartment (SC) resembling the eye of Horus is demonstrated.....	45

# List of Figures *(Cont...)*

Fig. No.	Title	Page No.
<b>Figure (17):</b>	Endovenous ablation .....	47
<b>Figure (18):</b>	Demographic data for study group population .....	62
<b>Figure (19):</b>	Past medical and surgical history for our study population .....	63
<b>Figure (20):</b>	Clinical presentation for the study group .....	64
<b>Figure (21):</b>	CEAP classification for the study group .....	65
<b>Figure (22):</b>	Duplex findings in study group population .....	67
<b>Figure (23):</b>	Site of incompetent perforators .....	67
<b>Figure (24):</b>	Different treatment modalities in our study .....	68
<b>Figure (25):</b>	Site of varicose veins .....	69
<b>Figure (26):</b>	Site of the primary disease .....	70
<b>Figure (27):</b>	Post-operative complications in our study .....	72
<b>Figure (28):</b>	Color Doppler examinations (longitudinal views) of the GSV at the SFJ demonstrating successful occlusion after endovenous laser treatment .....	73
<b>Figure (29):</b>	This image shows the introduction of the laser fiber along the treated Left GSV 2-3 cm away from the Sapheno-femoral junction after injection of the tumescent anesthesia .....	74
<b>Figure (30):</b>	The image shows decrease in the GSV caliber and increased echogensity after laser ablation. ....	75
<b>Figure (31):</b>	Lower limb varicose veins before and after treatment by laser ablation. ....	76
<b>Figure (32):</b>	Treating small spider veins by injection of sclerosing agents. ....	77
<b>Figure (33):</b>	Severe superficial thrombophlebitis along site of injection sclerotherapy .....	78

# List of Figures *(Cont...)*

Fig. No.	Title	Page No.
<b>Figure (34):</b>	This image shows the severe thrombophlebitis along GSV with skin ulceration. ....	79
<b>Figure (35):</b>	This image shows partial response after 1 week from the medical treatment. ....	80
<b>Figure (36):</b>	Varicose veins along SSV before and after treatment .....	81
