APPROVAL SHEET

This to approve that the dissertation presented by *khalid Mohamed Moustafa Fararh* to Faculty of Vet. Med.- Zagazig University/ Benha Branch entitled "Experimental clinicopathological and immunopathological studies on some medical plants in relation to diabetes" for the degree of ph. D. has been approved in /7/2002 by the examining committee:

1- Prof. Dr. Fakhry Soliman Salem.

Prof. of Clinical Pathology –faculty of Vet. Med. -Zagazig University

F. S. Salem

2- Prof. Dr. Amira Hassan Mohamed

Prof. of Clinical Pathology – Faculty of Vet. Med. -Cairo University

Amira

3- Prof. Dr. Mohamed O. H. El-Shaieb (supervisor)

Dean of the faculty of Vet. Med. –Zagazig University,
Benha branch and head of clinical pathology department

M. Elshaieb

4- Prof. Dr. Abdel-Reheim A. Nagi (supervisor)

Head of pathology department, faculty of Vet. Med.
Zagazig University, Benha branch

Abdel Reheim A. Nagi

5- Prof. Dr. Osama A. M. Abdallah (supervisor)

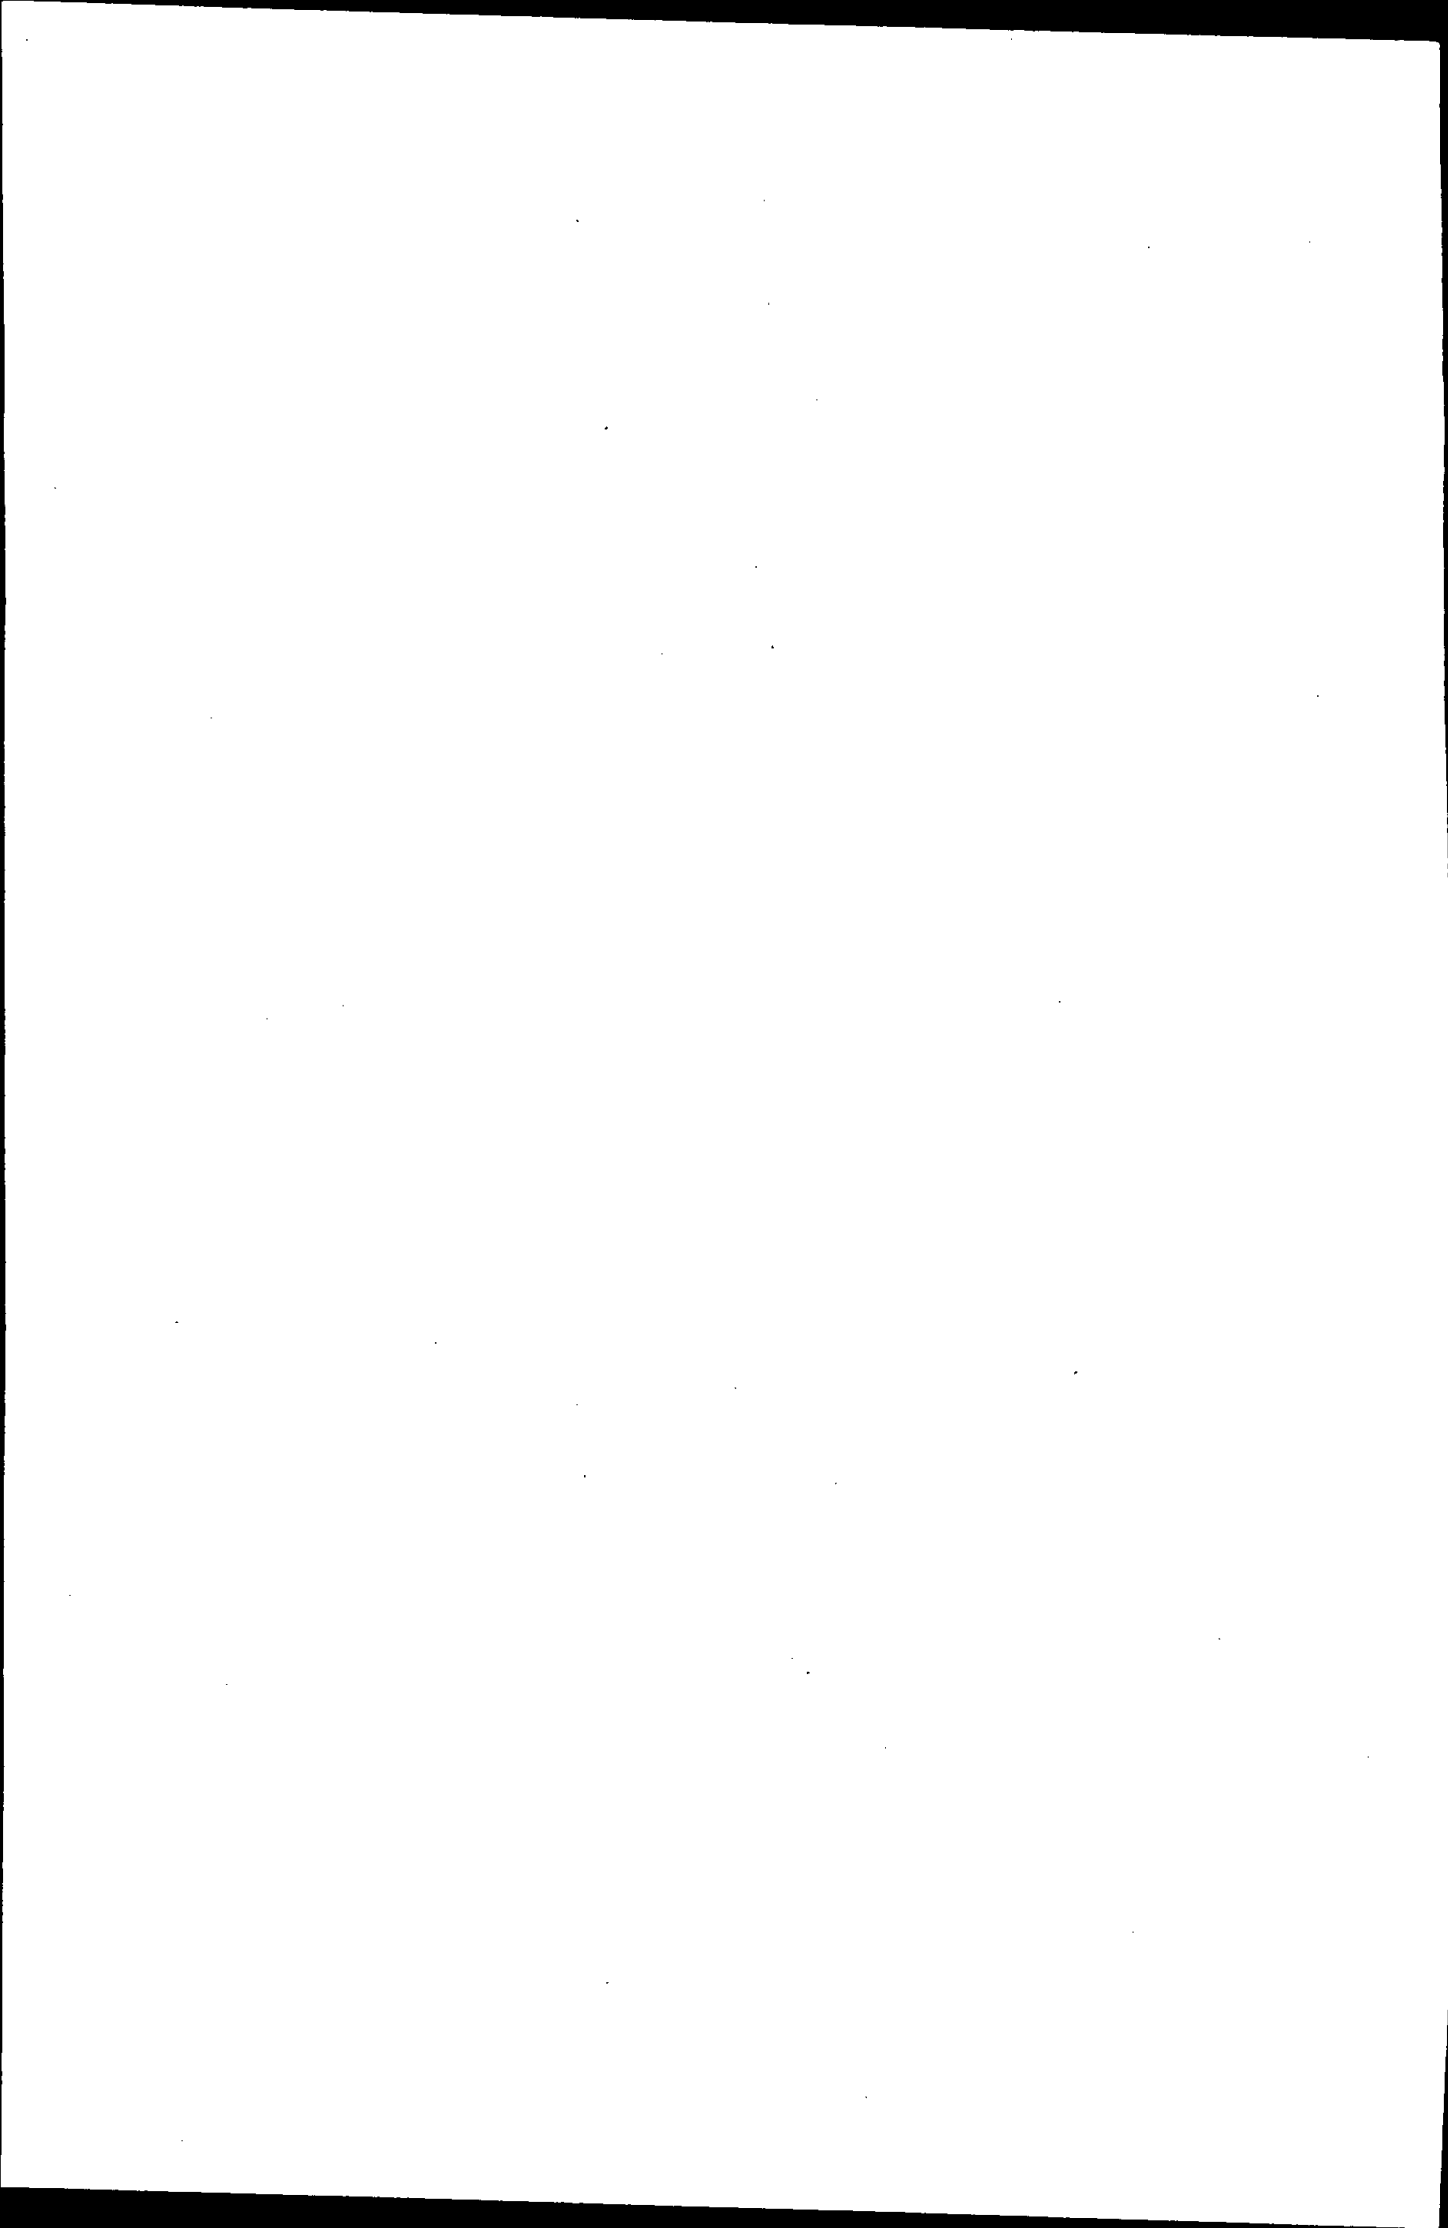

Head of Clinical Pathology department,
Faculty of Vet. Med.- Suez Canal University.

Osama A. Abdallah

6- Prof. Dr. Tadashi Takewaki (supervisor)

Department of Pathogenetic Vet. Sci., Gifu University, Japan

Tadashi Takewaki

ACKNOWLEDGMENT

First of all, I am greatly indebted in all my work and success to our gracious *Allah*.

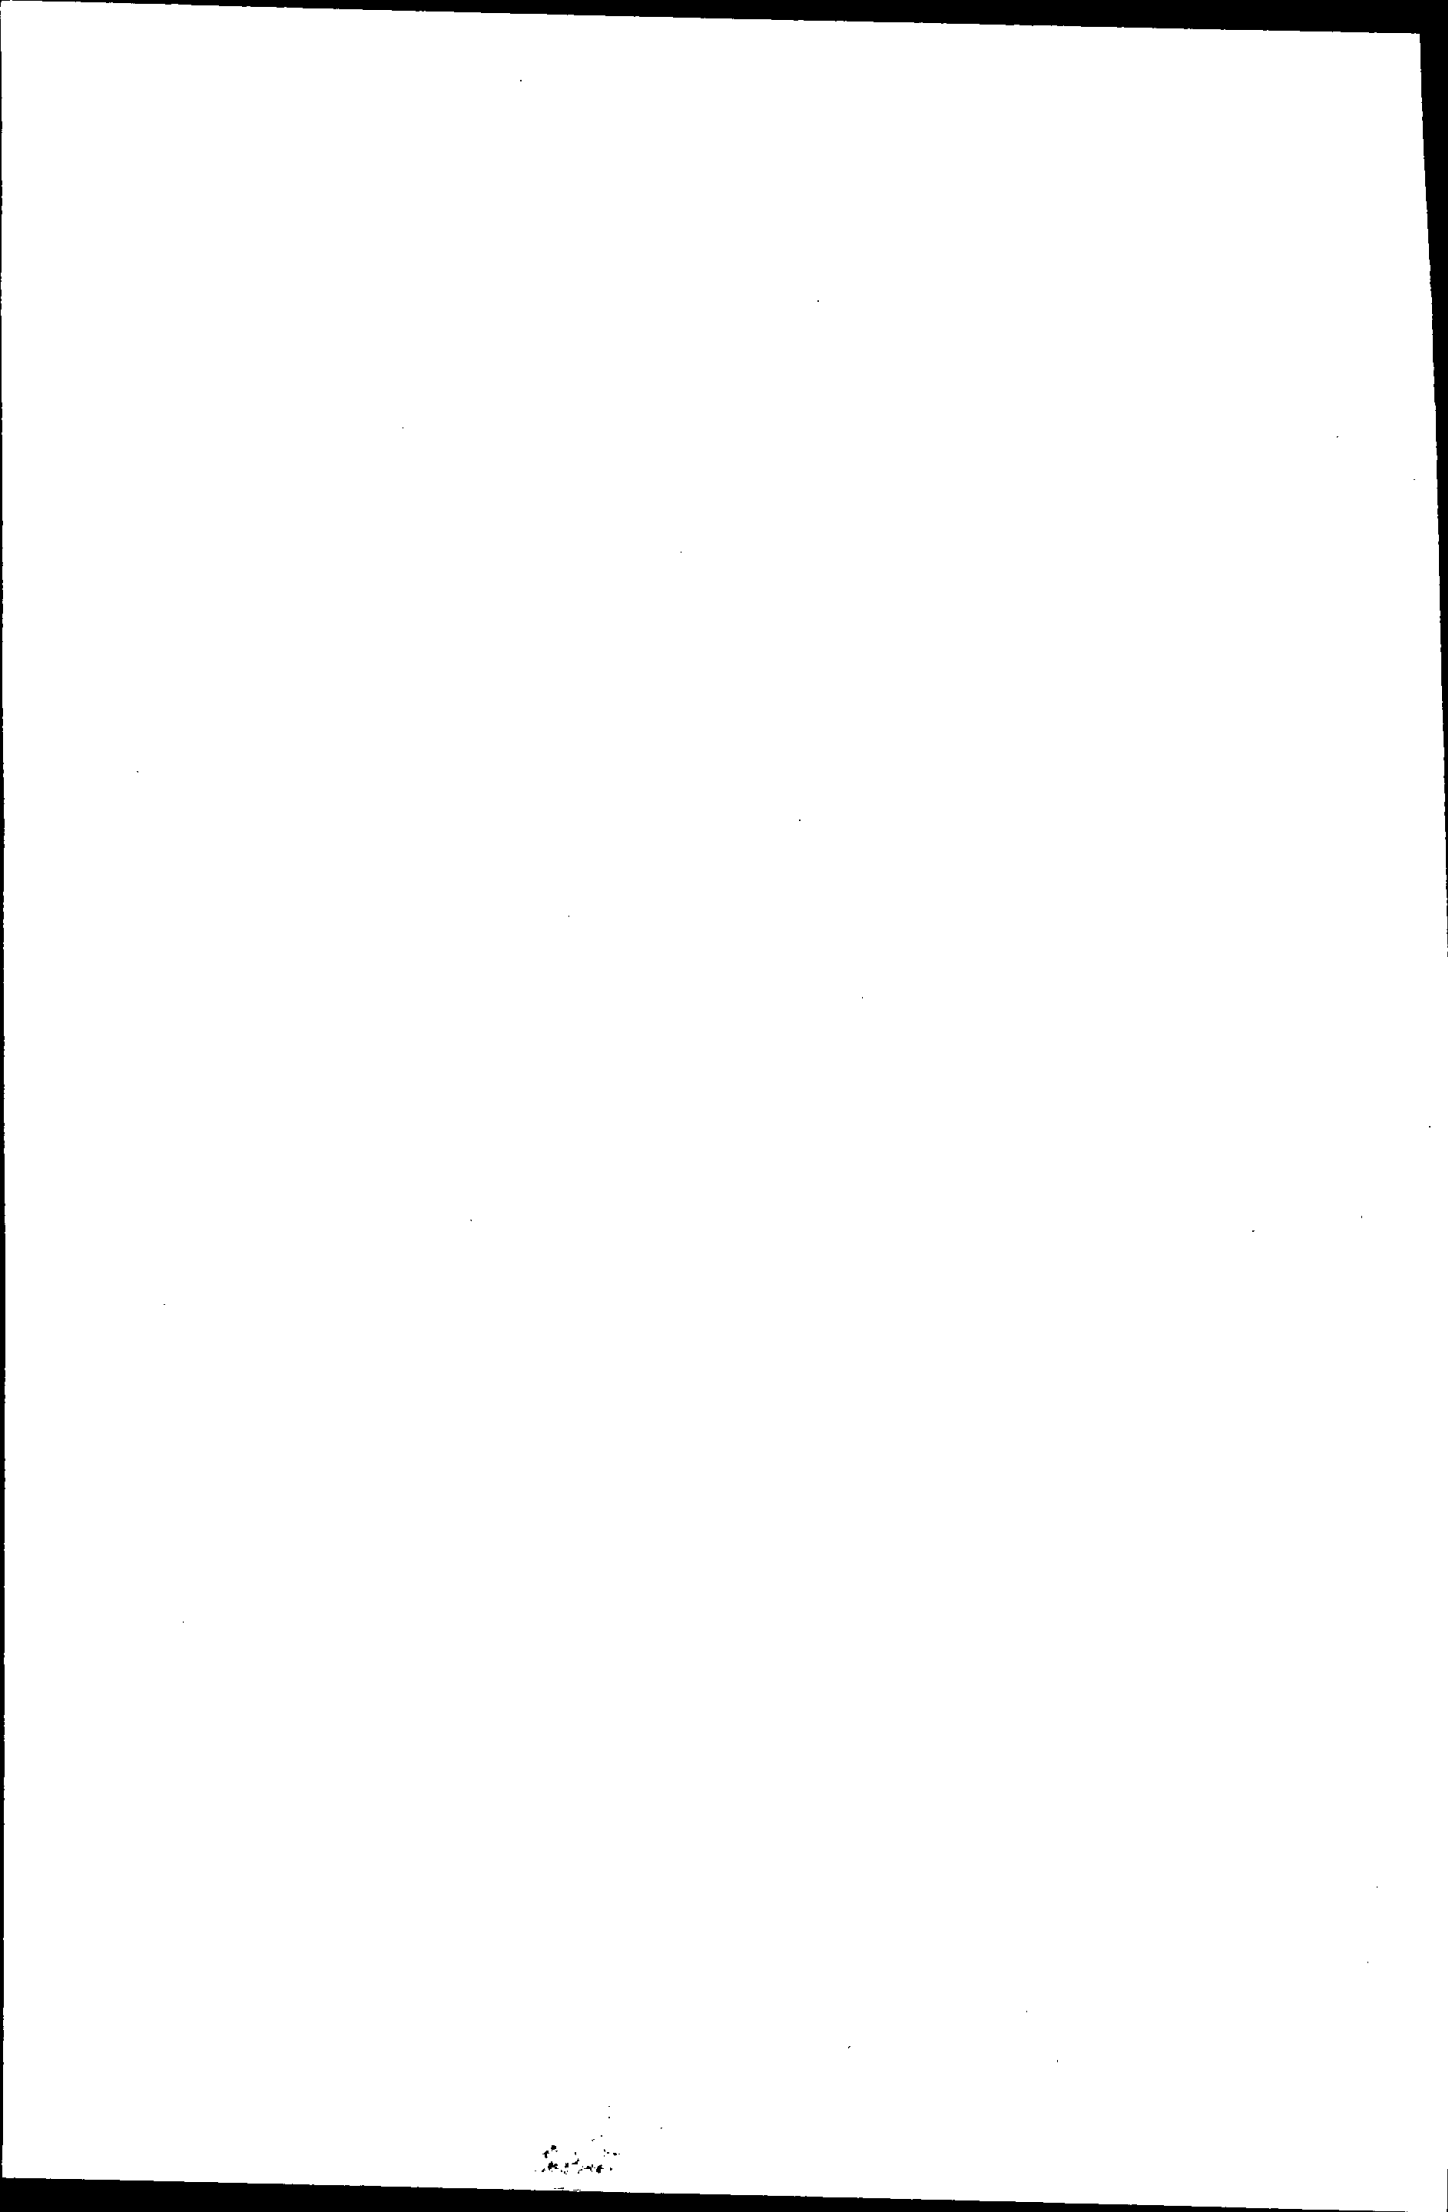

I would like to acknowledge my deep appreciation and sincere thanks to *Prof. Dr. M. O. H. El-shaieb*, head of Clinical Pathology Department and dean of Faculty of Veterinary Medicine, Zagazig University, Benha branch, for his guidance and supervision.

Sincere thanks and deep appreciation to *Prof. Dr. A. A. Nagi*, head of Pathology Department, Faculty of Veterinary Medicine, Zagazig University, Benha branch, for his guidance and supervision.

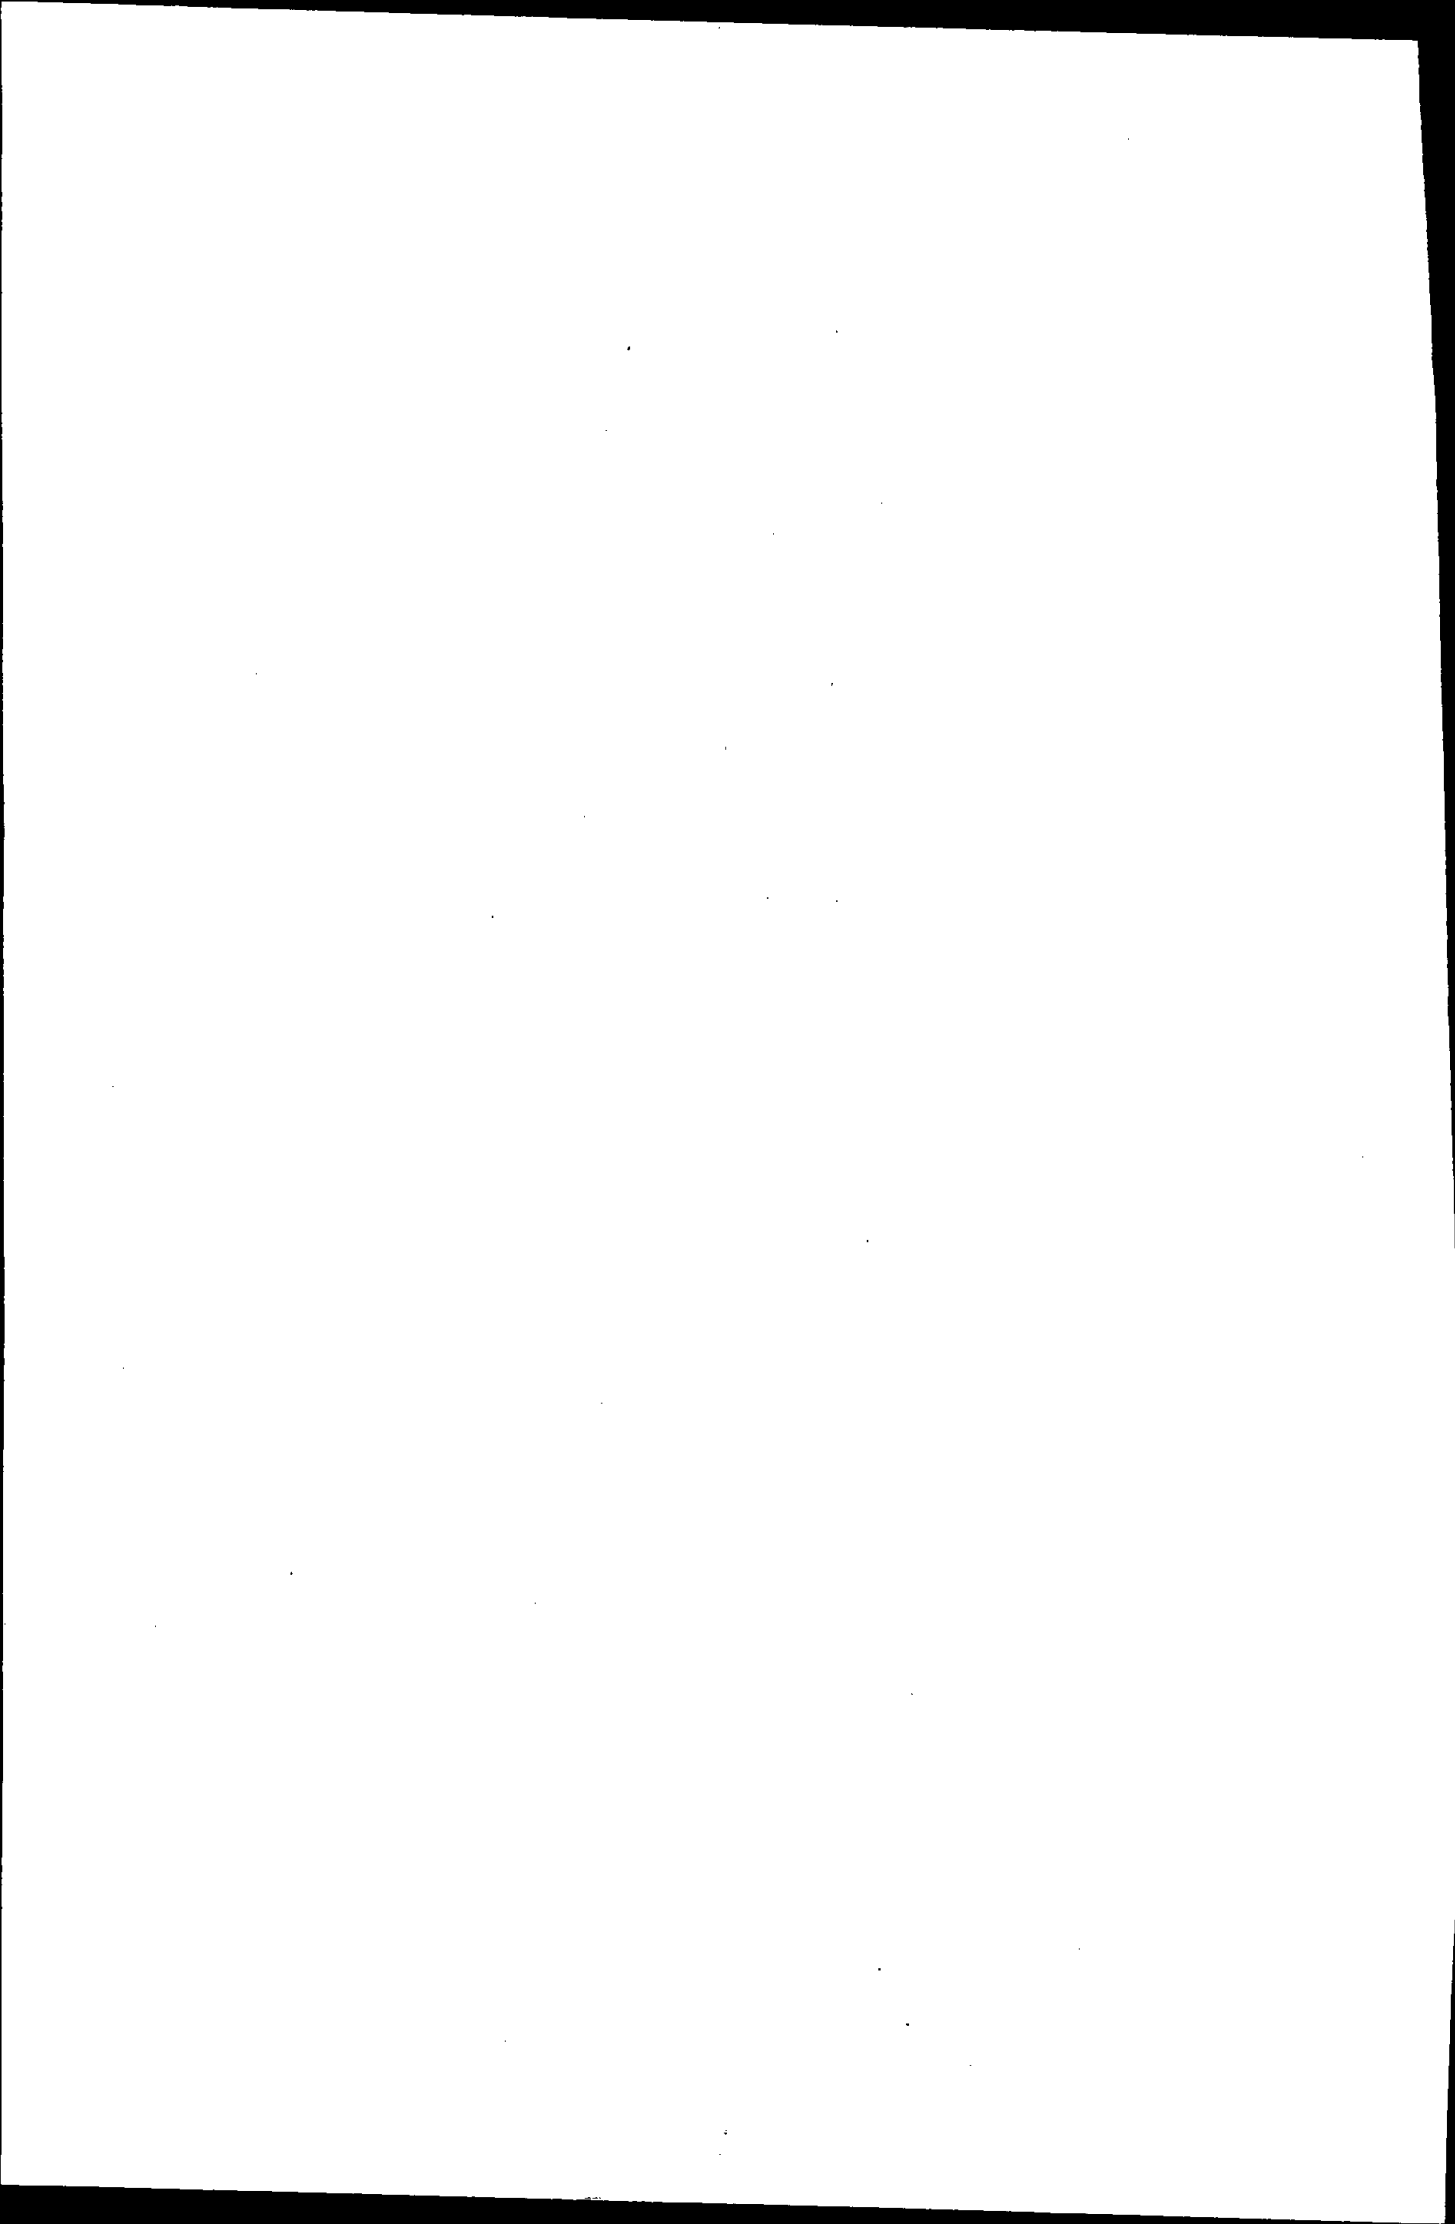

I would like also to express my indebtedness to *Prof. Dr. O. A. Abdallah*, head of Clinical Pathology Department, Faculty of Veterinary Medicine, Suez Canal University, for his effort, help, guidance and continuous encouragement.

I am much indebted to *Prof. Dr. M. A. Hafez*, professor of Clinical Pathology, Animal Health Research Institute, Dokki, for his guidance and effort during the preparation and revision of the manuscript.

It is an honor to express my deep appreciation and sincere thanks to *Prof. Dr. T. Takewaki*, Department of Pathogenetic Veterinary Sciences, the United Graduate School, Gifu University, Japan, for his supervision and never ending sympathetic attitude.

My great thanks also go to *prof. Dr. Y. Shimizu and prof. Dr. Y. Atoji*, United Graduate School of Veterinary Sciences, Gifu University, Japan, for their help in the pathological and immunohistochemical studies.

VITA

Name: *Khalid Mohamed Mostafa Fararh*

- The researcher was born in 20/10/1969 at Gharbia governorate and obtained his primary education from El-moaassah primary school in 1981.
