SECRET

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint smudges and discoloration, characteristic of old paper. The right edge of the page is heavily shadowed, indicating it is part of a bound volume. There is no text or other markings on the page.

ACKNOWLEDGMENT

First of all, great thanks to God for blessing me this work until it has reached its end.

I would like to express my deep thanks and gratitude to **Dr. Ehsan El-Ghoneimy**, Professor of radiation oncology and nuclear medicine (NEMROCK) Cairo University, for her continuous meticulous supervision apart from her motherly spiritual support that paved the way to the achievement of this work.

I also address my sincere thanks to **Dr. Magda Mostafa Kamal Hussein**, Professor of radiation oncology and nuclear medicine (NEMROCK) Cairo University, for her unlimited scientific help, remarkable advices removing any obstacle and continuous encouragement throughout my work.

I also do feel deeply indebted to **Dr. Mohamed Abdulla Hassan**, Lecturer of radiation oncology and nuclear medicine (NEMROCK) Cairo University, for providing me from his vast scientific wealth, unlimited response to any scientific inquiry, I shall always be proud to have worked under his guidance.

Last but not least, I would like to express my deep thanks to **Prof. Dr. Kamal Ali El-Ghamarawy**, Professor of radiation oncology and nuclear medicine (NEMROCK) Cairo University, for the great effort he did to install the stereotaxy system in the department and for his continuous support all through the work.
