*New Regimen For Prophylaxis Against
Postoperative wound infection in Orthopedic
Surgery; Prospective Study*

THESIS

*Submitted in partial Fulfilment for the Master
Degree in Clinical Pathology*

By

*Mona Abdel Motai Mansy Elaaser
(M.B., B. CH., Ain Shams)*

Supervised by

*ProF.Dr. Ibrahim Khalil Ali
Professor of Clinical Pathology
Faculty of Medicine
Ain Shams University*

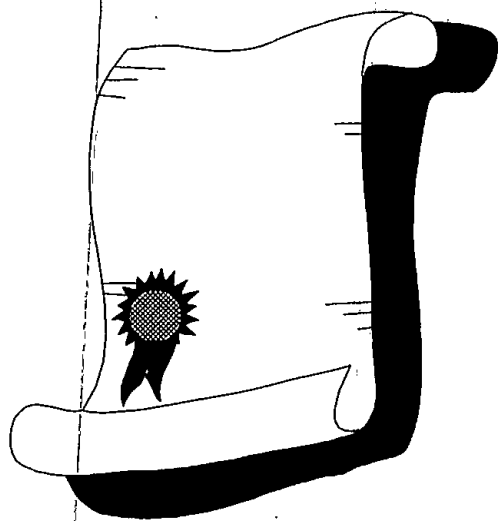

*ProF.Dr. Osama Abdel Halim Shata
Professor of Orthopedic Surgery
Faculty of Medicine
Ain Shams University*

*Dr. Fatma Elsaied Metwaly
Lecturer of Clinical Pathology
Faculty of Medicine
Ain Shams University*

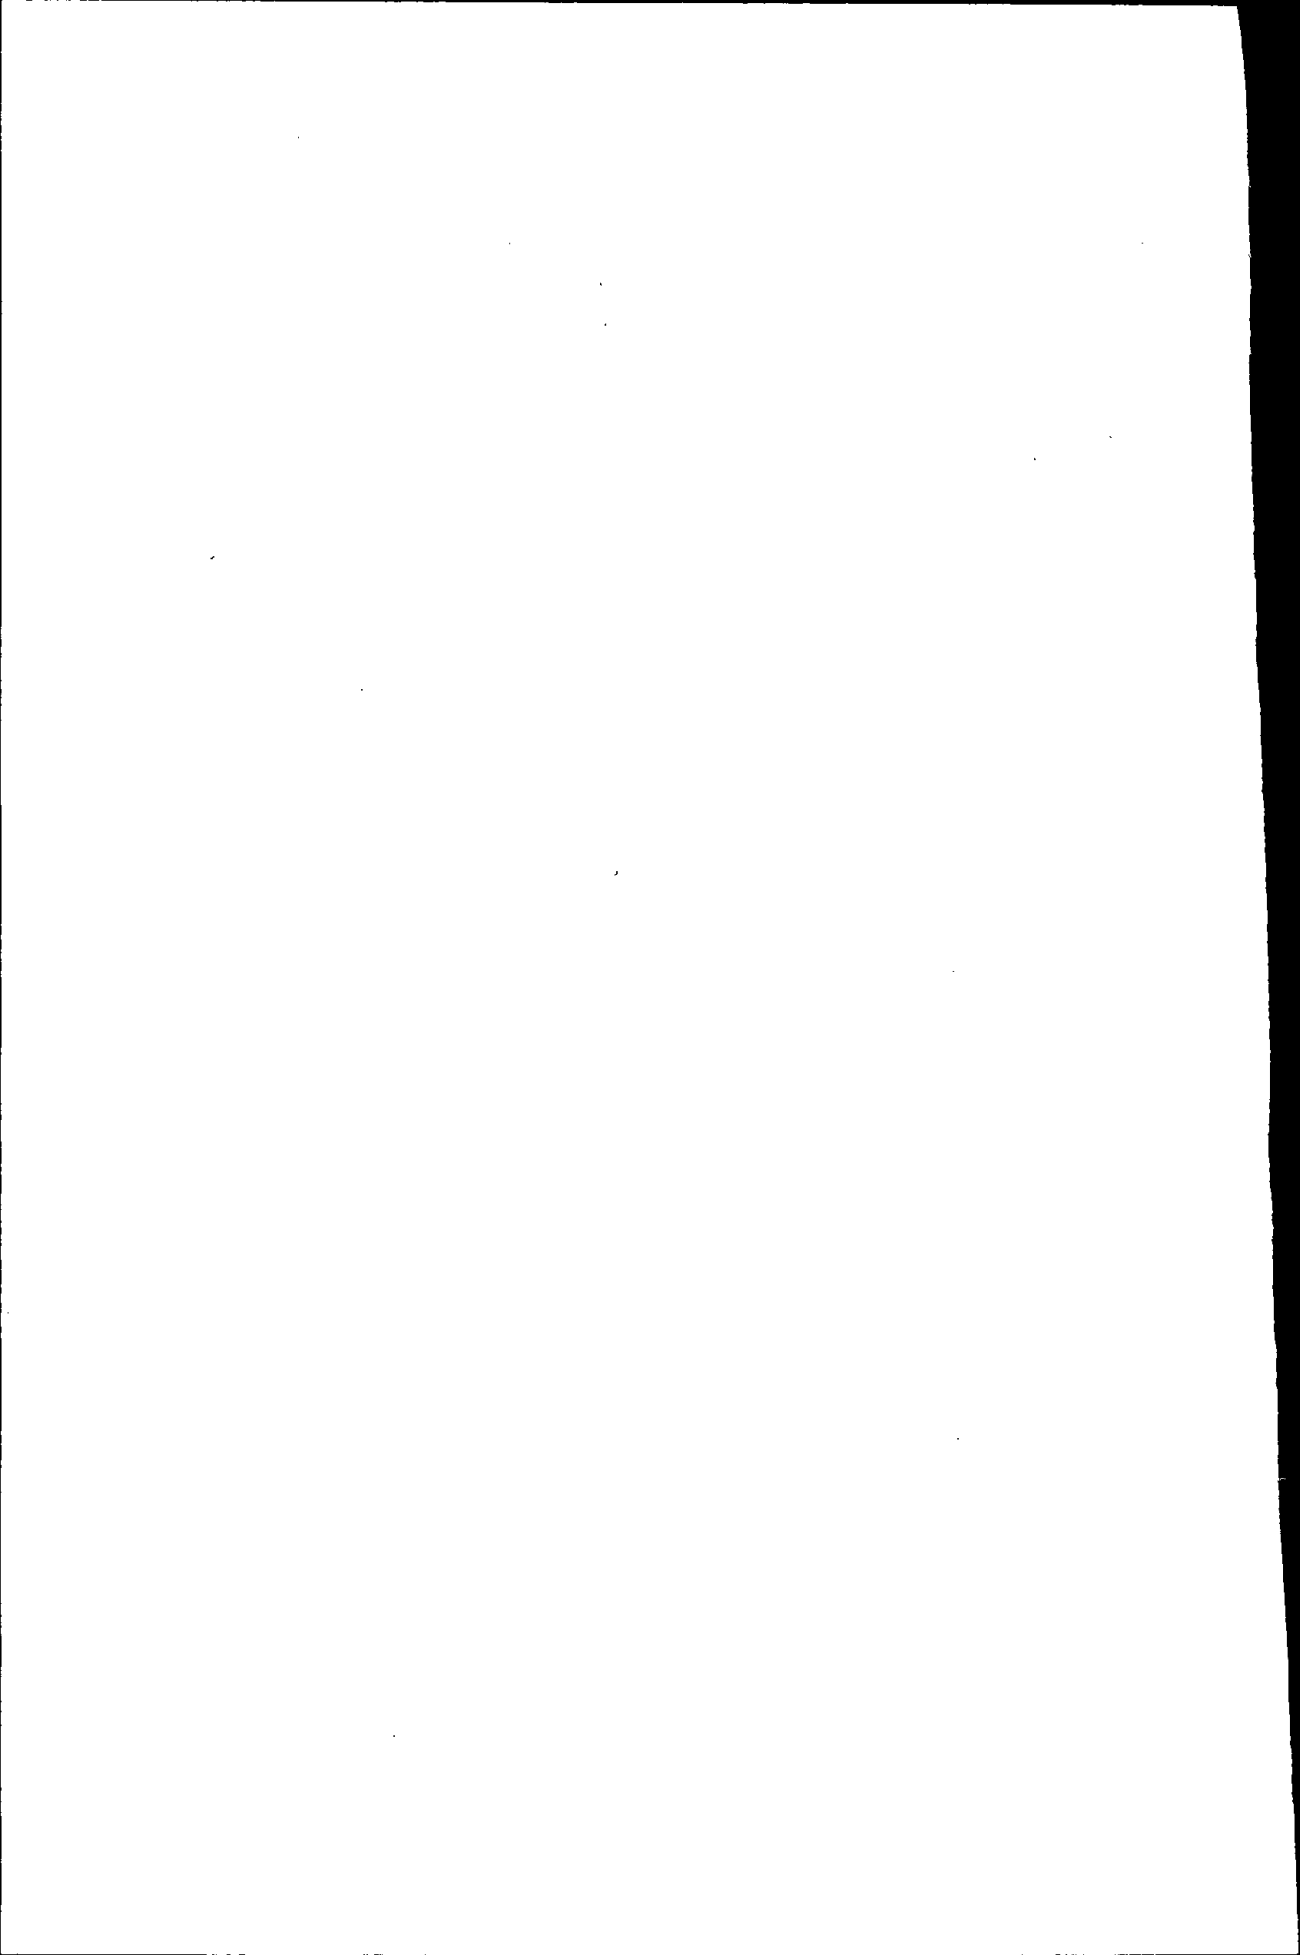

*FACULTY OF MEDICINE
AIN SHAMS UNIVERSITY
1996*

To my family, whom all my
work is dedicated

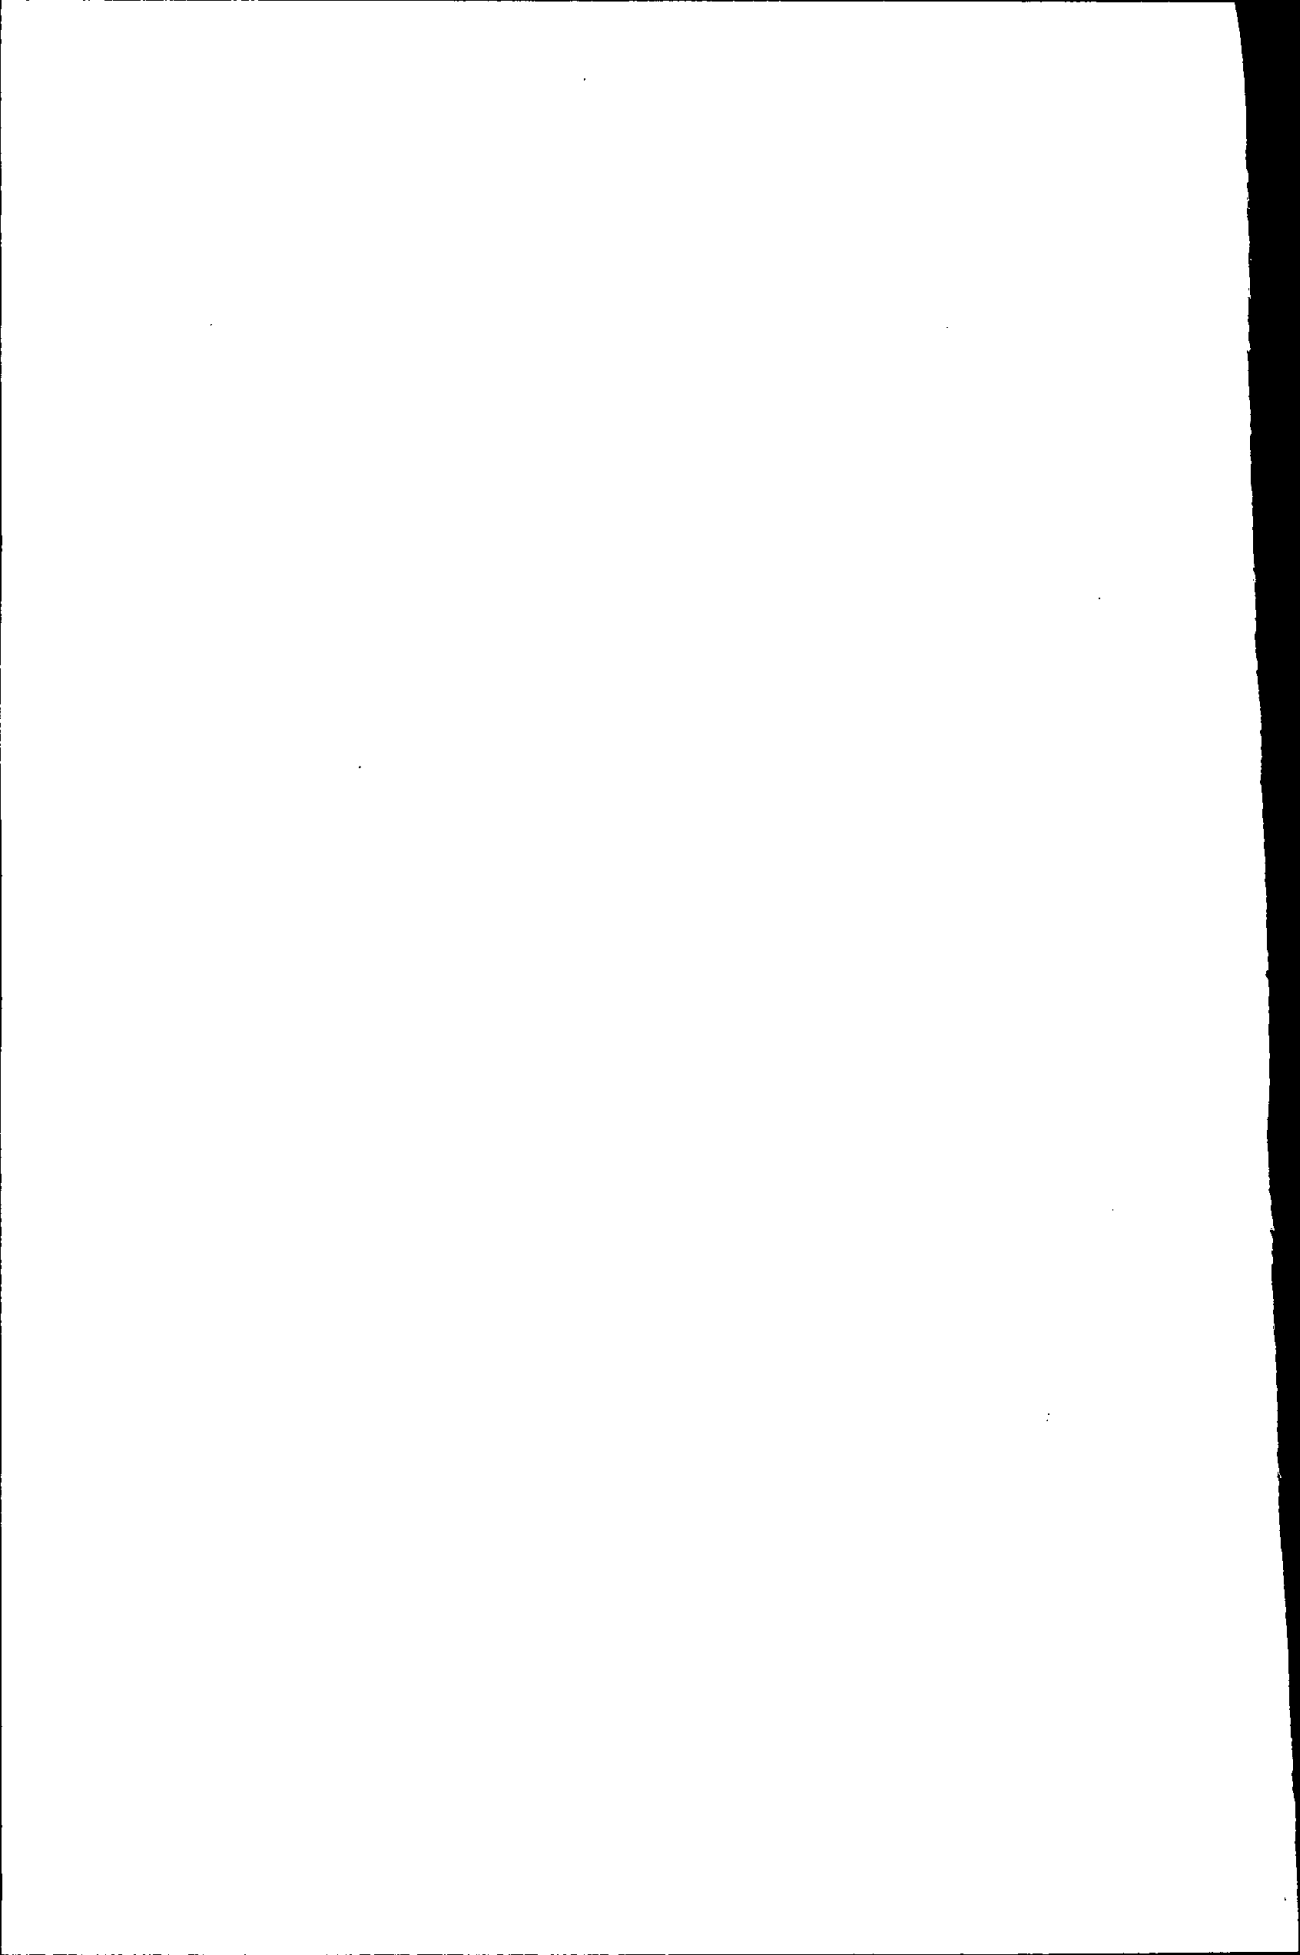

Acknowledgment

I would like to express my deepest gratitude and thanks to **Prof. Dr. Ibrahim Kalil Ali**, Professor of Clinical Pathology, Faculty of Medicine. Ain Shams University, for his kind supervision, sincere guidance and continuous encouragement althrough the work. GH was proposed by Dr. Ibrahim Kalil and he supplied the material free of any cost .

And to **Dr. Osama Shata**, Professor of Orthopedic Surgery, Faculty of Medicine. Ain Shams University, I owe him my appreciation and thanks for his close supervision, sincere guidance, and valuable time and effort he generously gave me in this work .

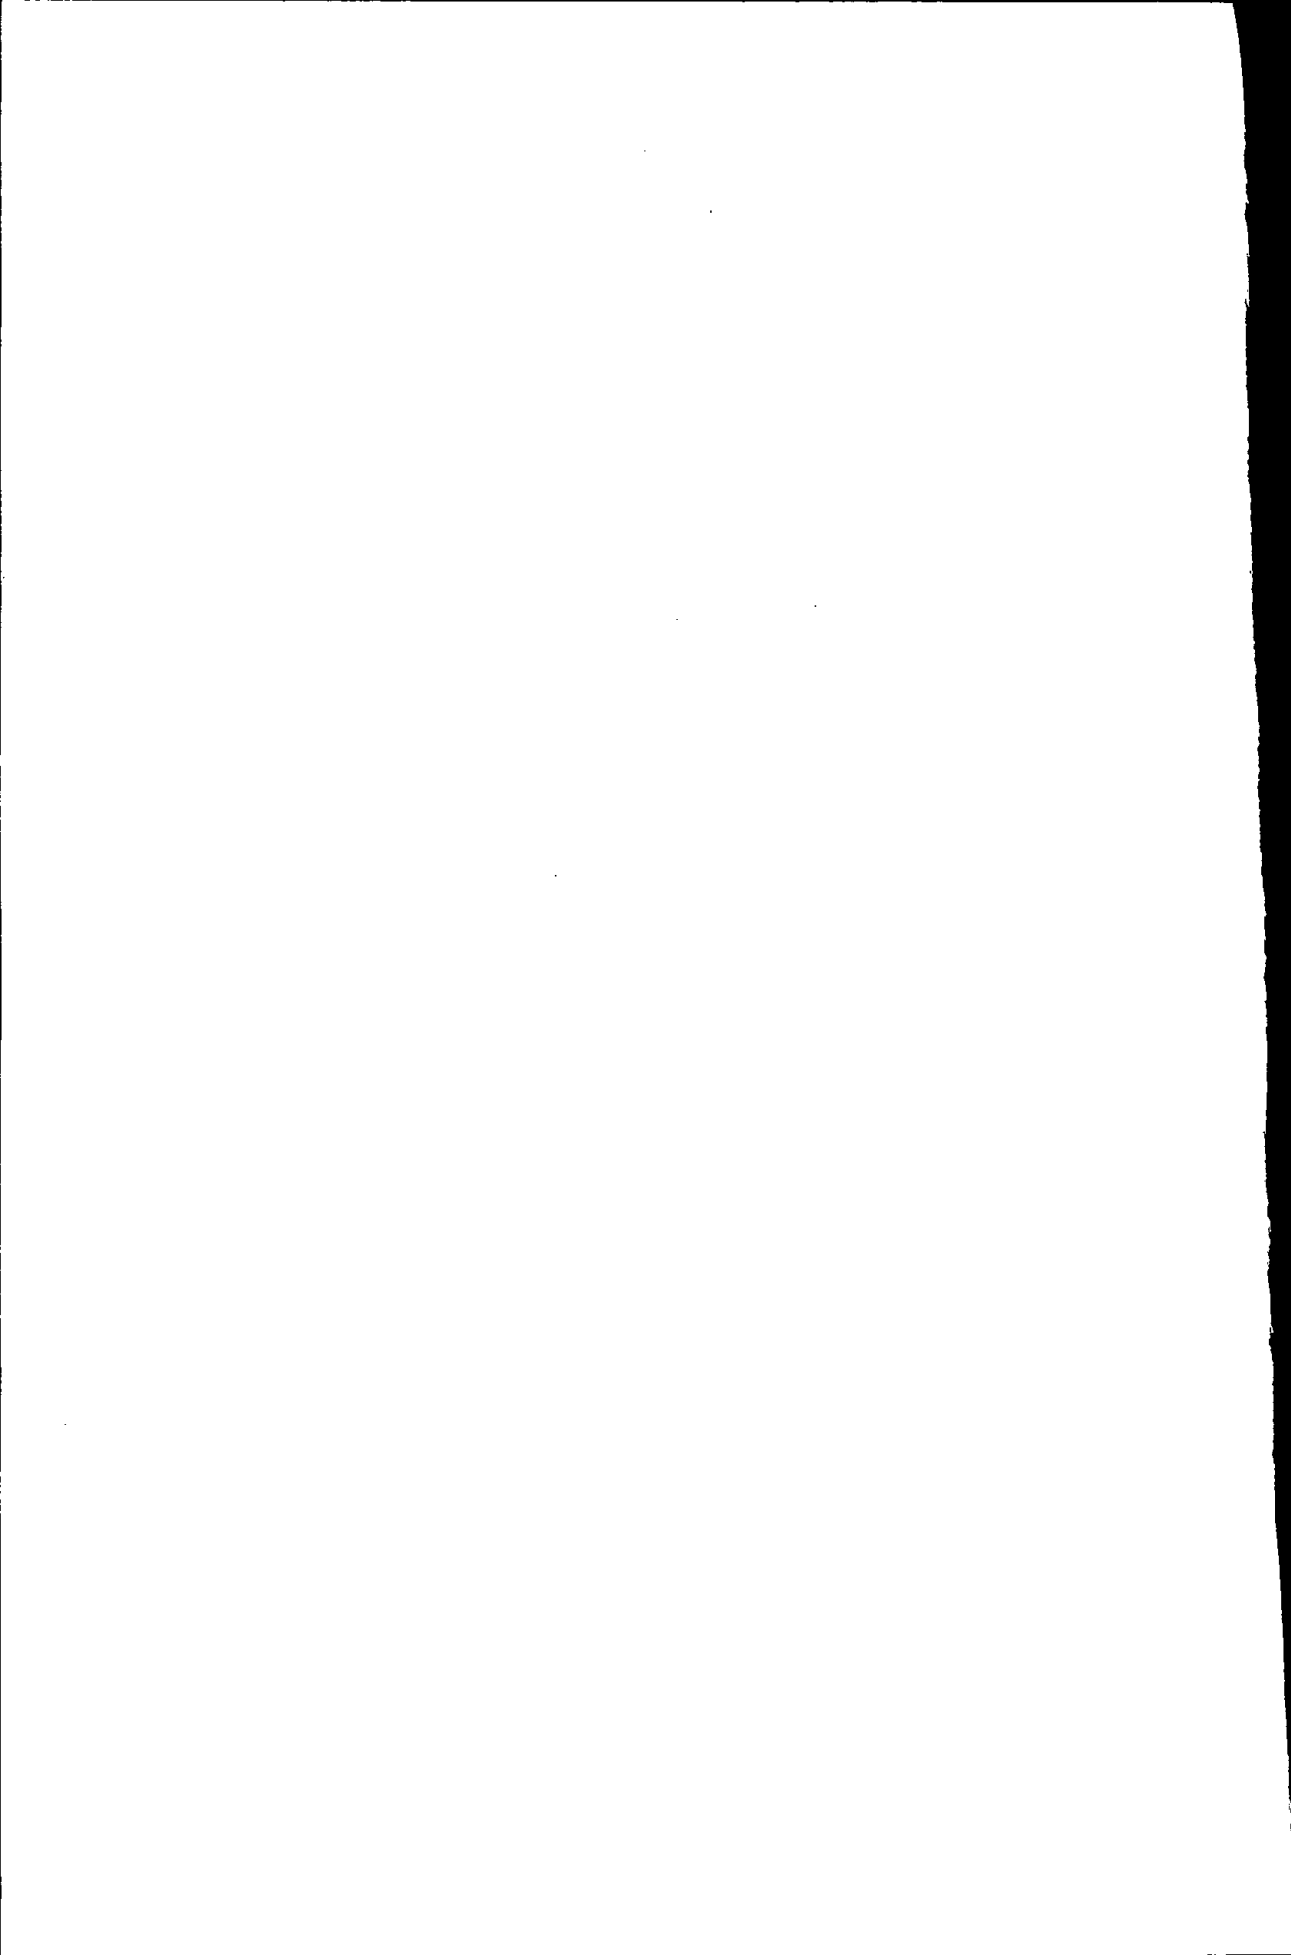

I am also grateful to **Dr. Fatma Metwaly**, Lecturer of Clinical Pathology, Faculty of Medicine, Ain Shams University, for her advice and guidance throughout the preparation of this work.

Finally, I would like to convey my sincere and deep gratitude to all those who helped in this work .

INDIX

I-INTRODUCTION	1
II-AIM OF THE WORK	2
III-REVIEW	
1-A historical perspective of sepsis in surgery	3
2-Pathology of wound healing	6
3-Types of organisms responsible for wound infection	9
4-Sources and pathogenesis of wound infection	25
5-Classification of surgical wounds according to risk of infection	29
6-Risk factors of surgical wound infection	31
7-Clinical picture and management of wound ifection	39
8-Prevention of wound infection	43
9-Antimicrobial prophylaxis in surgery	57
-Complications of prophylaxis	58
-Single dose versus multiple dose therapy	60
-Cost effectivness of prophylactic antibiotics	61
-Systemic antimicrobial agents	63
-Topical antimicrobial chemoprophylaxis	74
IV-PATIENTS,MATERIALS & METHODS	81
V-RESULTS	85
VI-DISCUSSION	96
VII-SUMMARY & CONCLUSSION	101
VIII-REFERENCES	104
IX-APPENDIX ABOUT GH	127
X-ARABIC SUMMARY
