INTERFACIAL ACCURACY OF THREE TOOTH -COLORED INLAY RESTORATIONS USING DIRECT AND INDIRECT FABRICATION TECHNIQUES

Thesis submitted to the Faculty of Oral and Dental Medicine,
Cairo University, in partial fulfillment of the requirements
of the Master Degree in Dental Surgery
(Operative Dentistry)

BY
HADEEL FAROUK MOHAMED ELSAYED
B.D.S (1998)

بسم الله الرحمن الرحيم
الحمد لله الذي هدانا لهذا
ما كنا لنهتدي لولا أن هدانا الله

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

قَالُوا سُبْحَانَكَ لَا عِلْمَ لَنَا إِلَّا مَا عَلَّمْتَنَا إِنَّكَ أَنْتَ الْعَلِيمُ الْحَكِيمُ

حُذِرُوا اللَّهَ الْعَظِيمَ

Supervisors

Dr. OMA YMA MOHAMED SAFWAT HAMZA
Assistant Professor, Operative Dentistry Department,
Faculty of Oral and Dental Medicine,
Cairo University

Dr. ELHAM MOSTAFA MOHAMED FAWZI
Assistant Professor, Operative Dentistry Department,
Faculty of Oral and Dental Medicine,
Cairo University

Dr. MOHAMED ALI EL-YASSAKY
Assistant Professor ,Chairman of Operative Dentistry
and Endodontic Department ,Vice Dean of
Faculty of Dentistry (girls),
Al-Azhar University

Dedication

TO
MY
PARENTS

Acknowledgment

I would like to express my deep thanks to Dr. Omayma Mohamed Safwat, Assistant Professor of Operative Dentistry, Faculty of Oral and Dental Medicine, Cairo University, for her kindness and help.

I would also like to express my sincere thanks and grateful appreciation to Dr. Elham Mostafa Mohamed Fawzi, Assistant Professor of Operative Dentistry, Faculty of Oral and Dental Medicine, Cairo University, for her kind supervision and generous assistance. It was a great honor for me to work under her guidance throughout the course of this study.

I would like to thank and express my deep appreciation to Dr. Mohamed Ali El-Yassaky, Assistant Professor, chairman of Operative Dentistry and Endodontic Department, Vice Dean of Faculty of Dentistry (girls), Al-Azhar University, for his continuous support and encouragement.

I would like to acknowledge Dr. Moshira Salah Eldin, Professor of Radiology, Faculty of Oral and Dental Medicine, Cairo University, for her time, valuable guidance, advices and support that was of great help.

I would like to express my deep thanks to Dr. Hany Omar, Assistant Lecturer of Radiology, Faculty of Oral and Dental Medicine, Cairo University, who offered great help in the assessment study.

I am grateful to Dr. Youssef Gaafar, Prosthodontist in Al-Zahraa hospital, for his great help in the operation of the Celay machine.

I would like also to thank Dr. Adil Elgohiny, Professor of Engineering, Alexandria University, for his great help in the statistics work.

Finally, I would like to thank my sister Rania Farouk, for her great assistance and help in the computer work of this study.

LIST OF TABLES

	Page
Table (I): Levels of the study.....	36
Table (II): Interaction of variables	37
Table (III): Student's t- test for the direct and indirect techniques of fabrication for the different inlays.....	53
Table (IV): Descriptive statistics and test of significance for the mean density values at the interfaces of the different inlays fabricated directly and indirectly.....	54
Table (V): Descriptive statistics and test of significance for the mean density values at the interfaces of each cavity wall for the inlays fabricated directly and indirectly	55
Table (VI): Descriptive statistics and test of significance for the mean density values at the interfaces of the different cavity walls for each inlay fabricated directly and indirectly ...	56
Table (VII): Descriptive statistics and test of significance for the mean density values at the interfaces of each level (occlusal, middle, cervical) of the cavity walls for the different inlays fabricated directly and indirectly	57
Table (VIII): Descriptive statistics and test of significance for the mean density values at the interfaces of the different levels (occlusal, middle, cervical) of the cavity walls for each inlay fabricated directly and indirectly.....	58
Table (IX): Raw data of density values for the interfaces of the resin-based composite inlays fabricated directly (R1T1).....	77
Table (X): Raw data of density values for the interfaces of the resin-based composite inlays fabricated indirectly (R1T2).....	78
Table (XI): Raw data of density values for the interfaces of the ceromer inlays fabricated directly (R2T1)	79
Table (XII): Raw data of density values for the interfaces of the ceromer inlays fabricated indirectly (R2T2)	80
