# **Assessment of Nursing Compliance in Care of Children Undergoing Liver Transplantation**

*Thesis*

Submitted for Partial Fulfillment for Requirements of Master Degree  
in Pediatric Nursing

*Under Supervision of*

**Prof. Dr. Safy Salah Eldin Al-Rafay**

Professor and Head of Pediatrics Department  
Faculty of Nursing, Ain Shams University

**Prof. Dr. Asmaa Nasr Eldin Mosbeh**

Professor of Pediatric Nursing  
Faculty of Nursing, Ain Shams University

Faculty of Nursing  
Ain Shams University  
2020

## ACKNOWLEDGEMENT

*First and for most, I feel always indebted to **ALLAH**, the kindest and most merciful.*

*I wish to express my deepest thanks to **Prof. Dr. Safy Salah Eldin Al-Rafay**, Professor and Head of Pediatrics Department, Faculty of Nursing, Ain Shams University, for her kind patience, intensive unlimited support and endless assistance throughout this work.*

*Greatest thanks to **prof. Dr. Asmaa Nasr Eldin Mosbeh**, Professor of Pediatrics Nursing, Faculty of Nursing, Ain Shams University, for her generous advice and guidance and helpful suggestions throughout this work.*

*Also, I would like to express my deepest thanks to all professors, staff members, nurses and workers for their help and cooperation. And for those who filled this work with life, many thanks for the cooperation they have shown.*

*In few grateful words I would like to express my deepest gratefulness and greatest thanks to all hands helped this work.*

## List of Tables

<i>Table No.</i>	<i>Table of Results</i>	<i>Page No.</i>
(1)	Number and percentage distribution of the studied nurses according to their socio-demographic characteristics (n=40).	59
(2)	Distribution of children according to their characteristics of children undergoing liver transplantation (n=20).	60
(3)	Number and percentage distribution of the studied nurses according to their knowledge regarding liver transplantation.	61
(4)	Number and percentage distribution of the studied nurses according to their knowledge about infection control for liver transplantation.	63
(5)	Number and percentage distribution of the studied nurses according to their compliance about infection control regarding liver transplantation.	64
(6)	Number and percentage distribution of studied nurses according to their practices regarding pre-operative care about liver transplantation.	65
(7)	Number and percentage distribution of studied nurses according to their practices regarding post-operative care about liver transplantation.	67
(8)	Relation between nurse's socio-demographic characteristics and their total knowledge about liver transplantation.	70

<i>Table No.</i>	<i>Table of Results</i>	<i>Page No.</i>
<b>(9)</b>	Relation between nurse's socio-demographic characteristics and their total practices about liver transplantation.	<b>72</b>
<b>(10)</b>	Relation between nurse's total knowledge and their total practices regarding liver transplantation.	<b>74</b>
<b>(11)</b>	The correlation between the studied nurses' total knowledge and total practices regarding liver transplantation.	<b>75</b>

## List of Figures

<b>Figure No.</b>	<b>Figure of review</b>	<b>Page No.</b>
<b>(1)</b>	Anatomy of liver with stomach, gallbladder and pancreas.	<b>10</b>
<b>(2)</b>	Liver transplantation before and after donation.	<b>16</b>
<b>(3)</b>	Whole liver transplant with related surgical anastomosis.	<b>18</b>
<b>(4)</b>	Living-donor liver transplant with left lateral liver graft with surgical anastomoses of the hepatic veins by using the piggyback technique.	<b>20</b>
<b>(5)</b>	Living donor liver transplantation.	<b>21</b>
<b>Figure of Results</b>		
<b>(1)</b>	Percentage distribution of the studied nurses according to their total knowledge regarding liver transplantation (n=40).	<b>62</b>
<b>(2)</b>	Percentage distribution of the studied nurses according to their total practices regarding pre-operative care about liver transplantation.	<b>66</b>
<b>(3)</b>	Percentage distribution of the studied nurses according to their total practices about post-operative care to children regarding liver transplantation.	<b>69</b>
