GENERAL ANAESTHESIA VERSUS LOCAL ANAESTHESIA IN SENILE CATARACT SURGERY

Essay

Submitted in Partial Fulfilment of the M.Sc. Degree in Ophthalmology

By
Khaled Ahmed Abdal Aty
M.B., B. Ch.

Under Supervision of
Prof. Dr. Shaker Ahmed Khedr

Prof. of Ophthalmology
Ain Shams University

Dr. Tarek M. Abdalla

Ass. Prof. of Ophthalmology
Ain Shams University

Faculty of Medicine
Ain Shams University
Cairo
1994

بسم الله الرحمن الرحيم

"الله لا إله إلا هو الحي القيوم لا تأخذه
سنة ولا نوم له ما في السموات وما في
الأرض من ذا الذي يشفع عنده إلا بإذنه
يعلم ما بين أيديهم وما خلفهم
ولا يحيطون بشيء من علمه إلا بما شاء
وسع كرسيه السموات والأرض ولا يئوده
حفظهما وهو العلي العظيم"
"صدق الله العظيم"

سورة البقرة الآية ٢٥٥

ACKNOWLEDGEMENT

I would like to express my sincere gratitude and deepest thanks to Professor Dr. *Shaker Ahmed Khedr* , professor of Ophthalmology ,Ain Shams University , to whom I am greatly indebted for his valuable guidance , expert assistance , and fruitful criticism .

I wish also to express my deepest thanks to Dr. *Tarek Abdalla* Assistant Professor of Ophthalmology, Ain Shams University , for his generous time , valuable advice and constructive supervision during the work .

Finally , I wish to thank my family including my wife , mother , sisters , and brother and also I wish to thank the staff members of ophthalmology department for their help, encouragement and support .

Khaled Ahmed Abdal Aty

TO
MY FAMILY
AND SOUL
OF MY FATHER

(1) Introduction :	(1)
(2) Local anaesthesia :	(2)
- Pharmacology.	(12)
- Retrobulbar block	(20)
- Peribulbar block	(20)
- Visual evoked potentials after retrobulbar or periocular anaesthesia	(27)
- Facial nerve akinesia	(27)
- Topical	(37)
- Limbal subconjunctival	(38)
- One quadrant sub-Tenon's infiltration	(40)
(3) General anaesthesia :	(43)
- Stages	(44)
- Dissociative anaesthesia	(48)
- Medical conditions affecting the use of gener- al anaesthesia	(48)
- Control of intraocular pressure	(50)
- Technique	(54)
- Local versus general anaesthesia	(59)
(4) Complications :	(61)
- To local anaesthesia	(61)
- To general anaesthesia	(69)
(5) Comparison :	(72)
(6) English summary:	(81)
(7) References:	(86)

LIST OF FIGURES

NO.	Title	Page
(1)	Local anaesthetics decrease the rate of nerve depolarization .Because threshold potential is not reached , there is no conduction of a nerve impulse .	(13)
(2)	Marcaine .	(15)
(3)	Xylocaine - Marcaine - Benoxinate .	(15)
(4)	Showing patient is looking to the right by her both eyes . (before retrobulbar , anaesthesia)	(22)
(5)	Determination of the site of injection of the retrobulbar anaesthesia .	(22)
(6)	Patient looks upwards and medially .	(23)
(7)	Retrobulbar injection .	(23)
(8)	Pressure applied to the right eye .	(24)
(9)	Right paralysed ocular movement as indicated by looking of the left eye to the left .	(24)
(10a)	Periocular injection of the lower lid .(Anterior injection)	(26)
(10b)	Periocular injection of the lower lid .(Posterior injection)	(26)
(11a)	Periocular injection of the upper lid .(Anterior injection)	(26)
(11b)	Periocular injection of the upper lid .(Posterior injection)	(26)
(12)	The Van lint block can anaesthetize the facial nerve branches to the orbicularis muscle as they run over the periosteum just lateral to the orbit .	(29)
(13)	Determination for the site of O'Brien facial block .	(32)
(14)	O'Brien technique .	(32)
(15)	Injection of local anaesthetic .	(33)
(16)	Localized swelling due to injection of local anaesthesia .	(33)
(17)	Pressure applied to the area of injection to help diffusion of anaesthetic .	(34)
(18)	Effect of O'Brien block , as shown by inability of the patient to squeeze her right lids compared to the left eye .	(34)

NO.	Title	Page
(19)	Atkinson akinesia .	(35)
(20)	Spaeth modification .	(36)
(21)	Topical anaesthesia using Benoxinate eye drops	(39)
(22)	"a " Tenon's capsule injection .	(41)
	"b" Tenon's capsule injection . using southampton cannula ,	(42)
(23)	Halothane .	(45)
(24)	Anaesthetic machine .	(46)

LIST OF TABLES

No.	Title	Page
(1)	Regional anaesthetic agents.	(19)
(1')	Regional anaesthetic agents,(chemical structure) .	(19)
(2)	Topical anaesthetic agents	(38)
(3)	Local versus general anaesthesia	(60)
