ACKNOWLEDGMENT

First of all, I thank Allah for his great help to fulfill this work.

I would like to express my sincere gratitude and appreciation to **Professor Dr. Hussein Mohamed El-Tanany**, Prof. of Oral Surgery, Faculty of Oral and Dental Medicine, Cairo University. I will remain grateful for him for the selection of the point of research of the present study and his advice, constructive criticism and scientific supervision.

I am also grateful to **Professor Dr. Ragia Mohamed Mounir**, Prof. of Oral Surgery, Faculty of Oral and Dental Medicine, Cairo University, for her kind advice, co-operation in making this work possible.

This work would never have been accomplished without the sincere help, guidance and assistance of **Professor Dr. Khaled Zekry**, Prof. of Oral Prosthesis, Faculty of Oral and Dental Medicine, Cairo University. My words can never express my appreciation, gratefulness and thanks to him for teaching me how to assess, prepare and perform this work.

My deep thanks is extended to **Dr. Moushera Dahaba**, Assistant Professor of Oral Radiology, Faculty of Oral and Dental Medicine, Cairo University, for her exact, precise, and generous supervision, without her support this work would have reached its final stage of completion.

Most sincere thanks to all members in Oral Surgery and Radiology Departments, Cairo University.

DEDICATION

To my family

To my husband

To my daughter
