HOSSAM MAGHRABY

**EVALUATION OF ACUTE CANNABIS
INTOXICATION IN PRE- SCHOOL CHILDREN
ADMITTED TO POISON CONTROL CENTER –AIN
SHAMS UNIVERSITY HOSPITALS**

Thesis

Submitted for Partial Fulfillment of Master Degree
In Clinical Toxicology

By

Alaa Magdy Mohammed Basyouni

Demonstrator in Forensic Medicine and Clinical Toxicology
Department
Faculty of Medicine - Ain shams University

Supervised by

Prof. Dr. Hoda Salah Osman

Professor in Forensic Medicine and Clinical Toxicology Department
Faculty of Medicine - Ain Shams University

Prof. Dr. Gihan Boshra Azab

Professor in Forensic Medicine and Clinical Toxicology Department
Faculty of Medicine - Ain shams University

Dr. Sarah Saiid Mohammed

Lecturer in Forensic Medicine and Clinical Toxicology Department
Faculty of Medicine - Ain shams University

Faculty of Medicine
Ain Shams University
2021

List of Contents

Title	Page
▪ List of Abbreviations	i
▪ List of Tables	iii
▪ List of Figures	ix
▪ Introduction	1
▪ Aim of the Study	3
▪ Review of Literature	4
- Historical review & law.....	4
- Cannabis laws in Egypt.....	6
- Epidemiology	8
- Chemical components of cannabis	10
- Physical components of cannabis	13
- Pharmacokinetics	16
- Pharmacodynamics.....	21
- Cannabis use	32
- Cannabis toxicity	36
- Cannabis diagnosis & investigations	41
- Management	45

Title	Page
▪ Subjects and Methods	48
▪ Results	68
▪ Discussion	116
▪ Conclusion	138
▪ Recommendations	140
▪ Summary	142
▪ References	151
▪ Arabic Summary	--

List of Abbreviations

2-AG	2-Arachidonoylglycerol
ABG	Arterial Blood Gas Analysis
AEA	Anandamide
BC	before christ
CB1	Cannabinoid Receptors Type (1)
CB2	Cannabinoid Receptors Type (2)
CBD	Cannabidiol
CBN	Cannabinol
CNS	Central Nervous System
CVS	Cardiovascular System
DBP	Diastolic Blood Pressure
ECG	Electrocardiography
ER	Emergency Department
GABA	Gamma-Aminobutyric Acid
GC-MS	Gas Chromatography–Mass Spectrometry
HCO₃	Bicarbonate
HR	Heart rate
ICU	Intensive care unit
K⁺	Potassium
LC-MS	Liquid Chromatography–Mass Spectrometry
N	Number of Patients
Na⁺	Sodium
NS	Non-Significant
PaCO₂	Partial Pressure of Carbon Dioxide
PaO₂	Partial Pressure of Oxygen

List of Abbreviations

PCC-ASUHPoison Control Center of Ain Shams University Hospitals
PSSPoisoning Severity Score
RBSRandom Blood Sugar
SSignificant
SaO2Oxygen Saturation
SBPSystolic Blood Pressure
SCsSynthetic Cannabinoids
SDStandard Deviation
THC Δ^9 -Tetrahydrocannabinol
X2Chi-Square Test

List of Tables

Table No.	Title	Page
Review of Literature tables		
Table (I):	Grading of severity according to PSS ...	51
Table (II):	Normal ranges and suggested febrile thresholds for human body temperature ..	55
Table (III):	Normal children vital data according to age	55
Table (IV):	Reed's classification of the level of consciousness	56
Table (V):	Used sheet for data collection	65
Results tables		
Table (1):	Shows number and percentage of acute cannabis intoxicated children in comparison to number and percentage of acute cannabis intoxicated adult admitted to (PCC-ASUH) from March 2019 to December 2019	69
Table (2):	Shows number and percentage of acute cannabis intoxicated pre-school children among total acute cannabis intoxicated children admitted to (PCC-ASUH) from March 2019 to December 2019	70
Table (3):	Shows number and percentage of acute cannabis intoxicated pre-school children in comparison to total acute intoxicated pre-school children admitted to (PCC-ASUH) from March 2019 to December 2019 ...	71

List of Tables (Continued)

Table No.	Title	Page
Table (4):	Shows demographics data (Age - Sex -Residence) of acute cannabis intoxicated pre-school children.....	73
Table (5):	Chi-Square statistical analysis & One Way ANOVA test of socio-demographic data (Age-Sex-Residence) among three groups (group I, II & III) of PSS in acute cannabis intoxicated pre-school children	75
Table (6):	Shows intoxication data (Route - Manner - Delay time- Child problems -Place - Family addiction & Source) in acute cannabis intoxicated pre-school children.....	76
Table (7):	Chi-Square statistical analysis & One Way ANOVA test of intoxication data (Route - Manner - Delay time - Child problems- -Place - Family addiction & Source) among three groups (group I, II & III) of PSS in acute cannabis intoxicated pre-school children.....	78
Table (8):	Shows pre-hospital consultation in acute cannabis intoxicated pre-school children.....	79

List of Tables (Continued)

Table No.	Title	Page
Table (9):	Chi-Square statistical analysis shows pre-hospital management among three groups (group I, II & III) of PSS in acute cannabis intoxicated pre-school children	80
Table (10):	Shows vital data of the total studied acute cannabis intoxicated pre-school children.....	81
Table (11):	One Way ANOVA test of the vital data (Pulse -blood pressure - temperature & respiratory rate) among three groups (group I, II & III) of PSS in acute cannabis intoxicated pre-school children	84
Table (12):	Shows evaluation of conscious level according to Reed's classification in acute cannabis intoxicated pre-school children.....	85
Table (13):	Shows the neurological manifestations in acute cannabis intoxicated pre-school children.....	86
Table (14):	Chi-Square statistical analysis of neurological manifestations among three groups (group I, II & III) of PSS in acute cannabis intoxicated pre-school children.....	87

List of Tables (Continued)

Table No.	Title	Page
Table (15):	Shows respiratory findings of acute cannabis intoxicated pre-school children	88
Table (16):	Chi-Square statistical analysis of respiratory findings among three groups (groups I, II & III) of PSS in acute cannabis intoxicated pre-school children.....	89
Table (17):	Shows gastrointestinal findings of acute cannabis intoxicated pre-school children.....	90
Table (18):	Chi-Square statistical analysis shows gastrointestinal findings among three groups (groups I, II & III) of PSS in acute cannabis intoxicated pre-school children.....	91
Table (19):	Shows eye findings of acute cannabis intoxicated pre-school children	92
Table (20):	Chi-Square statistical analysis shows eye examination among three groups (groups I, II & III) of PSS in acute cannabis intoxicated pre-school children.....	93
Table (21):	Shows skin findings of acute cannabis intoxicated pre-school children	95

List of Tables (Continued)

Table No.	Title	Page
Table (22):	Chi-Square statistical analysis shows skin examination among three groups (groups I, II & III) of PSS in acute cannabis intoxicated pre-school children.....	96
Table (23):	Chi-Square statistical analysis & One Way ANOVA test show metabolic changes among three groups (groups I, II & III) of PSS in acute cannabis intoxicated pre-school children.....	97
Table (24):	One Way ANOVA test shows random blood sugar & electrolytes changes among three groups (groups I, II & III) of PSS in acute cannabis intoxicated pre-school children.....	100
Table (25):	One Way ANOVA test shows ECG changes among three groups (groups I, II & III) of PSS in acute cannabis intoxicated pre-school children.....	101
Table (26):	Shows treatment of acute cannabis intoxicated pre-school children.....	102
Table (27):	Chi-Square statistical analysis comparing treatment among three groups (groups I, II & III) of PSS in acute cannabis intoxicated pre-school children.....	103

List of Tables (Continued)

Table No.	Title	Page
Table (28):	Show place of admission of acute cannabis intoxicated pre-school children	107
Table (29):	Chi-Square statistical analysis shows place of admission among three groups (groups I, II & III) of PSS in acute cannabis intoxicated pre-school children	108
Table (30):	Shows duration of hospital stay of acute cannabis intoxicated preschool children ...	109
Table (31):	One Way ANOVA test shows duration of hospital stay among three groups (group I, II & III) of PSS in acute cannabis intoxicated preschool children.....	110
Table (32):	Chi-Square statistical analysis shows duration of hospital stay among three groups (group I, II & III) of PSS in acute cannabis intoxicated preschool children.....	111
Table (33):	Shows survival rate of acute cannabis intoxicated preschool children	113
Table (34):	Chi-Square statistical analysis shows survival rate among three groups (group I, II & III) of PSS in acute cannabis intoxicated preschool children.....	114

List of Figures

Figure No.	Title	Page
Review of Literature figures		
Fig. (I):	Δ^9 -tetrahydrocannabinol-4-oic acid (Δ^9 THCA)	10
Fig. (II):	Converting THCA into Δ^9 THC	11
Fig. (III):	Molecular formula: $C_{21}H_{30}O_2$ & Molecular weight: 314.4 g/mol	11
Fig. (IV):	Cannabis sativa plant	13
Fig. (V):	Cannabis sativa flower	14
Fig. (VI):	Cannabis Indica plant	15
Fig. (VII):	Cannabinoid receptors	24
Fig. (VIII):	Marijuana (Cannabis sativa)	26
Fig. (IX):	Hashish	27
Fig. (X):	Bango	28
Fig. (XI):	Hashish Oil	29
Fig. (XII):	Examples of cannabis-infused sweets	30
Fig. (XIII):	Cannabis Tincture	31
Fig. (XIV):	Cannabis rolled cigarettes	32
Fig. (XV):	Cannabis candy	33
Fig. (XVI):	Nabiximols (trade name Sativex)	34
Fig. (XVII):	Cannabis urine screen	43
Fix. (XVIII):	The Substance Abuse and Mental Health Services Administration standards	44
