Acknowledgment

Thank **GOD** for all his blessings, his guidance and for giving me the strength to complete this thesis.

I would like to express my deepest appreciation to **Prof.Dr. Mona Mahmoud Abu El-Fotoh** Head Of Oral Medicine, Periodontology, Diagnosis and Radiology Department, Faculty of Dentistry, Ain Shams University, for her kind supervision, advice and useful instructions throughout the study. It was an honor for me to work under her supervision.

My sincere thanks and gratitude go to my dear supervisor **Dr. Shaimaa Mohamed Abu el Sadat**, Lecturer of Oral and Maxillofacial Radiology, Faculty of Dentistry, Ain Shams University, for sharing her expertise and valuable scientific instructions. Without her guidance and help, the research study would not have been completed.

My deepest appreciation and thanks go to **Dr. Wael Mohammed Safwat Aboelmaaty**, Assistance Professor of Oral Radiology and Diagnostic Sciences- Faculty of Dentistry, Mansoura University, for his inspiration and extremely valuable guidance with his positive feedbacks.
