Study of the Effect of Abcb1 Single Nucleotide Polymorphism on Tacrolimus Dose Requirements in Liver Transplant Patients

Thesis

Partial Fulfilment of Master Degree
in Clinical Pathology

By

Maram Saeed AbdEl-baki Shararah

M.B.B.Ch., Ain Shams University

Under supervision of

Prof. Dr. Eman Saleh El-hadidi

*Professor of Clinical Pathology
Faculty of Medicine - Ain Shams University*

Prof. Dr. Maha Mohsen Kamal El-Din

*Professor of Internal Medicine, Hepatology and Gastroenterology
Faculty of Medicine - Ain Shams University*

Dr. Azza Abd El-rahman Saab

*Assistant Professor of Clinical Pathology
Faculty of Medicine - Ain Shams University*

Dr. Heba Hassan Ali

*Assistant Professor of Clinical Pathology
Faculty of Medicine - Ain Shams University*

Faculty of Medicine
Ain Shams University
2021

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

قالوا

سببنا نك لا علم لنا
إلا ما علمتنا إنك أنت
العليم العظيم

صدق الله العظيم

سورة البقرة الآية: ٣٢

Acknowledgment

*First and foremost, I feel always indebted to **ALLAH**, the Most Kind and Most Merciful.*

*I must express my gratitude to my deceased professor and supervisor, **Prof. Dr. Eman Saleh El-Hadidi**, who had a great role in selecting and coordinating this work. I hope that this work will rise to a level equivalent to what she has made for the sake of knowledge.*

*I am also delighted to express my deepest gratitude and thanks to **Prof. Dr. Maha Mohsen Kamal El-Din**, Professor of Internal Medicine, Hepatology and Gastroenterology, Faculty of Medicine - Ain Shams University, for her kind care, continuous supervision, valuable instructions, constant help and great assistance throughout this work.*

*I am deeply thankful to **Dr. Azza Abd El-Rahman Saab**, Assistant Professor of Clinical Pathology, Faculty of Medicine - Ain Shams University, for her great help, active participation and guidance.*

*I wish to introduce my deep respect and thanks to **Dr. Heba Hassan Ali**, Assistant Professor of Clinical Pathology, Faculty of Medicine - Ain Shams University, for her kindness, supervision and cooperation in this work.*

I'd like to present my sincere thankfulness to my dear mother and my deceased father, for their great role in my life and their sacrifices for me. Many thanks for my sisters Nourhan and Nada and my brother Yamen for their support and for being truly present when needed. Last but not least my sincere thanks and appreciation to all patients participated in this study.

Maram Saeed AbdEl-baki

List of Contents

Title	Page No.
List of Tables	i
List of Figures	iii
List of Abbreviations	v
Introduction	1
Aim of the Work	3
Review of Literature	
Transplant Hepatology	4
Indications for Liver Transplantation	4
Patient Selection	9
Contraindications for Liver Transplantation	10
Pre-transplantation Patient evaluation	11
Types of Liver Transplantation	12
Pre Transplantation Donor Evaluation	13
Immunosuppressants	23
Classes of Immunosuppressant used in liver transplantation	23
FK506 (Tacrolimus)	36
Mechanism of Action	36
Pharmacokinetics of Tacrolimus	38
Blood distribution of tacrolimus	38
Bioavailability of tacrolimus	39
Clearance of tacrolimus	40
Side effects	41
Therapeutic Drug Monitoring for Tacrolimus	42
Analytical Methods for Determination of Tacrolimus in Whole Blood	42

List of Contents (Cont...)

Title	Page No.
Permeability Glycoprotein.....	46
Gene Location and Structure	46
Structure and Mechanism of action of p-glycoprotein	48
Physiological role of P-glycoprotein.....	49
Regulation of P-glycoprotein expression	53
ABCB1 Gene Polymorphisms	54
Clinical Significance of ABCB1 Gene SNP	55
Methods for Determination of ABCB1 Gene Polymorphisms	58
Subjects and Methods	62
Results	77
Discussion.....	95
Summary and Conclusion	104
Recommendations.....	107
