Urban Planning Department

# **The Feasibility of Land Readjustment for Informal Areas' Upgrading Strategies in Egypt.**

A THESIS

Submitted in Partial Fulfillment of the Requirements of the Degree of

**MASTER OF SCIENCE IN URBAN PLANNING AND  
ENVIRONMENTAL STUDIES**

Submitted by

**Asmaa Atef Abdelaziz Ahmed Atta**

(B. Sc. In Architecture, Engineering College, Ainshams University, Class:  
2012)

Supervised by:

**Prof. Dr. Marwa Abo Elfetouh  
Elsayed Khalifa**

Professor - Urban Design and  
Planning, Faculty of Engineering, Ain  
Shams University

**Dr. Ahmed Sami Abd Elrahman  
Mohamed Mostafa**

Associate Professor - Urban Design  
and Planning, Faculty of Engineering,  
Ain Shams University

**Declaration**

This dissertation is submitted to Ain Shams University for the degree of Master of Science in Urban Planning and Environmental Studies. The work included in this thesis was carried out by the author in the Department of Urban Planning, Faculty of Engineering, Ain Shams University, Cairo, Egypt. No part of this thesis has been submitted for a degree or qualification at any other university or institution.

**Name:** Asmaa Atef Abdelaziz Ahmed Atta

**Date:**

### Acknowledgment

Thanks Allah the Almighty the most merciful and benovolent without whom I would not have been able to complete this thesis. I would like to express my gratitude to **Prof. Dr. Marwa Abo Elfetouh Elsayed Khalifa** and **Dr. Ahmed Sami Abd Elrahman Mohamed Mostafa** for all of the support and guidance that helped me overcome all the pitfalls that I faced during working and complete it in the best form, may God bless them.

I would also like to thank all Urban Planning Department's professors at Ain Shams University for their great efforts with me in the pre-master stage. Their advice was the key to produce such work. I wish them the best.

Also, I would like to thank my colleagues for helping me during the pre-master stage, for supporting me to keep going and provide me with the information and data to finish the thesis appropriately.

At Last, I would like to give special thanks for my parents, I could not have done anything without their love, care, and support. They have inspired me to become the man who I am, may Allah give them health and wellness.

Thank you all ...

**Curriculum Vitae**

Name: Asmaa Atef Abdelaziz Ahmed Atta

Date of Birth: 27<sup>th</sup> July 1989

Place of Birth: Mecca, Kingdom of Saudi Arabia.

Qualification: B.Sc. Degree in Architecture Department,  
Engineering College, Ainshams University.

Graduation Year: 2012

Current Job: BIM Manager - Cairo Branch - Saudi Diyar Consultant.

**Key Words:**

DISSERTATION

Submitted in partial fulfillment of the requirements

For the degree of Masters' degree in Urban Planning and Environmental studies,  
Engineering College of the University of AinShams.

## Table of Contents

<b>Chapter 1. Introductory Chapter</b>	<b>18</b>
1.1. Introduction .....	18
1.2. Problem Definition.....	21
1.3. Research Questions .....	22
1.4. Research Objectives .....	23
1.5. Research Methodologies and Design.....	24
1.5.1. Research Approach.....	25
1.5.2. Data collection.....	25
1.5.3. Data analysis.....	25
1.6. Research structure.....	26
<b>Chapter 2. Understanding Informal Settlement in Broad Sense</b>	<b>29</b>
2.1. Introduction .....	29
2.2. Background .....	30
2.3. Strategy undertaken to alleviate Informal Settlement and its shortcomings .....	34
2.4. The current planning process for City Expansion in Egypt .....	36
2.5. Planning city extension areas in Egypt.....	39
2.6. Conclusion.....	40
<b>Chapter 3. The Role of Land Readjustment in Urbanization</b>	<b>43</b>
3.1. Introduction .....	43
3.2. Land Readjustment (LR) in Concept, Principle.....	44
3.3. Land Readjustment Definitions.....	46
3.4. Land division in Land Readjustment projects .....	48
3.5. Land Readjustment Evaluation Platform for LR Practices (LR.org, 2018).....	51
3.5.1. Policy level .....	52
3.5.2. Management and operational level.....	56

3.5.3. External factors level .....	58
3.5.4. Review process level .....	58
3.6. Illustration for Land Readjustment Method (LR M) application .....	59
3.7. The Practice of Urban Land Readjustment in Egypt	61
3.8. The role of state authority in mainstreaming land readjustment in Egypt.....	65
3.9. Conclusion.....	67
<b>Chapter 4. Land Readjustment International Cases</b>	<b>69</b>
4.1. Introduction .....	69
4.2. German Land Readjustment Practice .....	70
4.3. The workflow of German Land Readjustment.....	73
4.4. Japan Land Readjustment Practice.....	78
4.5. The workflow of Japan Land Readjustment.....	82
4.6. German Land Readjustment Experience Learnt Lessons .....	90
4.7. Japan Land Readjustment Experience Learnt Lessons ..	94
4.8. LR in the eyes of the international world .....	98
4.9. Conclusion.....	100
<b>Chapter 5. Land Readjustment in Banha, Northern Area</b>	<b>104</b>
5.1. Introduction .....	104
5.2. Land Readjustment Preparation phase .....	105
5.2.1. Land Readjustment Project's Site selection .....	105
5.2.2. Identification of El Rezqa Area Project's Actors ...	109
5.2.3. Identification of landowners and land surveying.	111
5.2.4. Changing landownership of the site.....	113
5.3. Land Readjustment Project's planning phase.....	113
5.4. Land Readjustment Proposals.....	114
5.4.1. Landowners' Land Readjustment plan.....	115

5.4.2. Final Land Readjustment plan .....	117
5.5. Replotting / adjustment.....	118
5.6. Implementation phase .....	118
5.6.1. Negotiations with landowners.....	118
5.6.2. Governmental approval .....	120
5.7. Current Status .....	121
5.8. Conclusion.....	123
<b>Chapter 6. Rezqa Land Readjustment Project Evaluation</b>	<b>128</b>
6.1. Introduction .....	128
6.2. El Rezqa Area's Assessment Via indicators .....	128
6.2.1 Policy Level for El Rezqa Area .....	128
6.2.2. Management and Operational Level for El Rezqa Area	133
6.2.3. External factors level .....	134
6.2.4. Review process level .....	136
6.3. El Rezqa Project Case study's Conclusion.....	136
6.3.1. Problems encountered and lessons learnt.....	137
6.3.2. Preparation phase Problems and learnt lessons ..	137
6.3.3. Planning phase Problems and learnt lessons.....	138
6.3.4. Implementation phase Problems and learnt lessons ..	138
6.4. The survey authority challenges .....	139
6.5. Land registration and land tenures Problems.....	139
6.6. Cadastral system Challenges .....	140
<b>Chapter 7. Conclusions and Recommendations</b>	<b>143</b>
7.1. Conclusions .....	143
7.2. Recommendations.....	145
References .....	148
Books .....	148
Thesis .....	149
