MITRAL VALVE INTERVENTIONS IN SEVERE ISCHEMIC MITRAL REGURGITATION

(MITRAL VALVE REPAIR VERSUS REPLACEMENT)

A REVIEW AND A META- ANALYSIS STUDY

**Submitted for partial fulfillment of master degree in
cardiothoracic surgery**

Presented by: Mahmoud Mohamed Mahmoud Gamea
MBBCH, Suez Canal University

Under supervision:

Prof. Dr. Mohamed Mohamed El-fiky
Prof. of Cardiothoracic Surgery
Head of Cardiothoracic Surgery Department
Faculty of Medicine-Ain Shams University

Dr. Ihab Abdelrazek Ali
Assistant Prof. of Cardiothoracic Surgery
Faculty of Medicine -Ain Shams University

Dr. Mohamed Ahmed Gamal Mostafa
Lecturer of Cardiothoracic Surgery
Faculty of Medicine - Ain Shams University

Faculty of Medicine
Ain Shams University

2020

Acknowledgements

First thank are all directed to Allah for blessing this work until it has reached its end.

It's with immense gratitude that I acknowledge the support and help of, *Prof. DR.MOHAMED MOHAMED EL-FIKY*, professor of Cardiothoracic Surgery, Head of Cardiothoracic Surgery Department, Faculty of Medicine-Ain Shams University.

It's with immense gratitude that I acknowledge the support and help of *Dr. Ihab AbdELrazek Ali*, Assistant Prof. of Cardiothoracic Surgery, faculty of Medicine-Ain Shams University.

It's with immense gratitude that I acknowledge the support and help of *Dr. Mohamed Ahmed Gamal Mostafa*, Lecturer of Cardiothoracic Surgery, faculty of Medicine-Ain Shams University.

List of Figures	3
List of Tables	6
List of Abbreviations	8
INTRODUCTION	11
AIM of the Work	15
Chapter One Anatomy of mitral valve and coronary circulation.	16
Chapter Two Pathophysiology of ischemic mitral regurgitation.	31
Chapter Three Diagnosis and quantification of ischemic mitral regurgitation.	47
Chapter Four Prognosis and surgical interventions of IMR.	64
Chapter Five Recurrent MR after ring- annulo-plasty and subvalvular techniques.	90
Chapter Six Peri-operative risk of mortality and high risk patients.	104
Meta- analysis and results	120
Discussion of Results	161
conclusions	178
References	183
