MONA MAGHRABY

Comparative Study of Diode Laser Enhanced Remineralization by Fluoride and Nanohydroxyapatite of the Demineralized Human Enamel

A Thesis Submitted in Partial Fulfillment of the
Requirements for
PhD in Oral Biology

By
Hanan Mansour Abdallah

B.D.S. Cairo University (2005)

M.Sc. Oral Biology, Cairo University (2013)

Faculty of Dentistry
Ain Shams University
2021

Supervisors

Dr. Reham Magdy Ameen

Professor of Oral Biology

Faculty of Dentistry

Ain Shams University

Dr. Khaled El Sayed Nour El Haddad

Assistant Professor of Oral Biology

Faculty of Dentistry

Ain Shams University

ACKNOWLEDGEMENT

First of all, thanks to GOD, the most gracious, the most merciful.

The completion of this thesis wouldn't have become possible without the help and support of a number of people to whom I'm greatly indebted. I believe it is my duty to register here my deep gratitude to them.

*I would like to express my sincere gratitude and appreciation to **Prof. Dr. Reham Magdy Ameen**, Professor of Oral Biology Department, Faculty of Dentistry, Ain Shams University. I will remain grateful for her valuable guidance, continuous scientific supervision, spiritual encouragement, unforgettable efforts and proper planning that lead to the formation of this work,*

*I am deeply grateful and thankful to **Dr. Khaled El Haddad**, Assistant professor of Oral Biology, Faculty of Dentistry, Ain Shams University for his great effort, his close supervision, his valuable guidance and for giving me generously of his time. I will remain grateful for his guidance.*

*I shouldn't miss the chance to express my gratitude and thanks to **Dr. Mahmoud Al-Ankily**, **Dr. Mohamed Shamel** and **Dr. Sara El-Banna** for their*

*help and encouragement, and to all the members of the Oral Biology
Department at Faculty of Dentistry, Ain Shams University.*

Dedication

Dedication

I would like to dedicate this work to my family especially my parents, for whom I cannot find adequate words to express my gratitude and love or be able ever to repay their kindness and patience toward me.

Very special Thanks to my loving husband, who has stood by me in every step of the way, who always give me hope and support and to my daughters and son.

LIST OF CONTENTS

List of Figures.....	i
List of Tables	iv
List of Charts.....	vi
List of Places.....	vii
Introduction.....	1
Review of literature	3
Composition and structure of enamel	3
Demineralizing lesions in enamel	6
Caries	7
Erosion	8
Prevention of demineralized lesions	9
Fluoride.....	11
Mechanism of action of fluoride	13
Nano-Hydroxyapatite.....	15
Applications of Nano-Hydroxyapatite.....	18

Scanning Electron microscope-Energy Dispersive X-ray (SEM/EDX) ..	19
Laser.....	21
Aim of the study	28
Materials and methods	29
Results	39
Results of enamel surface topography	39
Results of enamel surface mineral content (EDXA)	60
Results of enamel surface microhardness	64
Discussion	66
Summary	80
Conclusions.....	87
Recommendations	89
References	90
