Synthesis and Characterization of Hybrid Nanocomposites as Photocatalyst for Wastewater Decontamination

*A Thesis Submitted for the degree of Doctor of Philosophy in
Science in Physics*

By

Reem Mohamed Abd El Kreem

M.Sc. in Physics 2016

To

Department of physics

Faculty of Science - Ain Shams University

Supervised by

Prof. Dr. Mona Mohamed Abd Latif Mohsen

Prof. of Nuclear-Solid State Physics

Faculty of Science, Ain Shams University

Prof. Dr. Ehsan Abdel Haleem

Ahmed Gomaa

Professor of Nuclear Physics, Faculty of

Science, Ain Shams University

Dr. Mohamed Eid Mohammed Ali

Associate Prof. of Water Chemistry

Water Pollution Research Department,

National Research Center

Acknowledgment

Praise God, Allah, who directed me to do this job, and without Allah's guidance, I could not have done it.

I wish to express my deep thanks and gratitude to **Prof. Dr. Mona Mohamed Mohsen, professor of Nuclear-Solid State physics at the Physics Department, Faculty of Science, Ain Shams University**, for her supervision, fruitful discussions, reviewing of the manuscript and guidance, which had a major impact in the completion of this work.

I would like to express my deep gratitude to **Prof. Dr. Ehsan Abd El Haleem Gomaa, professor of Nuclear physics at the Physics Department, Faculty of Science, Ain-Shams University**, for her supervision, great efforts, and continuous help during the preparation of this thesis.

It is my pleasure to express deep gratitude and sincere appreciation to **Dr. Mohamed Eid Mohammed Ali, Associate Prof, at the Water Pollution Research Department, National Research Centre**, for his supervision, excellent guidance, numerous valuable suggestions and discussions, and encouragement during the experimental work.

I wish to express my deep thanks to my father, my mother, and my sisters (**Doaa, Marwa, Raghda, and Shrook**) and my best friends (**Sara, Manner, Aya, Hadeel, and Amina**).

I'm very grateful to **Prof Dr. Nabila Amar and Dr. Shaimaa Mohammed, National Research Center** for their help, encouragement and wishes.
