ACKNOWLEDGEMENT

In the name of Allah, the beneficent, the Merciful first and above all praise be to Allah the Almighty, the glorious who has bestowed upon us the faculties of thinking, searching and learning.

I would like to express my deepest gratitude to all who in one way or another contributed completion of this thesis.

I would like to express my sincere gratitude and great appreciation to ***Prof. Dr. Nadra Abdelatif Nada***, Professor of Spectroscopy, Physics Department, Faculty of Women for Arts, Science and Education, Ain Shams University, for her continuous interest, encouragement, and moral support during this work.

This thesis would not have been possible without the help, support and patience of my principal supervisor ***Prof. Dr. Medhat Ahmed Abdel Khalek Ibrahim***, Professor of Applied Spectroscopy, Director of Nanotechnology Research Centre (NTRC), The British University in Egypt (BUE), for suggesting and directing the research project, useful discussion, reviewing the dissertation.

My most sincere thanks and full gratitude to ***Prof. Dr. Osama Mohamed Mahmoud Osman***, Professor of Bio-Physics, Head of Spectroscopy Department, National Research Center, for his continuous help, guidance and contribution to revsing this disseration.

I would never have been able to finish my dissertation without the guidance of ***Assoc. Prof. Dr. Maroof Marawan Hegazy***, Associated Professor of Space Technology, Head of Nano Technology Unit, Space lab, Solar and Space Departement,

ACKNOWLEDGEMENT

National Research institute of astronomy and geophysics for his valuable help and precious support throughout the experimental section and assignments.

I am most grateful to ***Prof. Dr. Hanan Goda El-Haes***, Professor of Solid State, Physics Department, Faculty of Woman for Arts, Science and Education, Ain Shams University for her valuable advice, support and friendship.

I would like to acknowledge the staff members, colleagues and technicians in the physics Department, Faculty of Women for Arts, Science and Education, Ain Shams University, National Research Center and National Research Institute of Astronomy and Geophysics for their help and facilities kindly provided.

Last, but by no means least, I would also like to thank my parents, two younger sisters, and my husband. They were always supporting me, encouraging me with their best wishes, cheering me up and stood by me through the good times and bad. I would like to thank and dedicate this work to my children, **Ahmed** and **Adam**, for putting up with my imperfections and permitting me to take my time to complete that as well.
