ACKNOWLEDGMENT

*First and foremost, I feel always indebted to **ALLAH**, the most kind and the most merciful.*

*I turn with a grateful heart to **Prof. Dr. Harisa EL Shimy**, Professor of Nursing Administration, Faculty of Nursing, Ain Shams University. I am indebted to her meticulous supervision, constructive criticism, expertise, and continuous unlimited help. Without her enthusiasm and motherly attitude that has made the easiest out of most difficult, I would not have been able to start and complete this work. It has always been and will continue to be a great personal pleasure being a student of her.*

*I wish to express my appreciation to **Dr. Rabab Hasen**, Lecturer of Nursing Administration, Faculty of Nursing, Ain Shams University, for her meticulous supervision, fruitful guidance, valuable support and instructions throughout this thesis. All are deeply and cordially appreciated.*

Last but not least, I would like also to express my gratitude and appreciation especially to my family and to all those who directly or indirectly helped me in putting this piece of work together and making it look the way it is now.
