THE ROLE OF MANDIBULAR DISTRACTION OSTEOGENESIS IN TEMPOROMANDIBULAR JOINT ANKYLOSIS

Thesis

Submitted for partial fulfillment of
Master Degree in General Surgery

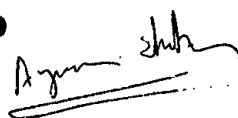

By

Ahmed Abd El-Rahim Kenawy
M.B., B.Ch.

Supervised By

Prof. Dr. Ismael Abd El-Hakim Kotb

*Professor of General Surgery
Faculty of Medicine
Ain Shams University*

Dr. Ayman Abo El Makarem Shaker

*Assist. Prof. of Plastic and Reconstructive Surgery
Faculty of Medicine
Ain Shams University*

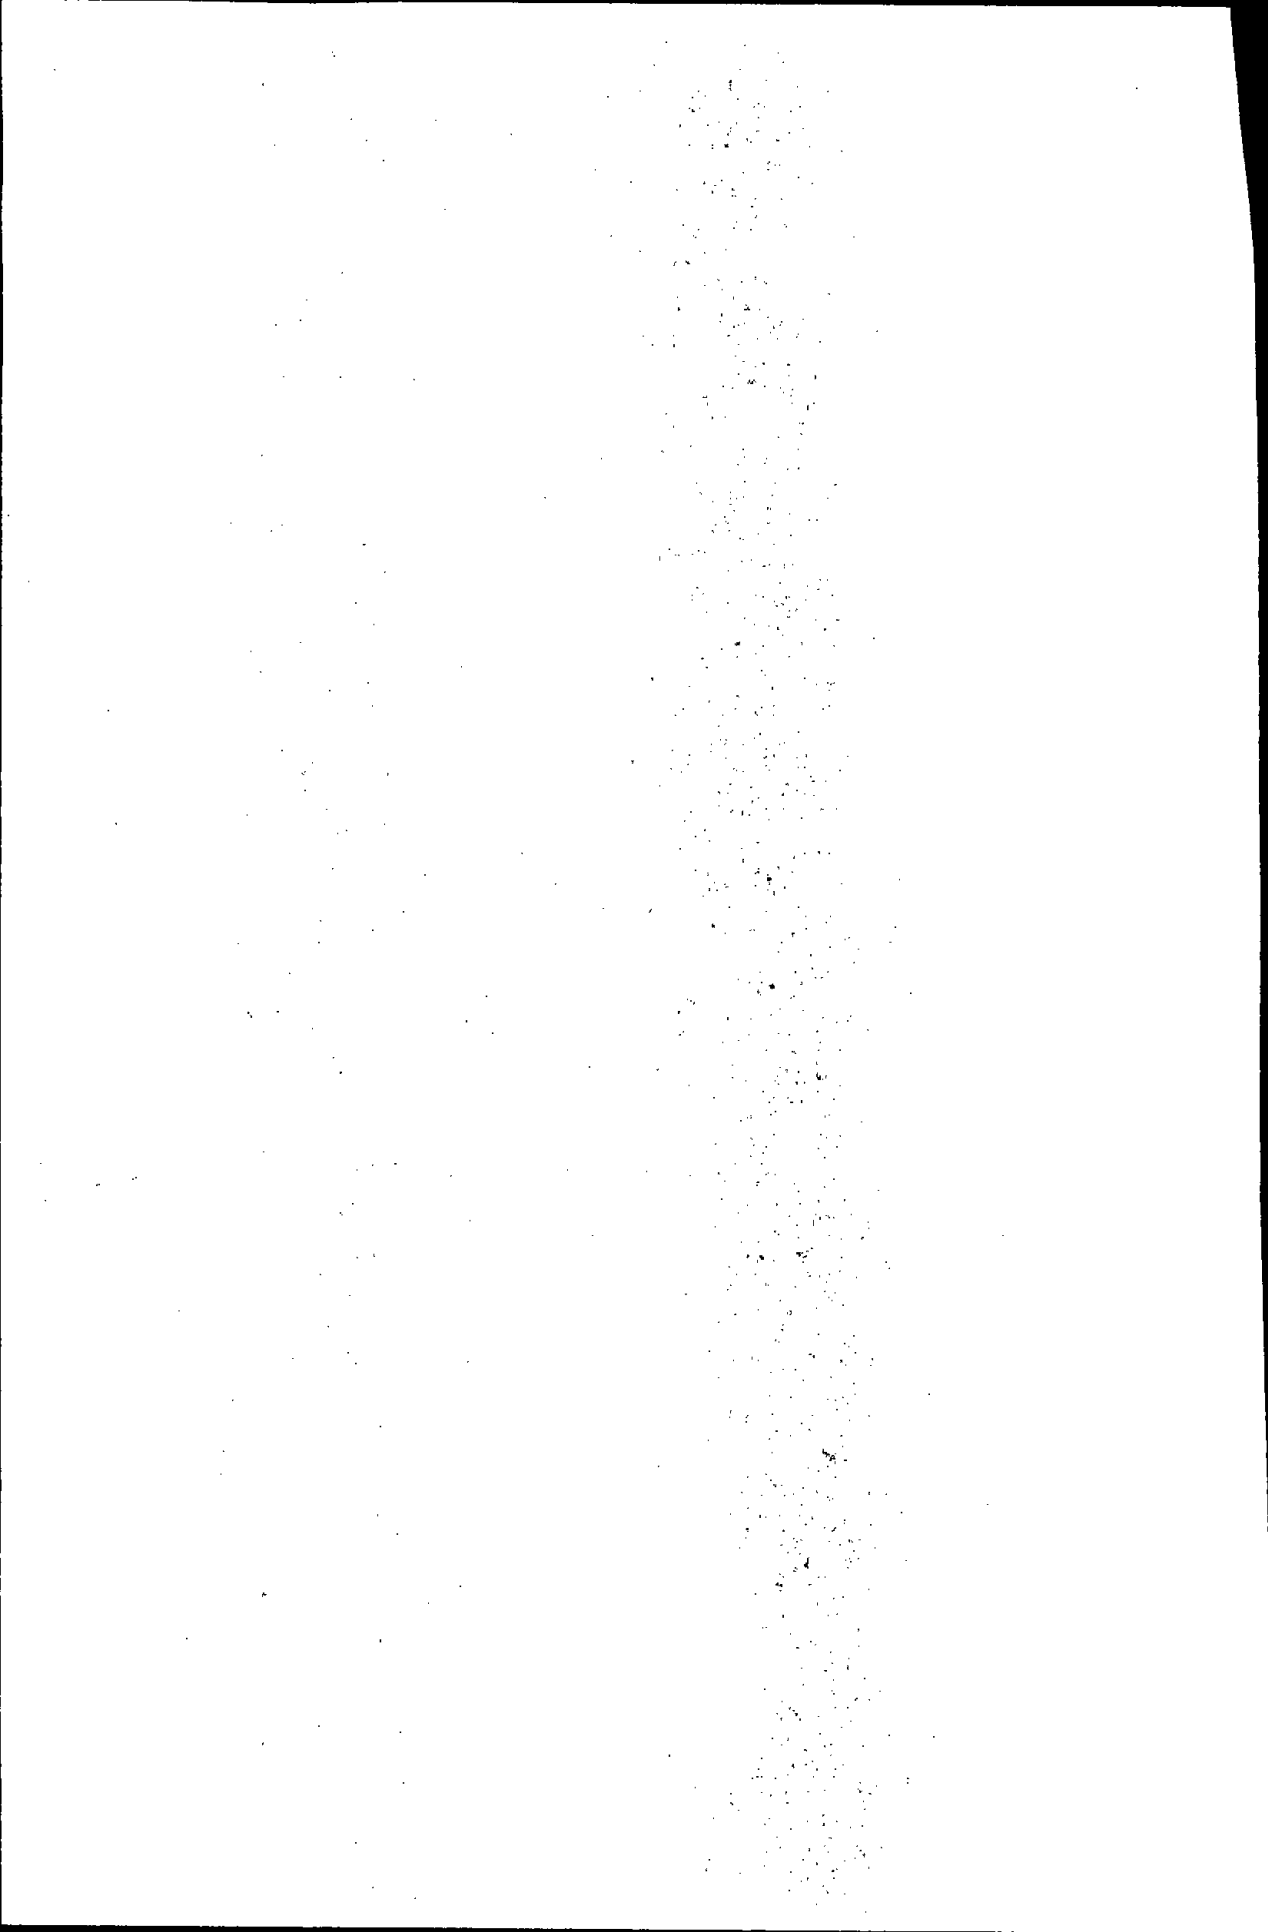

Dr. Amr Magdy Sayed Mahmoud

*Lecturer of Plastic and Reconstructive surgery
Faculty of Medicine
Ain Shams University*

**Faculty of Medicine
Ain Shams University**

2002

Acknowledgement

First of all, thanks **Allah Alrahman**, for His superior great help to fulfill this work.

I would like to thanks a gratitude **Prof. Dr. Mostafa Hemeda**, Head of Plastic and Reconstructive Surgery Department, Ain Shams University, for his kind encouragement and support.

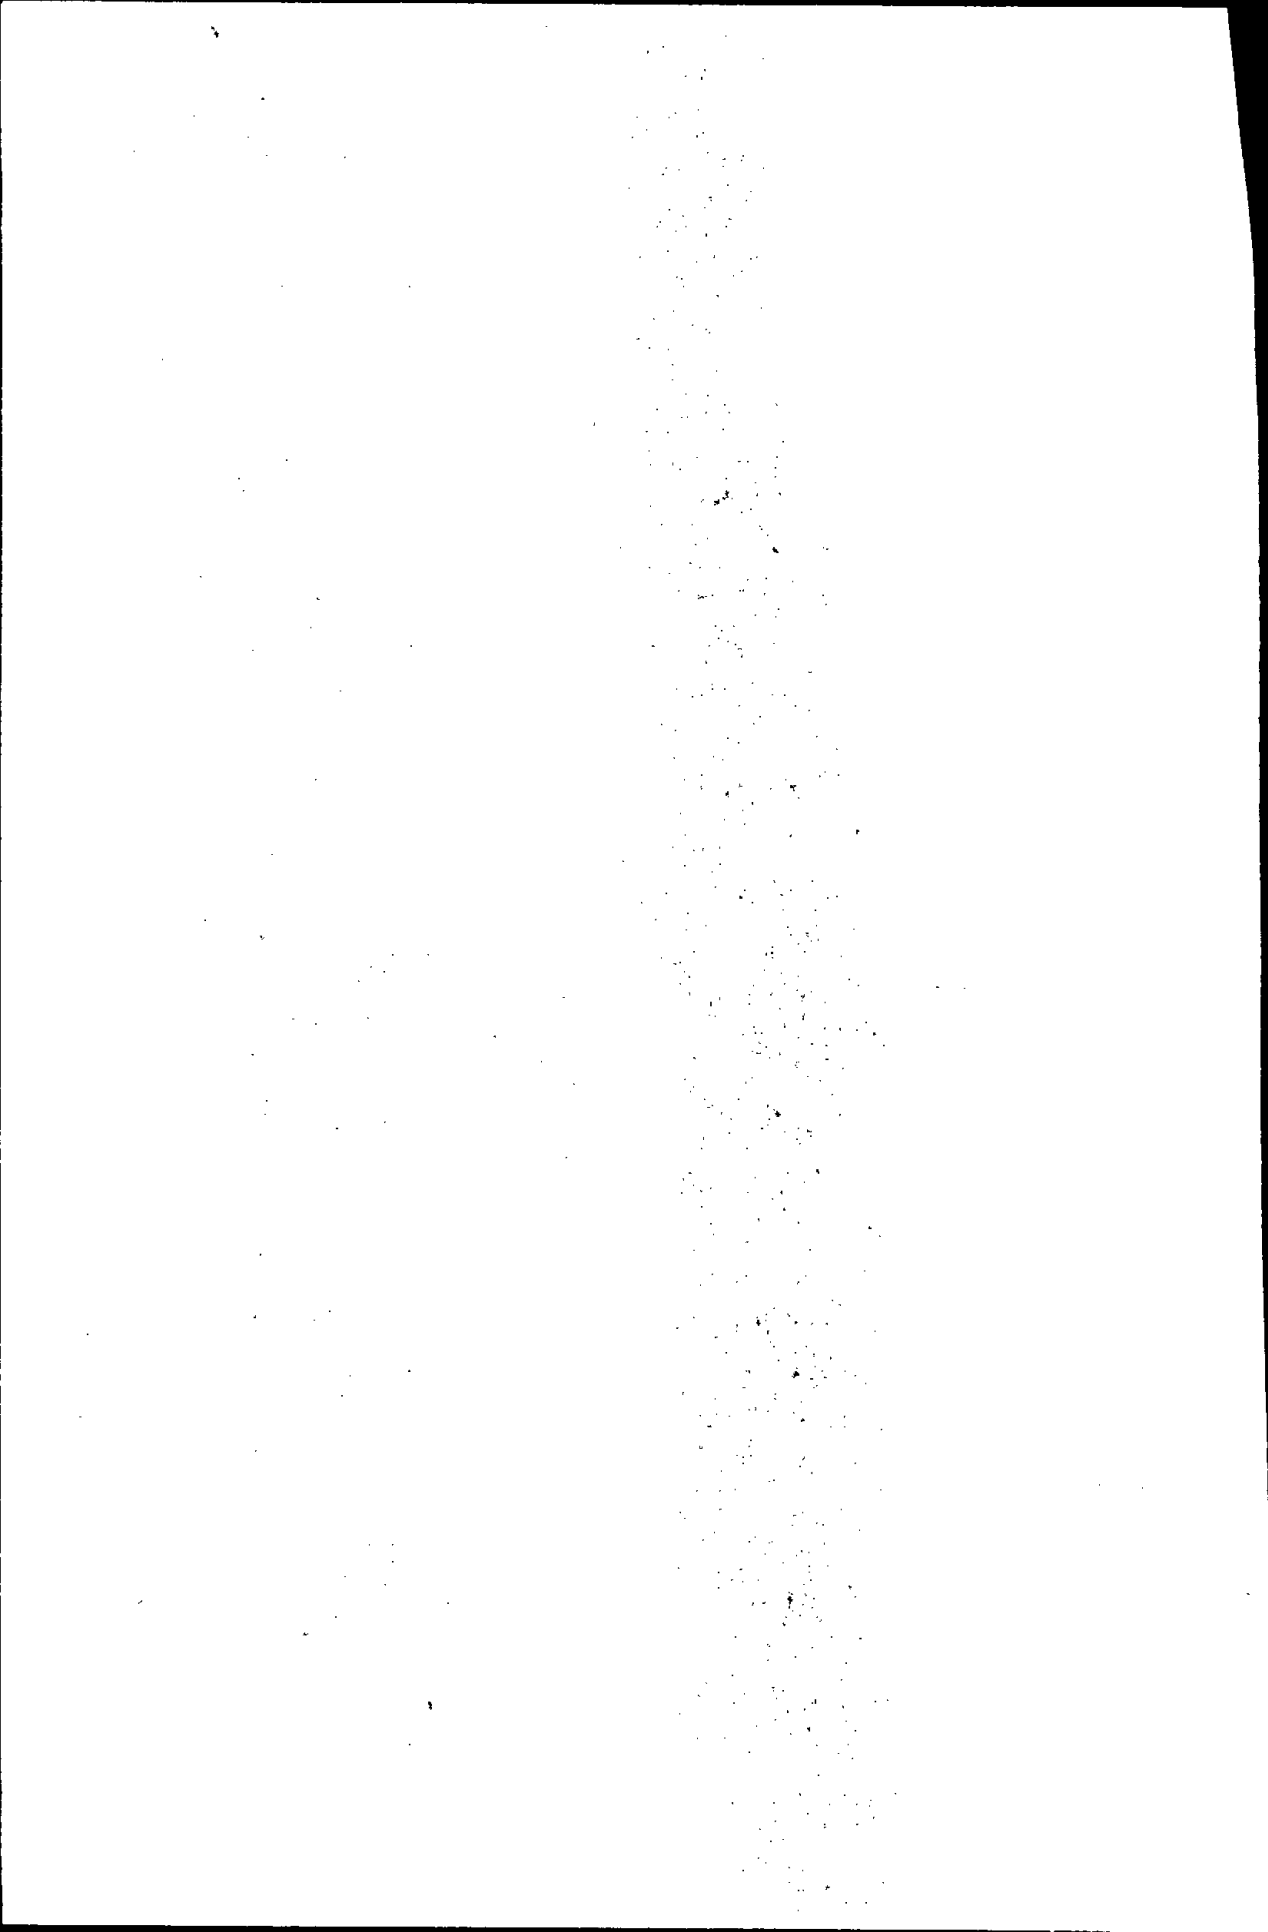

My profound thanks to **Prof. Dr. Ismael Abd Al-Hakim Kotb**, Prof. of General Surgery, Ain Shams University, for his support, sympathy, and participation in supervision of this work and advises.

I would like to express my deep gratitude and sincere thanks to **Dr. Ayman Abo El-Makarem Shaker**, Assist. Prof. of Plastic and Reconstructive Surgery, Ain Shams University, Faculty of Medicine, for his kind supervision, for suggesting the main points of research, revision of the whole study and performing the operations. I am really indebted and grateful to him for his generous help, fatherly encouragement and support.

I am also grateful to **Dr. Amr Magdy Sayed Mahmoud**, Lecturer of Plastic Surgery, Ain Shams University, for his participation in supervision of this work, and valuable sincere advises and ideas.

I would like to extend my sincere thanks to **Dr. Mohammad Abdel Rahman**, Consultant of Dental and Oral Surgery, Ain Shams University hospitals, who offered the opportunity to conduct most of our results under his supervision. I am extremely indebted to him for his generous help, and kind advises.

Finally, I would like to extend my thanks to all staff members of Plastic Surgery Department, Ain Shams University and to any one who helped me to complete this work.

Introduction	1
Aim of the work.....	4
Review of Literature	5
Anatomy, embryology, and functional anatomy of temporomandibular joint.....	5
Temporomandibular joint ankylosis.....	17
Management of true T.M.J. ankylosis	27
Distraction osteogenesis and its role in management of T.M.J. ankylosis.....	41
- Basis and mechanism	41
- Historical background	41
- Principles of distraction osteogenesis.....	43
- Types of distraction osteogenesis.....	47
- Effect of mandibular distraction.....	50
- Simultaneous mandibular distraction and arthroplasty as a management of temporomandibular joint ankylosis.....	55
- Mandibular growth after distraction.....	61
- Preoperative assessment.....	
- Preoperative planning for strain pattern and vector of distraction.....	65
- Postoperative evaluation of treatment of mandibular deformity after distraction.....	67
Patients and Methods	71
Results	95
Discussion.....	117
Summary and Conclusion	129
