HANAA ALY

“Studying the role of some extracellular signal regulated kinases (ERK) effectors in patients with breast cancer”

**A Thesis Submitted for the Partial Fulfillment of Master Degree
in Pharmaceutical Sciences (Biochemistry)**

By

Afnan Nabil Abdrabou

**Teaching Assistant in Biochemistry Department,
Faculty of Pharmacy, Ahram Canadian University
Bachelor of Pharmaceutical Sciences, Ahram Canadian
University, 2014**

Under Supervision of

Prof. Dr. Hala Osman EL-Mesallamy

**Professor of Biochemistry, Faculty of Pharmacy, Ain Shams University
Dean of faculty of pharmacy
Sinai University**

***Assist. Prof. Dr. Reham Ali Abbas
El-Shimy***

**Assistant Professor of Clinical Pathology
National Cancer Institute, Cairo University**

Dr. Sara Mostafa Abdelsalam Radwan
Lecturer of Biochemistry

Faculty of Pharmacy, Ain Shams University

Biochemistry Department

Faculty of Pharmacy

Ain Shams University

2021

Acknowledgements

I truly thank **God** for His kind help, guidance and enlightening my way to achieve my aim. I pray to **God** to always grant me success in my life and gain his forgiveness.

I would like to express my sincere appreciation to **Dr. Hala Osman El-Mesallamy**, Professor of Biochemistry, Faculty of pharmacy, Ain Shams University and Dean of Faculty of Pharmacy, Sinai University, for her fruitful criticism, beneficial remarks and continuous support throughout the development of this work. May it be added to her good deeds.

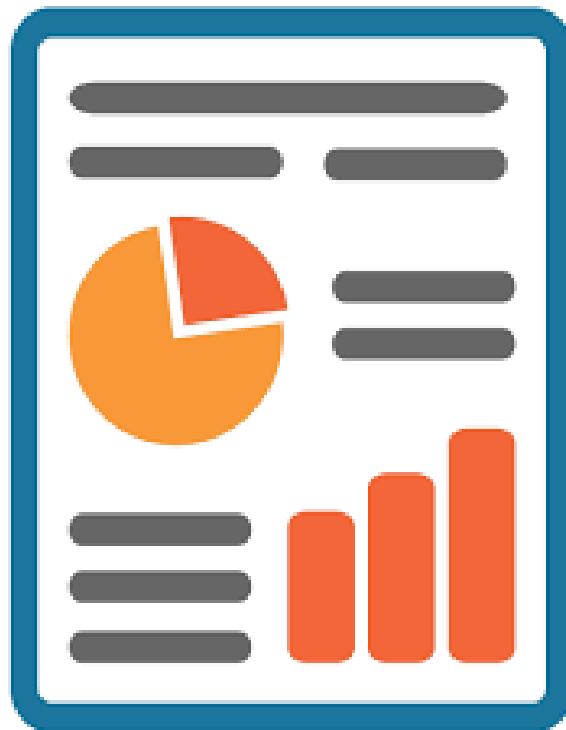

I can't find words to express my thanks and deepest sense of gratitude to **Dr. Sara Mostafa**, Lecturer of Biochemistry, Faculty of pharmacy, Ain Shams University for her precious time, great efforts, insightful comments, continuous guidance and support that helped me to overcome all research problems. I wish her all the success.

I would like also to express my sincere gratitude to **Dr. Reham Ali Abbas El-Shimy**, Assistant Professor of Clinical Pathology, National Cancer Institute, Cairo University for her instructive outstanding supervision, continuous support and beneficial remarks throughout the development of this work.

No words can express my gratitude to my parents **Dr. Nadia shahein** and **Dr. Nabil Abdrabou** who never hesitated in providing opportunities for the progress and success of their children. And also, many thanks to my **sister** and **brother** who never-ending love me and supporting me without which I could not have gone nearly as far as I have so far.

My appreciation is also extended to my **husband** and my lovely daughter **Dan** for their extreme patience and continuous support from the beginning till the end of this work.
