MONA MAGHRABY

Quantitative Stool Culture of Candida in Autism Spectrum Disorder in Cairo, Egypt

Thesis

*Submitted for Partial Fulfillment of Master Degree
in Clinical Pathology*

Presented By

Ghada El Sayed Salem Radwan

M.B.B.Ch.

Banha University

Under Supervision of

Prof. Dr. Malaka Zakaria Amer

Professor of Clinical Pathology

Faculty of Medicine, Ain Shams University

Dr. Rania Mohamed Abd el Halim

Assistant Professor of Clinical Pathology

Faculty of Medicine, Ain Shams University

Dr. Reham Mohamed Elhussieny Abdelbasir

Assistant Professor of Pediatrics

Faculty of Medicine, Ain Shams University

Faculty of Medicine

Ain Shams University

2021

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

قَالَ

سَبَّحَانَكَ لَا إِلَهَ إِلَّا مَا عَلَّمْتَنَا إِنَّكَ أَنْتَ
الْعَلِيمُ الْعَظِيمُ

صدق الله العظيم

سورة البقرة الآية: ٣٢

Acknowledgment

*First and foremost, I feel always indebted to **ALLAH**, the Most Kind and Most Merciful.*

*I'd like to express my respectful thanks and profound gratitude to **Prof. Dr. Malaka Zakaria Amer**, Professor of Clinical Pathology, Faculty of Medicine, Ain Shams University for her keen guidance, kind supervision, valuable advice and continuous encouragement, which made possible the completion of this work.*

*I am also delighted to express my deepest gratitude and thanks to **Dr. Rania Mohamed Abdel Halim**, Assistant Professor of Clinical Pathology, Faculty of Medicine, Ain Shams University, for her kind care, continuous supervision, valuable instructions, constant help and great assistance throughout this work.*

*I am deeply thankful to **Dr. Reham Mohamed Elhussieny Abdelbasir**, Assistant Professor of Pediatrics, Faculty of Medicine, Ain Shams University, for her great help, active participation and guidance.*

I would like to express my hearty thanks to all my family for their support till this work was completed.

Last but not least my sincere thanks and appreciation to all patients participated in this study.

Ghada El Sayed Salem Radwan

List of Contents

Title	Page No.
List of Tables.....	i
List of Figures	ii
List of Abbreviations	iii
Introduction.....	1
Aim of the Work	3
<u>Review of Literature:</u>	
Autism Spectrum disorder	4
Diagnosis of Candidiasis in autistic spectrum disorder	31
Role of the MicrobiOME IN ASD.....	50
Materials and Methods.....	55
Results.....	61
Discussion	73
Summary	78
Conclusion	80
Recommendations.....	81
References.....	82
Arabic Summary.....	

List of Tables

Table No.	Title	Page No.
Table (1):	Morphological features of medically important Candida species on corn meal agar.....	35
Table (2):	Interpretation of Sugar assimilation test of Candida species.....	43
Table (3):	Characteristic color of different Candida species on HiCrome Candida	60
Table (4):	Candida distribution among patient group.....	62
Table (5):	Type of candida spp. among positive cases in patient group	63
Table (6):	Comparison between patient and control group according candida stool count.....	64
Table (7):	Comparison between patient and control groups regarding positive candida spp. distribution	65
Table (8):	Comparison between patients and control groups regarding type of candida species.....	66
Table (9):	Severity of CARS distribution among patient group.....	67
Table (10):	Association between severity of CARS and candida distribution among patients group	68
Table (11):	Association between severity of CARS and candida stool count.....	69
Table (12):	Showing association between severity of CARS and type of candida in patient group.	71

List of Figures

Fig. No.	Title	Page No.
Figure (1):	Showing Candida on Sabouraud dextrose agar	36
Figure (2):	Showing different species of candida on CHRO Magar	37
Figure (3):	Germ tube formation by C.albicans	39
Figure (4):	Morphology chlamydospore formation	40
Figure (5):	Sugar assimilation test	43
Figure (6):	Sabouraud dextrose agar with 15 colonies of isolated Candida with count of 750 CFU/gram feces.	59
Figure (7):	Chromogenic media showing candida species:	60
Figure (8):	Pie chart sex distribution among patient group.....	61
Figure (9):	Type of candida spp. among positive cases in patient group	63
Figure (10):	Comparison between patient and control groups regarding positive candida.	65
Figure (11):	Comparison between studied groups regarding to types of candida species.	66
Figure (12):	Association between severity of CARS and candida distribution among patients group.	68
Figure (13):	Bar chart Association between severity of CARS and candida stool count.....	70
